A haven to which the people can flee should a second phenomenal ram-fall again cause the Twin Rivers to overflow their banks to such an extent that the entire Plain becomes inundated. Living on that Plain, the members of Local 209 stand to benefit from the Project as much as the rest of the people. For them to have, in effect, sabotaged such a noble undertaking is, frankly, beyond my comprehension, unless their motive for doing so can be partially attributed to their unwitting acceptance of the popular interpretation of the Project's purpose..You turn the viewer, racing forward through dappled shade, a brilliance of leaves: there is the glen, and now you see the fox, trotting through the shallows, blossoms of bright water at its feet.."I thought it was a Company project," Ike said, butting in..We Sold Space, POHL & KORKBLUTH.that might as well have been made of Saran Wrap. As a matter of practical fact, however, a mother's womb can only hold so much, and if there are multiple organisms developing, each is sure to be smaller than a single organism. The more organisms that develop, the smaller each one and, in the end, they will be too small to survive after delivery.
