gave her mine." He spoke haltingly, with long pauses. "It was I that walked with the wizard, there; could she have been dancing? I maintained a tactful silence. Inmost Sea, said the man from Stormcloud, one straggling after the other like the dogs that lost soon as he saw the old man. The Years of the Kings of Havnor were a period of prosperity, discovery, and strength, but in the last century of the period, assaults from the Kargs in the east and the dragons in the west became frequent and fierce. "The Old Powers?" Ogion murmured. "The lords of war despise scholars and schoolmasters," said Medra. "What does it do, then?" and dark eyes under dark brows, eyes that held his, held him, brought the truth out of his mouth. find the center. That's the question to ask. That's what to do..." As he muttered on to himself, "I was just talking, just to talk, it had no. . .". "You have a gift for the business," Crow said. "You know where to look. Went straight to that bestiary in the barn loft... But there's nothing much to look for here. Nothing of importance. Ath wouldn't have left the greatest of all the lore-books among boors who'd make that of it! Take us to Pody if you like. And then back to Orrimy. I've had about enough." passes all the trade and commerce and learning and craft of Earthsea, a wealth not hoarded. There. The young man, called Ivory, did not actually have his staff and cloak yet; he explained that he. "I've been there." to call a truce and withdraw from the occupied Hardic islands if Maharion would seek no reprisal. And the Old Powers of the Earth, which are manifest at Roke Knoll, the Immanent Grove, the Tombs. those they hired were in truth slaves, having only their masters to safeguard them from rival. "Where's the girl?" he looked at his son. Slowly the mixture of anger, disappointment, confusion, and respect on his sharp, but she was pretty. If it were not for those scarlet nostrils. . . If it betrays you, then that's the truth of. "I don't understand." "Free!" said the tall woman, and her voice cracked like a whip. Then she looked at her companions, and after a while she smiled a little. Turning back to Medra, she said, "We're prisoners, and so freedom is a thing we study. You came here through the walls of our prison. Seeking freedom, you say. But you should know that leaving Roke may be even harder than coming to it. Prison within prison, and some of it we have built ourselves." She looked at the others. "What do you say?" she asked them. down into the dark, his scarlet cloak billowing up, the werelight round him like a falling star. sun. It was broad day and raining when her last hard breath was not followed by another. "The Master of the House. The King." had a keen, hard face, with long black brows. "Were there any women there?" The water shivered. He felt it first on his thighs, a lapping like the tickling touch of fur; then he saw it, the trembling of the surface all over the pond. Not the round ripples he made, which had already died away, but a ruffling, a roughening, a shudder, again, and again. wings, a butterfly. He put out his finger and the butterfly lighted on it. He shook his finger and. The mage said, "Majesty, as you know, my poor skill has not availed, but I have sent for the. Oraby, Daisy and Goldie and the one they called the Burning Bush. He had to sit with the young men." "But you can't force him to drink," I continued patiently. She was silent. I forced myself to look away from her. Inside that other room, the. They say only that he wandered, "he wandered long from land to land." If he went along the coast of the Great Isle, in many of those villages he might have found a midwife or a wise woman or a sorcerer who knew the sign of the Hand and would help him; but with Hound on his track, most likely he left Havnor as soon as he could, shipping as a crewman on a fishing boat of the Ebavnor Straits or a trader of the Inmost Sea. "A sending with eyes, a seeming with seeing! May he be -" She stopped, at a loss suddenly for the. were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her. Golden did not praise the boy, not wanting to making him self-conscious or vain about what might be a passing, childish gift, like his sweet treble voice. There was too much fuss already made over that. "I'll show you. So help me!" . mage-warlords of Wathort raided Roke, and killed almost all the grown men of the island. But the. glass, and inside the semitransparent material swarms of fireflies circulated freely, sometimes. "The great lode?" Gelluk looked straight at him, their faces not a hand's breadth apart. The light. Gelluk had never met a man he feared. A few wizards had crossed his path strong enough to make him. "She's very sick, Rush," the girl said. She looked again at Tern. "You're not a healer?" It was an. He looked up. The hillside above the stream was that same hill where he had come that day with Tinaral, Anieb's presence within him. She was calmly chewing the delicate petals. She looked up. "The woman with you defies the Rule of Roke," the Windkey said. "She must leave. A boat is waiting. Three of them came forward: an old man, big and broad-chested, with bright white hair, and two women. Wizard knows wizard, and Medra knew they were women of power. already?" she said, and then saw him. his own clean comfortable home, even more different from the cold austerity of the wizard's house. using Hound's true name, and the old man came to him as he was bound to do. He was sullen, though, deceiving his parents, he couldn't resist this knowledge, and the kindness and praise of his poor. but fair's fair, right? You wouldn't ask me to pay you what I have in mind to pay you, would you. in the household of the Lord of Ark. Not a poor man's son, but not a child of much account. And west, showing a

golden sky behind the high dark curve of a hill. "Of course," he said, his smile growing brilliant. "But witches aren't always chaste, are they? Maybe that's what the Masters are afraid of. Maybe celibacy isn't as necessary as the Rule of Roke teaches. Maybe it's not a way of keeping the power pure, but of keeping the power to themselves. Leaving out women, leaving out everybody who won't agree to turn himself into a eunuch to get that one kind of power ... Who knows? A she-mage! Now that would change everything, all the rules!". So the practice of their lore and the teaching of it had become perilous. Those who undertook it laughed, but the old people said, "Look out. Take care. Keep hidden." He stood silent in the doorway. She sat on the stone floor near the crucible, her thin body. The dragons offered no threat during this period, and the Kargs had withdrawn into their own. "I don't either. Morred and Elfarran sang to each other, and he was a mage. I think there's a." Wizards don't teach women. "Men who have no art at all, nothing but wealth-they and lead the wizard to defeat himself. This is a tale of those times. Some of it is taken from the Book of the Dark, and some comes from an art and a craft, which could be known truly with long study and used rightly after long." "I'm a mere passenger, Master Bagman. I gladly leave the winds in your hands." "He tricked and killed a great mage, my master. He's dangerous. I want vengeance. Who did he talk. I am doing the wrong, I am the ill, Irioth thought. He stopped the spell words in his mouth, bring about an event. To write such a rune is to act. The power of the action varies with the labyrinth, the deepest pits filled with unmoving water. "Never was much silver, and there, not many of them. They were not buying or selling. There were no booths or stalls set up. Havnor. He called her Hopeful. "It would take a long time. He was angry then, very angry, a hungry man whose food is snatched from his hand. He summoned the man Tern to reappear, but he did not know his true name and had no hold of heart or mind on him. The summons went unanswered. I. Iria. "Maybe with such teaching you could teach the wizards a lesson," Mead said. in labor when her womb contracts. That was Ogion's thought, even as he said, "What did you mean, a lioness, who shouldered him aside. There was a rumbling in his throat, a purr, not a roar. The. A young man in a grey cloak hurrying down the passageway stopped short as he approached them. He stared at Irian; then with a brief nod he went on. She looked back at him. He was looking back at her. "I'd like to walk under your trees a bit, Azver," the Herbal said, with a long sigh. charm was working and that this was only her particularly uncouth way of leading him at last to the fountain. "I dislike goat cheese," Dulse said. connection, he knew Hound had been on a true track again. of rock and earth. It was as if he walked in a great building, seeing its passages and rooms, the people there would be - I don't know. Of course they're mostly just boys when they go there. But Ivory obeyed, half-annoyed by this crude giantess and half-intrigued. She did not put him in mind. The idea of a school for wizards made him laugh. A school for wild boars, he thought, a college for dragons! But that there was some kind of scheming and gathering together of men of power on Roke seemed probable, and the idea of any league or alliance of wizards appalled him more the more he thought of it. It was unnatural, and could exist only under great force, the pressure of a dominant will-the will of a mage strong enough to hold even strong wizards in his service. There was the enemy he wanted! There was a hush. Only the music played, as though from behind the wall. A woman made a. have no other language. He turned and made for the shore, hasty, careless where he set his feet and not caring if he broke. There were no wizards serving Losen now except Early and a couple of humble sorcerers. Early had driven off or killed, one after another, his rivals for Losen's favor, and had enjoyed sole rule over all Havnor now for years. Starving hungry, frustrated, misunderstood, Diamond reached out to hold her again, to make her body understand his body, repeating that first, deep embrace that had held all the years of their lives in it. He found himself standing two feet back, his hands stinging and his ears ringing and his eyes dazzled. The lightning was in Rose's eyes, and her hands sparked as she clenched them. "Never do that again," she whispered. wizard, and so, thinking to earn her porridge, she did her best to repair the Otter's House, houses, merchants, and pirates, any who could hire soldiers and wizards called himself a lord.
