

FLOWER FABLES AND FANCIES

The nurse led the way, while the orderly pushed the gurney from behind Barty's head.. "Ordinarily, I'd recommend that you apply hot compresses every two hours to relieve discomfort and to hasten drainage, and I'd send you home with a prescription for an antibiotic." .Designed by Linda Lockowitz Text set in Adobe Jenson First edition ACBGIKJHFDB. Scowling, Joey stared at the floor in puzzlement, shifted his weight from one foot to the other, sighed, turned his attention to the ceiling, and shifted his weight again, for all the world like a trained bear that couldn't quite remember how to perform its next trick.. Almost as an afterthought, as he was leaving, he tucked the brochure for "This Momentous Day" into a jacket pocket. There would be amusement value in hearing a group of cutting-edge young artists analyze Celestina's greeting-card images. Besides, as the Academy of Art College was the premier school of its type on the West Coast, a few of the partygoers might actually know her and be able to give him some valuable background. The party raged in a cavernous loft on the third-and top-floor of a converted industrial building, the communal residence and studio of a group of artists who believed that art, sex, and politics were the three hammers of violent revolution, or something like that.. As the paramedic shoved the gurney across the step-notched bumper, its collapsible legs scissored down. Agnes was rolled headfirst into the ambulance.. The paramedic put aside the needle, having used it, and grabbed the paddles of a. "Naomi--she popped out of my oven twenty years ago, not out of yours," Sheena continued in a fierce whisper. "If anyone's suffering here, it's me, not you. Who're you, anyway? Some guy who's been boinking her for a couple years, that's all you are. I'm her mother. You can never know my pain. And if you don't stand with this family to make these wankers pay up big-time, I'll personally cut your balls off while you're sleeping and feed them to my cat." .. So he calls it the King. If you find him his King, he'll treat you well. He's often here. Come on, I'll show you. Dog can't track till he's had the scent." .Grace and Celestina fell at once into the rhythms of kitchen work, not only brewing the coffee, but also helping Agnes with the pies.. Yet in her heart, she wouldn't relinquish hope for a miracle. This was an amazing boy, a prodigy, a boy who could walk where the rain wasn't, already himself a miracle, and it seemed that anything might happen, that Dr. Chan might suddenly rush into the waiting room, surgical mask dangling from his neck, face aglow, with news of a spontaneous rejection of the cancer.. She expected him to be gone, snatched by an accomplice who had come in the back way while Deed had distracted her at the front door.. Into new avenues of the labyrinth he moved, but then back again, back upon his own trail, twisting, turning, from the occult to modern literature, from history to popular science, and here the occult once more, always the shadow glimpsed so fleetingly and so peripherally that it might have been imagination, the scent of a woman no sooner detected than lost again in the perfumes of aging paper and bindery glue, twisting, turning, until abruptly he stopped, breathing hard, halted by the realization that he hadn't heard the singing in some time.. After just twenty-one days, the boy's adaptation to blindness was amazing but clearly the gathered audience stood in anticipation of something more remarkable than his unhalting progress and unerring sense of direction.. Gazing into the mirror, which ought to have been clouded with self-pity as though with steam, Junior Cain searched for his anger and found it. This was a black and bitter anger, as poisonous as rattlesnake venom; with little difficulty, his heart was distilling it into purest rage.. This ended any hope of romance, and he was disappointed. A less self-controlled man might have seized a nearby bronze vase-fashioned to resemble dinosaur stool-and stuffed her into it or vice versa.. Finally sleeping, he had anxiety dreams of being in a public rest room, overcome by urgent need, only to find that every stall was occupied by someone he had killed, all of them vengefully determined to deny him a chance for dignified relief.. "Why are you here?" "Where else I should be and for why? I watch you over." As the tears cleared from Agnes's eyes, she saw that Maria was sewing. A shopping bag stood to one side of the chair, and to the other side, open on the floor, a case contained spools of thread, needles, a pincushion, a pair of scissors, and other supplies of a seamstress's trade.. In the minister's house, Junior had seen no indications of a sister. No family photos, no high-school graduation portrait proudly framed. Of course, he had not been interested in their family, for he had been all-consumed by Seraphim.. The announcement poster seemed enormous, huge, far bigger than she remembered it, crazily-recklessly large. By its very size, it challenged critics to be cruel, dared the fates to celebrate her triumph by shaking the city to ruin right now, in the quake of the century. She wished Helen Greenbaum had opted, instead, for a few lines of type on an index card, taped to the glass.. Worse, to make credible his anguish and to avoid suspicion, he would have to play the devastated widower for at least another couple weeks, perhaps for as long as a month. As a dedicated follower of the self-improvement advice of Dr. Caesar Zedd, Junior was impatient with those who were ruled by sentimentality and by the expectations of society, and now he was required to pretend to be one of them-and for an interminable period of time.. She stood just inside the front door of the apartment, admiring herself in a full-length mirror, waiting patiently for Celestina, who was packing dolls, coloring books, tablets, and a large collection of crayons into a zippered satchel.. The rich aromas on the air would have thwarted the will of the most devout monks on a fast of penitence.. Junior knew that he must remain vigilant. Vigilant and focused until January 12 had come and gone. Eight days to go.. The problem was Celestina in the Buick, because when she saw what was happening, she might slide behind the steering wheel and speed away. The engine was running, white plumage rising from the tailpipe and feathering away in the fog, so she might escape if she was a quick thinker.. Fortunately, he'd kept neither cash nor his checkbook in the suitcase. With Zedd intact, his losses were tolerable.. "No. Charming," she disagreed. "There's a meaning to it. Everything has a meaning, dear." . "My scar," he confessed, "is inexperience. For a man my age, Agnes, I'm in some ways unbelievably innocent. I wouldn't trade the years with Perri for anything or anyone, but intense as it was, our love didn't include ... Well, I mean, you may find me inadequate." .He was filled with bitter remorse

for having suspected Naomi of poisoning his cheese sandwich or his apricots. She had in fact adored him, as he had always believed. She would never have lifted a hand against him, never. Dear Naomi would have died for him. In fact, she had. With a sigh, Obadiah differed: "Not clever. Crude. Before my hands became these great-knuckled lumps, I could have dazzled you." Angel, on the window seat, wore nothing but white. White sneakers and socks. White pants. White T-shirt. Two white bows in her hair. As if vengeful spirits weren't trouble enough, he had for three years been struggling unwittingly against the terrible power of the minister's curse, black Baptist voodoo that made his life miserable. He knew now why he had been plagued by violent nervous emesis, by epic diarrhea, by hideously disfiguring hives. The failure to find a heart mate, the humiliation with Renee Vivi, the two nasty cases of gonorrhea, the disastrous meditative catatonia, the inability to learn French and German, his loneliness, his emptiness, his thwarted attempts to find and kill the bastard boy born of Phimie's womb: All these things and more, much more, were the hateful consequences of the vicious, vindictive voodoo of that hypocritical Christian. As a highly self-improved, fully evolved, committed man who was comfortable with his raw instincts, Junior should be sailing through life on calm seas, under perpetually sunny skies, with his sails always full of wind, but instead he was constantly cruelly battered and storm-tossed through an unrelenting night, not because of any shortcomings of mind or heart, or character, but because of black magic. "I don't ... don't understand." Blinking sleepily, pretending to be still thickheaded from tranquilizers and whatever other drugs they were dripping into his veins, Junior was pleased by the note of perplexity in his hoarse voice, although he knew that even an Oscar-caliber performance would not win over this critic. On one particular street in Bright Beach, however, the most significant event of the year occurred on a pleasant afternoon in early April, when Barty, now nine years old, climbed to the top of the great oak and perched there in triumph, king of the tree and master of his blindness. He had nothing against men or women of color. Live and let live. One earth, one people. All of that. Perhaps, reluctant to admit to herself that she had yearned for him to do everything that he'd done, she had slowly been inflamed by guilt, until she convinced herself that she had, indeed, been raped. Psychotic little bitch. Agnes rubbed noses with him again, kissed him, and rose from the edge of the bed. Of course, Angel might have been playing around with the talking book. Or, even though she'd left the dolls downstairs, she might have been filling the time until Barty's return by having a nice chat with Miss Pixie and Miss Velveeta. She had other voices, too, for other dolls, and one for a sock puppet named Smelly. Agnes's suspicion that Barty would be a child prodigy had grown from seed to full fruit on the morning of the boy's first birthday, when he'd sat in his highchair, counting green-grape-and-apple pies. Through the following two years, ample proof of high intelligence and wondrous talents ripened Agnes's suspicion into conviction. So much argued against the idea that they could succeed as a couple. In this age when race supposedly didn't matter anymore, it sometimes seemed to matter more year by year. Age mattered, too, and at fifty, he was twenty-six years older than she was, old enough to be her father, as surely her father would quietly but pointedly--and repeatedly!--observe. He was highly educated, with multiple medical degrees, and she had gone to art school. The stump was capped at the end of the internal cuneiform, depriving Junior of everything from the metatarsal to the tip of the toe. He was delighted with this result, because successful reattachment would have been a calamity. From his first birthday to his third, Barty made worthless all the child-care and child-development books that a first-time mother relied on to know what to expect of her offspring, and when Barty grew and coped and learned according to his own clock. Sitting in the client's chair, across the cigarette-scarred desk from Nolly, Junior heard or imagined that he heard the scurry of tiny rodent feet behind him, and something chewing on paper inside a pair of rust-spotted filing cabinets. Repeatedly, he wiped at the back of his neck or reached down to rub a hand over his ankles, convinced that insects were crawling on him. In his masterpiece *The Beauty of Rage: Channel Your Anger and Be a Winner*, Zedd explains that every fully evolved man is able to take anger at one person or thing and instantly redirect it to any new person or thing, using it to achieve dominance, control, or any goal he seeks. Anger should not be an emotion that gradually arises again at each new justifiable cause, but should be held in the heart and nurtured, under control but sustained, so that the full white-hot power of it can be instantly tapped as needed, whether or not there has been provocation. Junior put the money on the desk. "Then get into the records of Family Services." Once in a while, however, he reverted to his roots, to the food that gave him comfort. Thus, the cheeseburger and its decadent accoutrements. Carrying the brochure, Vanadium returned to the bathroom and switched on the overhead light. He stared at the slashed wall, at the name red and ravaged. She curled up in the armchair, watching Barty. She was greedy for the sight of him. She thought she would not doze off, but would spend the night watching over him, yet exhaustion defeated her. The paper towels were spotted with butter. He crumpled them and threw them in the trash. But both the Church and quantum physics contend there is no such thing. Coincidence is the result of mysterious design and meaning--or it's strange order underlying the appearance of chaos. Take your pick. Or, if you choose, feel free to believe that they're one and the same. Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt. Although he related well to the theme of moral relativism and personal autonomy in a value-neutral world, Junior grew apprehensive about each impending scene of violence, and closed his eyes against the prospect of blood. He resented having to endure ninety minutes of the film before Google finally settled into the seat beside him. "Why do they let a man like that keep his badge?" Junior asked. "He's outrageous, wholly unprofessional." "Yes. The dried root of a Brazilian plant, the ipecacuanha. It induces vomiting with great effectiveness. The active ingredient is a powdered white alkaloid called emetine." Barty, at the head of the table, sensed Mary's approach only as she was about to touch him. She put a hand on his arm and said, "Daddy, will you turn your chair away from the table and let me sit on your lap?" The three of them, gathered around her in the quick, held fast to her, as if Death couldn't take what they refused to release. OTTER WAS THE SON of a boatwright who worked in the shipyards of Havnor Great Port. His mother gave him his country

name; she was a farm woman from Endlane village, around northwest of Mount Onn. She had come to the city seeking work, as many came. Decent folk in a decent trade in troubled times, the boatwright and his family were anxious not to come to notice lest they come to grief. And so, when it became clear that the boy had a gift of magery, his father tried to beat it out of him..Evidently, last evening, prior to keeping a dinner date with Victoria, when the taunting detective had illegally entered Junior's house and placed another quarter on the nightstand, he had seen the directory open on the kitchen table. Deducing the meaning of the red check marks, he inserted this card and closed the book: another small assault in the psychological warfare that he'd been waging..As Junior was about to knock again, the door flew inward, and over Sinatra having fun with "When My Sugar Walks Down the Street," Victoria said, "You're early, I didn't hear your car--" She was speaking as she pulled the door open, and she cut herself off in midsentence When she stepped up to the threshold and saw who stood before her..When the subject shifted to card tricks and fortune-telling, Maria admitted to practicing divination with standard playing cards..Junior was reminded of a scene in an old movie, something Naomi wanted to watch, a love story set during the Black Plague: a horse drawn cart rolling through the medieval streets of London or Paris, the driver ringing a hand bell and crying, "Bring out your dead, bring out your dead!" If contemporary San Francisco had provided such a convenient service, he wouldn't have had to toss Neddy Gnathic in the Dumpster in the first place..In San Francisco, Seraphim Aethionema White lies beyond all hope of resuscitation. So beautiful and only sixteen..Then from San Francisco International, through the fog-shrouded streets of the night city, to St. Mary's, to Room 724. And to the discovery that Phimie's blood pressure was so high-210 over 126-that she was in a hypertensive crisis, at risk of a stroke, renal failure, and other life-threatening complications.. "What kept me going these past two and a half years was knowing that I could get my hands on Mr. Cain when I was finally well enough to do something about him..".They were married in September of that year, much later than even Grace White's wager date. As Grace's guess had been closer than her daughter's, however, Celestina paid with a month of kitchen duty..Freed for the moment from the need to be strong for her sleeping Angel or for Wally, Celestina turned to Tom Vanadium, saw in his gray eyes both the sorrow of the world and a hope to match her own, saw in his ruined face the promise of triumph over evil, leaned against him for support, and finally dared to cry..The first was an ace of hearts. This, Maria said, was a very good card, indeed. It meant that Barty would be lucky in love..Junior wanted to kill her. Kill him. Whatever. But he sensed that Renee knew more than a little about dirty fighting and that the outcome of a violent confrontation would not be easy to predict.. "I doubted myself more than God, though Him, too. I had those boys' blood on my hands. They were mine to protect, and I failed..".The phone rang at 3:20 in the afternoon, just after he switched off the radio in disgust. Sitting in the breakfast nook, the Oakland telephone directory open in front of him, he almost said, Find the father, kill the son, instead of, "Hello..".Thrilled to have inspired this awe in her, he closed the book. "Remember what we talked about a long time ago? You asked me how come, if I could walk where the rain wasn't. . .".That happened ten years ago, the first and last time anyone shot at Nolly. The real work of a private eye had nothing in common with the glamorous stuff depicted on television and in books. This was a low-risk profession full of dull routine, as long as you chose your cases wisely--which meant staying away from clients like Enoch Cain..Admitting to the likelihood that he would never again devote himself seriously to his business, Paul sold it to Jim Kessel, long his good right hand and fellow pharmacist..He found the strength to squeeze her hand tighter than before. "Be safe. Keep Angel safe..".In a neatly groomed neighborhood of unassuming houses, Vanadium's place was as unremarkable as those around it: a single-story rectangular box of no discernible architectural style. White aluminum siding with green shutters. An attached two-car garage.. "If he gets back within the next hour, better ring me at his place so I can scoot..".In the refrigerator, he found a stick of butter in a container with clear plastic lid. He took the container to the cutting board beside the sink, to the left of the cooktop, and opened it..With the infant in her arms, the heavysset nurse pressed in beside Celestina, who.Glorying in the cloudless day and the warmer than usual weather, he drove seventy miles north, through phalanxes of evergreens that marched down the steep hills to the scenic coast. All the way, he monitored the traffic in his rearview mirror. No one followed him..The word diarrhea was inadequate to describe this affliction. In spite of the books he'd read to improve his vocabulary, Junior could not think of any word sufficiently descriptive and powerful enough to convey his misery and the hideousness of his ordeal..The glittering room appeared unchanged. Even the piano player seemed to be the man who'd been at the keyboard back then, though his yellow-rose boutonniere and probably his tuxedo, as well, were new..He raised the window in the kitchen and climbed outside, onto the landing of the fire escape. Feeling like a high-roaming cousin to the Phantom of the Opera, bearing the requisite fearsome scars if not the unrequited love for a soprano, Vanadium descended through the foggy night, down two flights of the switchback iron stairs to the kitchen at Cain's apartment..The 9-mm pistol rested in the complementary shoulder holster, under Junior's leather coat. But the sound-suppressor hadn't been attached; it was in one of his coat pockets. The extended barrel, too long to lay comfortably against his left side, would most likely have hung up on the holster when drawn..From the bathroom, Junior gathered an electric razor and toiletries. He added these to the suitcases.. "And in a lot of somewheres," said Barty, "things are worse for us than here. Some somewheres, you died, too, when I was born, so I never met you, either..". "I mean," said Dr. Lipscomb, "that I'm selling my practice and putting an end to my medical career. I wanted you to know..".He swore that he would throw away all memory of this incident, as well. In Caesar Zedd's best-selling *How to Deny the Power of the Past*, the author offers a series of techniques for expunging forever all recollection of those events that cause us psychological damage, pain, or even merely embarrassment. Junior went to bed with his precious copy of this book and a snifter of cognac filled almost to the brim..The car shuddered, wrenched steel screamed, and a cry of triumph rose from the rescuers..THIS IS THE FIRST PAGE of the Book of the Dark, written some six hundred years ago in Berila, on Enlad..The

January air was crisp, fragrant with evergreens and with the faint salty scent of the distant sea. A curiously yellow moon glowered like a malevolent eye, studying him from between ragged ravelings of dirty clouds..Edom, eager to learn precisely when a tidal wave or falling asteroid would bring his doom, fetched a pack of cards from a cabinet in the parlor. When Maria explained that only every third card was read and that a full look at the future required four decks, Edom returned to the parlor to scare up three more..Grace, proving again the aptness of her name, said the one thing most likely, in time, to bring true peace to Celestina. "Remember Bartholomew."Zedd endorses self-pity, but only if you learn to use it as a springboard to anger, because anger-like hatred--can be a healthy emotion when properly channeled. Anger can motivate you to heights of achievement you otherwise would never know, even just the simple furious determination to prove wrong the bastards who mocked you, to rub their faces in the fact of your success. Anger and hatred have driven all great political leaders, from Hider to Stalin to Mao, who wrote their names indelibly across the face of history, and who were--each, in his own way--eaten with self-pity when young..He didn't know what he was looking for. He simply felt empowered to be the one conducting the surveillance for a change..She was lost in his eyes: She wanted to pass through his eyes as Alice had passed through the looking glass, follow the beautiful radiance that was fading now, go with him through the door that had been opened for him and accompany him out of this rain-swept day into grace..Although he harbored no fear of coming under suspicion for the murder of Victoria Bressler, he intended to leave Spruce Hills this very night. No future existed for him in such a sleepy backwater. A wider world awaited, and he had earned the right to enjoy all that it could offer him.."Poker." Keeping his hands high, like a penitent confessing sin at a revival meeting and asking God to wash him clean, Obadiah said, "My specialty was close-up magic. Oh, I pulled a rabbit out of a hat more than once, silk scarves from thin air, doves from silk scarves. But close was my love. Coins, but mostly ... cards."..He spat on his right thumb, scrubbed the thumb against one of the dried drips on the floor, rubbed thumb and forefinger together, and brought the freshened spoor to his nose. He smelled blood.."He came through the surgery well. He'll be in post-op for a while, then brought here to the ICU. His condition's critical, but there are degrees of critical, and I believe we'll be able to upgrade him to serious long before this day is over. He's going to make it.".."Well," Kathleen said, "even if the money wasn't so nice, I'd be sorry to see this case end."..Whereas the lone heart at the center of the rectangular white field inspired amazement and delight in her brothers and in Maria, Agnes reacted to it with dread. She strove to mask her true feelings with a smile as thin as the edge of a playing card..He swept the immediate area with the flashlight, and shadows spun with shadows, waltzing spirits in the ballroom of the night..Sometimes Barty could be fierce in his independence--his mother told him so--and now he rebuffed Angel too sharply. "I don't want to be waited on. I'm not helpless, you know. I can get sodas myself" By the time he reached the doorway, he felt sorry for his tone, and he looked back toward where the window seat must be. "Angel?"..Wally Lipscomb parked in his garage, switched off the engine, and started to get out of the Buick before he saw that Celestina had left her purse in the car..Judging by Grace's expression when Paul plucked the chest off the floor, he figured it was heavy. He had no way of knowing for sure, because he was in a weird state, so saturated with adrenaline that his heart squirted blood through his arteries at a speed Zeus couldn't have matched with the fastest lightning bolts in his quiver. The chest felt no heavier than a pillow, which couldn't be right, even if it was empty..Junior liked women who drank a lot. They were usually amorous or at least unresistant..Leaving the children under the tree, Tom returned to the house to phone the police..Although her hands were shaking and her knees felt as though they might buckle, Agnes lifted two pies off the table..The narrow brick-paved serviceway lay five feet below. The maniac had knocked over trash cans while making his escape, but he wasn't tumbled among the rest of the garbage..Although he found Magusson's face sufficiently disturbing that he avoided looking at it more than necessary, and though Magusson's bulging eyes were so moist with bitterness and with need that they inspired nightmares, Junior shifted his gaze from his half-numb hands to his attorney. "Luck? I lost my wife. And my unborn baby."..To be useful, anger must be channeled, as Zedd explains with unusually poetic prose in *The Beauty of Rage: Channel Your Anger and Be a Winner* Junior's current predicament would only get worse if he had to telephone Roto-Rooter to extract a musician from the plumbing..A s'ance was what it appeared to be at first. Eight people were gathered around the dining-room table, which stood utterly bare. No food, no drinks, no centerpiece. They all exhibited that shiny-faced look of people nervously awaiting the revelations of a spirit medium: part trepidation, part soaring hope..Abruptly alert, sitting up on the edge of the bed, Celestina knew the caller could not be the comatose old woman, so she said angrily, "Who the hell is this?"..Moving out of the doorway, into the bedroom, he said, "What book would that be?"..That saving smile once more returned lost harmony to the scarred and broken face. "Not me. From my perspective, psychology is just one more of those easy sources of false meaning--like sex, money, and drugs. But I will admit to knowing a thing or two about evil."..Into Barty's darkness came light that he had not sought. He saw his smiling Mary on his lap as she lowered her hands from his temples, saw the faces of his family, the table set with Christmas decorations and many candles flickering..Using a false name, claiming that he was an adoptee, Junior made inquiries with several child-placement organizations, as well as with state and federal agencies. He discovered that Wulfstan's story was true: Adoption records were sealed by law for the protection of the birth parents, and getting at them was all but impossible..Swift and yellow, Angel flew to her mother, grabbing at one of the bunched drapes as if she might hide behind it..A sense of mystery overcame Agnes, unnerving but not entirely or even primarily unpleasant.."So entertaining, I felt I should have paid for those seats. When the third machine starts whizzing coins at him, he bolts like a kid running a graveyard at midnight on a dare." Nolly laughed, remembering..In spite of the urgency of his desire, he followed a circuitous route to Victorial's, doubling back on himself twice, watching for surveillance as he drove. If he were being followed, his tail was an invisible man in a ghost car..To the foot of the bed slouched the third and final Hackachak:

twenty-four-year-old Kaitlin, Naomi's big sister. Kaitlin was the unfortunate sister, having inherited her looks from her father and her personality equally from both parents. A peculiar coppery cast enlivened her brown eyes, and in a certain slant of light, her angry glare could flash as red as blood. "He's a wonderful boy, so very bright, so very full of life. Blindness will be hard, but it won't be the end. He'll cope without the light. It'll be so difficult at first, but this boy ... eventually he'll thrive." "You mean it's like with you in the kitchen, but not if you go into the living room? Your cold has a mind of its own?" "New York City, March 25, 1911, the Triangle Shirtwaist factory fire-one hundred forty-six dead." "Then you only have to wait eighteen years," he said, opening the apartment door and stepping aside once more, allowing Celestina to precede him. Reflecting upon her son's clever, diligent, and uncomplaining adaptation to darkness, she wished that she had described to him the dazzling sunset under which they had made their journey home. Although her words might have been inadequate to the spectacle, he would have elaborated on them to create a picture in his mind; with his creative skills, the world that he'd lost with his sight might be remade in equal splendor in his imagination. Through the remainder of his dinner, he was entirely future focused, the past put safely out of mind. Until ...
