

A STIFF NECKED GENERATION

Hound came in on her heels. "Well," he said, "in the first place, when I got to the city, I go up to the palace, just to hear the news, and what do I see? I see old King Pirate standing on his legs, shouting out orders like he used to do. Standing up! Hasn't stood for years. Shouting orders! And some of em did what he said, and some of em didn't. So I got on out of there, that kind of a situation being dangerous, in a palace. Then I went about to friends of mine and asked where was old Early and had the fleet been to Roke and come back and all. Early, they said, nobody knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me, hm. They know I love him. As for the ships, some had come back, with the men aboard saying they never came to Roke Island, never saw it, sailed right through where the sea charts said was an island, and there was no island. Then there were some men from one of the great galleys. They said when they got close to where the island should be, they came into a fog as thick as wet cloth, and the sea turned thick too, so that the oarsmen could barely push the oars through it, and they were caught in that for a day and a night. When they got out, there wasn't another ship of all the fleet on the sea, and the slaves were near rebelling, so the master brought her home as quick as he could. Another, the old Stormcloud, used to be Losen's own ship, came in while I was there. I talked to some men off her. They said there was nothing but fog and reefs all round where Roke was supposed to be, so they sailed on with seven other ships, south a ways, and met up with a fleet sailing up from Wathort. Maybe the lords there had heard there was a great fleet coming raiding, because they didn't stop to ask questions, but sent wizard's fire at our ships, and came alongside to board them if they could, and the men I talked to said it was a hard fight just to get away from them, and not all did. All this time they had no word from Early, and no weather was worked for them unless they had a bagman of their own aboard. So they came back up the length of the Inmost Sea, said the man from Stormcloud, one straggling after the other like the dogs that lost the dogfight. Now, do you like the news I bring you?" blowing, he saw, high and far above the blue strait and the vaguer blue-brown of the land, the him, gaining him a place to stand, a foothold. In the early darkness of a winter day, a traveler stood at the windswept crossing of two paths, "Of course you do! What does it matter what Tarry thinks? You already play the harp about nine. Maharion died a few years after Erreth-Akbe, having seen no peace established, and much unrest and dissent within his kingdom. It was widely said that since the Ring of Peace was lost there could be no true king of Earthsea. Mortally wounded in battle against the rebel lord Gehis of the Havens, Maharion spoke a prophecy: "He shall inherit my throne who has crossed the dark land living and come to the far shores of the day." "Moo," said his guide, softly, and he saw the dim, small square of yellow light just a little to. "Play the flute," Diamond said promptly, and took out of his pocket the little fife his mother had given him for his twelfth birthday. He put it to his lips, his fingers danced, and he played a sweet, familiar tune from the western coast, "Where My Love Is Going." as it was under the Kings. It was Golden's grandest party yet, with a dancing floor built on the town green down the way from Golden's house, and a tent for the old folks to eat and drink and gossip in, and new clothes for the children, and jugglers and puppeteers, some of them hired and some of them coming by to pick up whatever they could in the way of coppers and free beer. Any festivity drew itinerant entertainers and musicians it was their living, and though uninvited they were welcomed. A tale-singer with a droning voice and a droning bagpipe was singing The Deed of the Dragonlord to a group of people under the big oak on the hilltop. When Tarry's band of harp, fife, viol, and drum took time off for a breather and a swig, a new group hopped up onto the dance floor. "Hey, there's Labby's band!" cried the pretty girl nearest Diamond. "Come on, they're the best!" and their history together into "A Description of Earthsea." Its function is like that of the "I can't stop," she said, and started to walk again. She kept his hand and led him in. He was always a little reluctant to enter the witch's house, a pungent, disorderly place thick with the mysteries of women and witchcraft, very different from his own clean comfortable home, even more different from the cold austerity of the wizard's house. He shivered like a horse as he stood there, too tall for the herb-festooned rafters. He was very highly strung, and worn out, having walked forty miles in sixteen hours without food. Brown Bucca, his favorite, shook herself and said her name a few times. The others said nothing. She began to gasp for breath. In the red light that shone now from the crest of the mountain and door that opened out upon the Knoll was long called Medra's Gate, even after much else had changed. "War?" The Hardic people of the Archipelago live by farming, herding, fishing, trading, and the usual crafts and arts of a nonindustrial society. "I don't know," he said. "Maybe we should not leave Roke." It took him a long time to cross the cavern. He put his bad arm inside his shirt and kept his good hand pressed to his hip joint, which made it a little easier to walk. The walls narrowed gradually to a passage. Here the roof was much lower, just above his head. Water seeped down one wall and gathered in little pools among the rocks underfoot. It was not the marvelous red palace of Tinaral's vision, mystic silvery runes on high branching columns. It was only the earth, only

dirt, rock, water. The air was cool and still. Away from the dripping of the stream it was silent. Outside the gleam of werelight it was dark..Nobody would touch him. It was only a few steps round it to the scar, the seam, still clear enough under the green grasses of summer..away, instead of sinking into the blank misery of all his nights in that room, he stayed awake..,"Well, that won't do," said the stranger pleasantly. "I can't be bringing on a birth untimely. Is there maybe a room above the tavern?".beautifully styled, semitransparent, with .long, delicate arms. Without asking a thing, it passed.I had to smile; it was not a pleasant smile..the Masters and their toadies. And if somehow it succeeded, if he could actually get a woman.rule of the Havnorian Kings..Reluctant, he stepped forward, barefoot and bare-legged; he had rolled up his cloak into his pack an hour ago when the sun came out. Reeds brushed his legs. The mud was soft and sucking under his feet, full of tangling reed-roots. He made no noise as he moved slowly out into the pool, and the circles of ripples from his movement were slight and small. It was shallow for a long way. Then his cautious foot felt no bottom, and he paused..and was dumbstruck. Above the amphitheater-like sunken dial of the stop rose a multistory.known. He saw it with the same uncaring interest with which he saw Tinaral's body and his own."But I can come," she said..signs glowing in the air: LOCAL CIRCUITS. The stranger was in his thirties, with a blunt face and a pleasant look, dressed plain, though the cob that stood behind him was a good horse. "Put me up in the cow barn, mistress, it'll do fine. It's my horse needs a good bed; he's tired. I'll sleep in the barn and be off in the morning. Cows are a pleasure to sleep with on a cold night. I'll be glad to pay you, mistress, if two coppers would suit, and my name's Hawk.".whispered..Quite early on, impatient with wooing her massive physical indifference, he had worked up a charm, a sorcerer's seduction-spell of which he was contemptuous even as he made it, though he knew it was effective. He cast it on her while she was, characteristically, mending a cow's halter. The result had not been the melting eagerness it had produced in girls he had used it on in Havnor and Thwil. Dragonfly had gradually become silent and sullen. She ceased asking her endless questions about Roke and did not answer when he spoke. When he very tentatively approached her, taking her hand, she struck him away with a blow to the head that left him dizzy. He saw her stand up and stride out of the stableyard without a word, the ugly hound she favoured trotting after her. It looked back at him with a grin..The first thing she thought was a king, a lord, Maharion of the songs, tall, straight, beautiful. The next thing she thought was a beggar, a lost man, in dirty clothes, hugging himself with shivering arms..ox, the middle-aged man driving the iron-bladed plough, never a word spoken; as they started home.now here I was flying. This final journey was to end in fifteen minutes..,"Farther."
