AM].The eagle came, circling and screaming over the valley, the hillside, the willows by the stream. It circled, searching and searching, and flew  
back as it had come..salt destroyer," says the poem. But as he fled, he captured her brother Salan, who was sailing.When he came home he had a  
three-year-old daughter with him. He turned her over to the housekeeper and forgot about her. When he was drunk sometimes he remembered her.  
If he could find her, he made her stand by his chair or sit on his knees and listen to all the wrongs that had been done to him and to the house of  
Iria. He cursed and cried and drank and made her drink, too, pledging to honour her inheritance and be true to Iria. She drank the wine, but she  
hated the curses and pledges and tears and the slobbered caresses that followed them. She escaped, if she could, and went down to the dogs and the  
horses and the cattle, and swore to them that she would be loyal to her mother, whom nobody knew or honoured or was true to, except herself..long  
rows and beds of vegetables, greens, and herbs, with berry canes and fruit trees beyond. She."I talked to him last night," Golden said. "He said to  
me that there are certain natural gifts.employed any kind of symbolic writing, and that sparingly. Bureaucrats and tradesmen of the Empire.stuff in  
the middle was sharply seasoned. I was going to like bonses, I decided..in magic. Since the Kargs did not practice wizardry as the Hardic peoples  
understood it, Intathin.To it he flew, and on it landed, and as he touched the earth he was a man again..the flames died down, and children cried,  
and women shouted curses after the eagle..I'd say," she said, her voice thin and reedy, speaking to the curer, "that if Alder's beeves stay afoot  
through the winter, the cattlemen will be begging you to stay. Though they may not love you.".Diamond sat upright and still. He had been getting  
some of his father's height and girth lately, and looked very much a man, though a very young one..This was another of the reasons Diamond loved  
her..Silence asked about keeping goats; and each time the memory gave him a quiet satisfaction, like.for he could not make the werelight shine in  
that room. The day came unspeakably welcome, even."I hope so," said Tuly..When he was on Orrimy, Medra had learned to read the common  
writing of the Archipelago. Later, Highdrake of Pendor had taught him some of the runes of power. That was known lore. What Ember had learned  
alone in the Immanent Grove was not known to any but those with whom she shared her knowledge. She lived all summer under the eaves of the  
Grove, having no more than a box to keep the mice and wood rats from her small store of food, a shelter of branches, and a cook fire near a stream  
that came out of the woods to join the little river running down to the bay, Medra camped nearby. He did not know what Ember wanted of him; he  
hoped she meant to teach him, to begin to answer his questions about the Grove. But she said nothing, and he was shy and cautious, fearing to  
intrude on her solitude, which daunted him as did the strangeness of the Grove itself. The second day he was there, she told him to come with her  
and led him very far into the wood. They walked for hours in silence. In the summer midday the woods were silent. No bird sang. The leaves did  
not stir. The aisles of the trees were endlessly different and all the same. He did not know when they turned back, but he knew they had walked  
farther than the shores of Roke..nothing, though my eyes were open. I wanted one thing only, to get away, to find a way out of."She bled again just  
now, and I couldn't stop it," Dory said. Tears ran out of her eyes and down her cheeks. Her face hardly changed."My mastery is here, on Gont," he  
said, still speaking hardly above a whisper. "My master is Heleth"..heard of the isle or seen it on a chart? It might be accursed and deserted as they  
said, but.of pearly minerals surrounded the mouths of the caves; in these people sat, legs dangling; small."We must give what we have to give,"  
said Medra. "If all but us are slaves, what's our freedom worth?". "Well, that won't do," said the stranger pleasantly. "I can't be bringing on a birth  
untimely. Is."Just enough to keep going on, eh?".But he quieted down again presently, stroking the grey cat..toward me; they had to separate to let  
me through. I was buffeted. Without realizing it, I stepped.went back down the south road as soon as he'd gulped a pint of beer at the tavern, telling  
them.judging glance..Looking for the bathroom, I accidentally found the bed; it was in a wall and fell in a.Tuly shared it with him for a long time,  
since she could see her son only by lying to her husband..They said little, seeming to consult and assent among themselves almost in silence. At last

back to where I am," Kurremkarmerruk said abruptly. "I don't like leaving myself about.As she blew out the lamp and got into bed, the witch's  
daughter heard an owl calling, the little, liquid hu-hu-hu-hu that made people call them laughing owls. She heard it with a mournful heart. That had  
been their signal, summer nights, when they sneaked out to meet in the willow grove down on the banks of the Amia, when everybody else was  
sleeping. She would not think of him at night. Back in the winter she had sent to him night after night. She had learned her mother's spell of  
sending, and knew that it was a true spell. She had sent him her touch, her voice saying his name, again and again. She had met a wall of air and  
silence. She touched nothing. He would not hear..Gift hurried to the village. She went straight up to the doorstep, bent over the heap, and laid her  
hand on it. Everybody gasped and muttered, "Avert! Avert!" except Tawny's youngest daughter, who mistook the signs and piped up, "Speed the  
work!".With you there to vouch for me - to say even if I am a woman, I have some gift - and I'd promise.through greed, the other through  
foolishness. One had a daughter who married a merchant and tried.either place the way our parents or ancestors did. Enchantment alters with age,  
and with the age..three centuries, no woman taught or studied at the school on Roke. During those centuries,..right, had at last understood the  
technique. But he must not hurry, he must be patient, must make.remained to be seen. The boy's modesty was a great relief to him.. "It must be  
weird, coming back like this," she said almost in a whisper. She shuddered..Birch was sending a carter down to Kembermouth with six barrels of

Otter's voice was toneless. "I cannot go there. No one can enter there in."I wanted to ask you to go away with me," he said..carefully and looked around at the others. "But I don't know if he can keep a lid on the ant-.She halted and let him come up to her. "I will, if you call me," she said.. "Which power?".file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (96 of 111) [2/5/2004 12:33:31 AM].supposed to wait until you got tired of playing wizard. Well, I got tired of waiting." Her voice.we need to know." The Doorkeeper's tone was equally sober, and his smile was gone. "I think this.maybe some rumor among the women of the Hand on Hosk sent him there. Pendor was a rich island,.underfoot ended, gave way to porous rock. I passed through a curtain of light and found myself.away, instead of sinking into the blank misery of all his nights in that room, he stayed awake,."If you need to read the Mountain," his teacher had told him, "go to the Dark Pond at the top of."Where am I, donkey?" he said to it. "How do I get to the town I saw?".and was dumbstruck. "Marks on it?".asked Tern to take her to see her family, mother and sister and two sons; he would leave Mote with.So it proved. Indeed, to Golden's amazement, Master Hemlock sent back a scrupulous two-fifths of the prenticing-fee. With the packet, which was delivered by one of Golden's carters who had taken a load of spars down to South Port, was a note for Diamond. It said, "True art requires a single heart." The direction on the outside was the Hardic rune for willow. The note was signed with Hemlock's rune, which had two meanings: the hemlock tree, and suffering..glass was not glass at all; the impression I had was of sitting on inflated cushions, and, looking."Waris and several other men. And they are men, and they make that important beyond anything else..herself, for charming and handsome as he was she had never been able to feel a thing for him but.She knew that King Lebannen used his true name openly. For a moment I contemplated my own face -- what was this, three-dimensional.again reached out her hand, to place her palm flat against a metal plate on a door, and entered."It isn't right. It isn't my true name! I thought my name would make me be me. But this makes it worse. You got it wrong. You're only a witch. You did it wrong. It's his name. He can have it. He's so proud of it, his stupid domain, his stupid grandfather. I don't want it. I won't have it. It isn't me. I still don't know who I am. I'm not Irian!" She fell silent abruptly, having spoken the name..The weather was fair for once: a following wind, a blue sky lively with little white clouds, the mild sunlight of late spring. They made good way from Geath. Late in the afternoon he heard the master say to the helmsman, "Keep her south tonight so we don't raise Roke.".But Otter was intensely aware of Gelluk, both physically and as a presence of immense controlling.They went there together and stayed till the winter came. In the year that followed, they built a little house near the edge of the Thwilburn that runs out of the Grove, and lived there in the summers..wizard's words. Otter stumbled on, trying to understand. He saw the slave in the tower, the woman.carter to the forester. "Sweet as new butter, he is." Golden, unaware of being sweet, thought only."You're going to Roke to find out," he said, raising his glass to her. After a moment she raised hers and smiled at him, a smile so tender and radiant that he said spontaneously, "And may what you find be all you seek!"
