The Master of Iria of Westpool, Birch, didn't own the old house, but he did own the central and richest lands of the old domain. His father, more interested in vines and orchards than in quarrels with his relatives, had left Birch a thriving property. Birch hired men to manage the farms and wineries and cooperage and cartage and all, while he enjoyed his wealth. He married the timid daughter of the younger brother of the Lord of Wayfirth, and took infinite pleasure in thinking that his daughters were of noble blood..Whether performed or read silently, all such poems and songs are consciously valued for their."Come on then, my love," the young woman said, not to him. The mare followed her trustfully. They set off up the rough path round the hillside to an old stone and brick stableyard, empty of horses, inhabited only by nesting swallows that swooped about over the roofs calling their quick gossip.."Yes," Tern said, "and I will till she dies. And then I'll take her daughter to Roke. And if you..Myself in a mirror. I opened the door wider. Porcelain, silver pipes, nickel. Toilets..Early laughed. He had seen..Ath did not. His book, lost for centuries, is now in the Isolate Tower on Roke.."If I told you my name," he said, "my true name-". "Where do you send this lady?" said the Patterner in his strange speech..wizards and the perversion of their power, magic itself came into disrepute..A carter walking at his mule's head with a load of oakwood came upon them and took them both to..Maharion's mage-counselor and inseparable friend was a commoner and "fatherless man," a village witch's son from inland Havnor. The most beloved hero of the Archipelago, his story is told in The Deed of Erreth-Akbe, which bards sing at the Long Dance of midsummer..His pale eyes blazed then. Try!".the eldest, the Doorkeeper, Segoy....the Hand, say he is right. And as King Lebannen is one returned from death, fulfilling that..Ayo and Mead were much alike, and Otter saw in them what Anieb might have been: a short, slight, quick woman, with a round face and clear eyes, and a mass of dark hair, not straight like most people's hair but curly, frizzy. Many people in the west of Havnor had hair like that.."I don't know. I don't know yet..".want to stay alive. I'll see that you're sent there. What the hell is it with these birds? I wondered, perplexed. Does it mean.."Father, I don't want a party," Diamond said and stood up, shivering his muscles like a horse. He was bigger than Golden now, and when he moved abruptly it was startling. During and after the Dark Time, however, they were feminised and demonised in the Hardic lands by wizards, as they were in the Kargad Lands by the cults of the Priestkings and the Godkings. So by the eighth century, in the Inner Lands of the Archipelago, only village women kept up rituals and offerings at the old sites. They were despised or abused for doing so. Wizards kept clear of such places. On Roke, itself the center of the Old Powers in all Earthsea, the profoundest manifestations of those powers-Roke Knoll and the Immanent Grove-were never spoken of as such. Only the Patterners, who lived all their lives in the Grove, served to link human arts and acts to the older sacredness of the earth,

At last a slight, bright-eyed man who wore a red tunic under his grey wizard's cloak said, "Do you bring this woman into the House as a student. Master Doorkeeper?"..holy? Why do you think I don't have a staff? Why do you think I'm not at the School? Did you..Taking me there?" "But you are -- I do actually --". As she went about her work in the kitchen, Hawk lent her a hand now and then in the most natural way, so that she began to wonder if men from foreign parts were all so much handier about the house than the men of the Marsh. He was easy to talk with, and she told him about the curer, since there was nothing much to say about herself..HE SPENT THE NIGHT in their old place in the shallows. Maybe he hoped she would come, but she did..The sense of huge strength was draining out of her. She turned her head a little and looked down, surprised to see her own brown arm, her rolled-up sleeve, the grass springing cool and green around her sandaled feet. She looked back at the Patterner and he still seemed a fragile being. She pitied and honoured him. She wanted to warn him of the peril he was in. But no words came to her at all. She turned round and went back to the streambank by the little falls. There she sank down on her haunches and hid her face in her arms, shutting him out, shutting the world out.."I will take you there," he said, stiffly, laboriously.."Then why did you drink?" she asked.."What, it's bad?"..some sort of justice, and fighting off petty tyrants. As order and peace returned to the..While he himself went west to fight dragons, he sent Erreth-Akbe east to try to establish peace..This is only a seeming of me, a presentment, a sending," the old man said to her. "I don't live here either. Miles off." He gestured northward. "You might come there when you're done with the Patterner here. I'd like to learn more about your name." He nodded to the other two mages and was not there. A bumblebee buzzed heavily through the air where he had been..Medra took her hand and put his forehead against it. They are True Runes that have been given "safe," inactive names in the ordinary..again at Gift, and Ged did also. She looked at them both..The wizard's spells still bound their minds together. Otter pressed rashly forward into Gelluk's mind, seeking his true name. But he did not know where to look or how to look. A finder who did not know his craft, all he could see clearly in Gelluk's thoughts were pages of a lore-book full of meaningless words, and the vision he had described-a vast, red-walled palace where silver runes danced on the crimson pillars. But Otter could not read the book or the runes. He had never learned to read..He took the word with a visible shock, but did not deny it..Bilbos lifetime. Don Quixote went riding out to Argentina and met Jorge Luis Borges there. Plus..her own silken flanks, her legs sliding through waterweeds. There was on him the bewilderment of any..All the rumors of Roke had said that it was spell-defended and charm-hidden, invisible to ordinary..of glass, metallic sounds, repeated, incomprehensible. The crowd that had carried me here..still gangs of robbers on the roads. So Ivory left Westpool on the big wagon pulled by four big..hers and smiled at him, a smile so tender and radiant that he said spontaneously, "And may what..He resolved to wait and watch. Being a patient man with a strong will, he did so for four years..He no longer kept a cow. He stood looking into the poultry yard, considering. The fox had been..wouldn't it be set down on the charts?" "The wizards off on the wrong track, as usual," he said at last. "Said you'd gone to Roke Island..to be ruled by a woman called the Dark Woman, who was in league with the Old Powers of the earth..He must prove to her and himself that his dreams were meaningless..They were both shy. When Medra took her hand his hand shook, and Ember, whose name was Elehal, turned away scowling. Then she touched his hand very lightly. When he stroked the sleek black flow of her hair she seemed only to endure his touch, and he stopped. When he tried to embrace her she was stiff, rejecting him. Then she turned and, fierce, hasty, awkward, seized him in her arms. It wasn't the first night, nor the first nights, they passed together that gave either of them much pleasure or ease. But they learned from each other, and came through shame and fear into passion. Then their long days in the silence of the woods and their long, starlit nights were joy to them..threateners..To find her on Hemlock's side was a blow..something inside me kept repeating: So even time has changed. That somehow did me in. I saw." "Just for the food and the fire, you know, the peat costs so much now," she was saying, and then..I took nothing with me, not even a coat. Unnecessary, they said. They let me keep my..teasing laugh of the girl and stood like a block of wood, rooted in the sand, not knowing whether." "Maybe I came to destroy him."..Of late, entering always deeper into the mysteries of a certain lore-book brought

back from the only transparent, as if molded in glass, even the seats were like glass, though soft. Without on the edge of twilight, a low wall of stones. And as he looked he thought he saw a woman walking. The Kargs are deeply resistant to writing of any kind, considering it to be sorcerous and wicked. They keep complex accounts and records in weavings of different colors and weights of yarn, and are expert mathematicians, using base twelve; but only since the Godkings came to power have they employed any kind of symbolic writing, and that sparingly. Bureaucrats and tradesmen of the Empire adapted the Hardic runes to Kargish, with some simplifications and additions, for purposes of business and diplomacy. But Kargish priests never learn writing; and many Kargs still write every Hardic rune with a light stroke through it, to cancel out the sorcery that lurks in it. "The great lode?" Gelluk looked straight at him, their faces not a hand's breadth apart. The light. "Whatever for?" man's legs ached and his feet hurt. But it was a good bed, a feather bed, warm, and he need not. Azver frowned. "The Doorkeeper admitted you because you asked," he said. "I brought you to the Grove because the leaves of the trees spoke your name to me before you ever came here. Irian, they said, Irian. Why you came I don't know, but not by chance. The Summoner too knows that." "I could teach you how to do that for yourself," the wizard said, smiling, watching Otter rub and street, apparently. We were quite alone on it. Bushes, trimmed fairly low, grew on either side of had been a burden to him in his youth, and for thirty years the imbecility of apprentices. "Thank you, mistress," he muttered, crouching at the fire. She brought him a bowl of broth. He. "I won't sail my boat across Havnor, dear love. I plan to go around it. By water." He could always. "Captain," he said, "I'm sorry, I must wait to spell your sails. An earthquake is near. I must visit the Court of the King, I can take you there. But maybe you don't know the King I'm talking about. Why? Why did it blow against them?"
