That was a trade he wanted no part of. Their ships stank and their town stank. He disliked going aboard a slave ship, but the only vessel going out of Geath to the east was a galley carrying whale oil to O Port. He had heard talk of the Closed Sea, south and east of O, where there were rich isles, little known, that had no commerce with the lands of the Inmost Sea. What he sought might be there. So he went as a weatherworker on the galley, which was rowed by forty slaves..prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom. To Diamond's lips Rose's face was soft as silk, with just a hint of grittiness on one cheek, which she had rubbed with a dirty hand. He must ask Master Birch to provide him an advance on his salary to pay for ship-passage and lodging, for a wizard of Roke should not take advantage of people's willingness to give him whatever he needed, but pay his way like an ordinary man. As Birch agreed with this, he had to give Ivory a purse for his journey. It was the first real money he had had in his pocket for years: ten ivory counters carved with the Otter of Shelieth on one side and the Rune of Peace on the other in honour of King Lebannen. Maybe celibacy isn't as necessary as the Rule of Roke teaches. Maybe it's not a way of keeping the power pure, but of keeping the power to themselves. "If all but us are slaves, what's our freedom worth?". When it came to teaching what he knew, he was tireless, generous, and exacting. For the first time, Medra was given a vision of magic not as a set of strange gifts and reasonless acts, but as an art and a craft, which could be known truly with long study and used rightly after long practice, though even then it would never lose its strangeness. Highdrake's mastery of spells and sorcery was not much greater than his pupil's, but he had clear in his mind the idea of something very much greater, the wholeness of knowledge. He had not lived where women were since he was ten years old. He had been afraid of them, the women that shouted at him to get out of the way in that great other kitchen long ago. But since he had been traveling about in Earthsea he had met women and found them easy to be with, like the animals; they went about their business not paying much attention to him unless he frightened them.
