

## HELION EMBRACE OF THE KEEPERS BOOK ONE

A supply of ammunition lined the bottom of all the dresser and bureau drawers, concealed by underwear and other garments. Junior appropriated a box of 9-mm. cartridges.. "I doubted myself more than God, though Him, too. I had those boys' blood on my hands. They were mine to protect, and I failed." Easter still lay a few weeks away, but already Celestina had begun decorating more than a hundred baskets, so that nothing would need to be done at the last minute except add the candy. Her living room was a warren of baskets, ribbons, bows, beads, bangles, shredded cellophane in green and purple and yellow and pink, and decorative little plush-toy bunnies and baby chicks.. "Holding fast to the boy's right foot, Jacob observed that one elevator might descend safely but that if they took two, one or the other was certain to crash to the bottom of the shaft, considering the unreliability of all machinery made by man.. The driver shook his head. "I knew everything anyone would need to know about you when I heard you ask your kid what would happen if the stupid boogeyman showed up in her dream." "Forget Barty's tree for a second and imagine that all these many worlds are like stacked slices of Swiss cheese. Through some holes, you can see only the next slice. Through others, you see through two or three or five slices before holes stop overlapping. There are little holes between stacked worlds, too, but they're constantly shifting, changing, second by second. And I can't see them, really, but I have an uncanny feel for them. Watch closely." Edom removed two of the pies from the table and put them on the counter near the ovens.. Paul realized that the kitchen had fallen silent, that the women had turned to the two children and now stood as motionless as figures in a waxworks tableau.. After a while, when no plane crashed on top of him, Jacob got up, went into the kitchen, and mixed a batch of dough for Agnes's favorite treats. Chocolate-chip cookies with coconut and pecans.. the social worker and her family. Husband, wife, daughter, son. The little girl smiled shyly through braces. The boy was impish.. "Good day, sir," Lipscomb said, closing the door in Neddy's face, possibly compressing his nose and bruising his boutonniere.. "-and when I get up off the street, my clothes are a mess, and I've got this face." Because his lacrimal glands and tear ducts were intact, Barty could cry with his plastic eyes. Consequently, it didn't seem all that much more incredible to be seeing with them.. "Wait," said Deed, holding out one hand either beseechingly or to block the door.. Filled with the songs of swallows that evidently preferred these precincts to the more famous address of San Juan Capistrano, this mild March morning was perfect for pie deliveries. Agnes and Grace had produced a bakery's worth of glorious vanilla-almond pies and coffee toffee pies.. Speaking of bosoms, everywhere in the loft were braless girls in sweaters and miniskirts, braless girls in T-shirts and miniskirts, braless girls in silk-lined rawhide vests and jeans, braless girls in tie-dyed sash tops, with bared midriffs, and calypso pants. Lots of guys moved through the crowd, too, but Junior barely noticed them.. "Well, sure," said Mary, "without dying first. That would be the easy way to get there. I'm a Lampion, aren't I? Do we take the easy way, if we can avoid it? Did Daddy take the easiest way up the oak tree?" Extracting documents from his valise, Vinnie said, "Well, I've no right to talk. Food is my obsession. Look at me, so fat you'd think I'd been raised from birth for sacrifice." In the morning, after their first night together, without either of them suggesting what must be done, Barty and Angel went in silence into the backyard and, together, climbed the oak, to watch the sunrise from its highest bower. Three years later, on Easter Sunday in 1986, the fabled bunny brought them a gift: Angel gave birth to Mary. "It's time for a nice ordinary name in this family," she declared.. When the police operator answered, Junior shrieked, "I've been shot! Jesus! Shot! Help me, an ambulance, oooohhhh shit! Hurry!" "It's what?" asked the detective, for with the exception of his teeth, he was not a self-improved individual.. When Victoria failed to answer the door, this man would not simply go away. He had been invited. He was expected. Lights were on in the house. The lack of a response to his knock would be taken as a sign that something was amiss.. As if a door had briefly opened between this windless day and another world, a single gust rattled rain against the windows.. She repeated this ritual eleven more times-- "For Andrew, for James, for John"-- frequently glancing into the nave behind her, to be sure that she was unobserved.. In the living room stood a Christmas tree, and under the tree lay prettily wrapped presents. Junior enjoyed opening all of them, but he didn't find anything he wanted to keep.. In the cab, pulling into traffic, the driver said, "The mister tells me you're the star of the show tonight." The second ring was followed by a click, and then a familiar droning voice said, "Hello. I'm Thomas Vanadium-" For half an hour he studied Barty's eyes with various devices and instruments. Thereafter, he arranged an immediate appointment with an oncologist, as Joshua Nunn had predicted.. "Oh, it certainly is! It certainly is enough! But ... I don't regret much, you know. But I do regret not being here to see why you and Angel have been brought together. I know it'll be something lovely, Barty. Something so fine." From a cutlery drawer, Tom withdrew a knife. The largest and sharpest blade in the small collection.. "If you're a dowser, better dowse," said Licky, coming up alongside him and looking sidelong into his face. "And if you're not, you'd better dowse all the same. That way you'll stay above ground longer." Here, four days past Christmas, after two days of torment, Agnes knew the worst, that her treasured son must go eyeless or die, must choose between blindness or cancer of the brain.. When Renee realized that this rejection was complete and final, she-he, whatever-was transformed from well-sugared southern lady to bitter, venomous reptile. Eyes glittering with fury, lips twisted and skinned back from her teeth, she called him all kinds of bastard, stringing epithets together so effortlessly and colorfully that she enhanced his vocabulary more than had all the home-study courses that he'd ever taken, combined. "And face it, pretty-boy, you knew what I was from the moment you offered to buy me a drink. You knew, and you wanted it, wanted me, and then when we got right down to the nasty, you lost your nerve. Lost your nerve, pretty-boy, but not your need." Sometimes Angel seemed troubled by what she'd been told about her grandfather, and at those moments she appeared downcast, somber. But she was just three, after all, too young to grasp the permanence of death. She would probably not have been

surprised if Harrison White had walked through the door in a little while, during The Man from U.N.C.L.E. or The Lucy Show..Worrying is what mothers do best. Celestina was her mother, as far as Angel was concerned, and the child was not yet of an age to be told, and to understand, that she had been blessed with two mothers: the one who gave birth to her, and the one who raised her..This morning, only his love for his sister, Agnes, gave him the courage to drive and to become the pie man.."Wrong about what, sugarpie smoosh--smoosh?" Celestina asked as Wally pulled to the curb again and parked..Jacob feared what men could do with clubs, knives, guns, bombs, with their bare hands, but he was most preoccupied by the unintended death that humanity brought upon itself with its devices, machines, and structures meant to improve the quality of life..When the subject shifted to card tricks and fortune-telling, Maria admitted to practicing divination with standard playing cards..Fully clothed, she lay atop the bedspread. She intended to listen to a little classical music before brushing her teeth...Her voice grew thinner when she spoke to Angel, but in this new frailty, Barty heard such love that he shook at the power of it. "God's in you, Angel, so strong you shine, and nothing bad at all.".The sign promised topless dancers. Although Junior had been in San Francisco for over a week, he had not yet sampled this avant-garde art form..She said, "Honey, what I'm wondering is ... could you walk where you don't have bad eyes, like you walked where the rain wasn't ... and leave the tumors in that other place? Could you walk where you have good eyes and come back with them?"..He thought he heard the tick-scrape-rattle-clink of Industrial Woman on the prowl. In the living room. Now the hall. Approaching..He heard her explain that the title of the exhibition had been inspired by one of her father's sermons, which aired on a nationally syndicated weekly radio program more than three years ago. This wasn't a religious program, per se, but rather one concerned with a search for meaning in life; it usually broadcast interviews with contemporary philosophers as well as speeches by them, but from time to time featured a clergyman. Her father's sermon received the greatest response from listeners of anything aired on the program in twenty years, and three weeks later, it was rerun by popular demand..Six captain's chairs encircled the big round table, one for everybody, including Agnes, but only Paul and Barty stayed seated..hearts represented either a rival in love or a lover who would betray an enemy who would deeply wound the heart. The knave of diamonds was someone who would cause financial grief. The knave of clubs was someone who would wound with words: one who libeled or slandered, or who assaulted you with mean-spirited and unjust criticism..O foolish writer. Now moves. Even in storytime, dreamtime, once-upon-a time, now isn't then..He had time to think of quite a few, because he drove five miles per hour below the posted speed limit. He couldn't risk being stopped for a traffic violation when Thomas Vanadium, the human stump, was dead and bundled in the back..If the ace of diamonds, in quartet, must be taken seriously, then why not the rest of the draw?..Although Junior felt honor-bound to give Victoria first shot at him, he certainly didn't owe her monogamy. Eventually, when he had shaken off suspicion as finally as he had shaken off Naomi, he would be in the mood for a dessert buffet, romantically speaking, and one éclair would not satisfy..In the spring and summer of '66, he flew to Memphis, Tennessee, stayed a few days, and walked 288 miles to St. Louis. From St. Louis he hiked west 253 miles to Kansas City, Missouri, and then southwest to Wichita. From Wichita to Oklahoma City. From Oklahoma City east to Fort Smith, Arkansas, from whence he rode home to Bright Beach on a series of Greyhound buses..Though they had expected the cause of the explosion, both Paul and Harrison were halted by shock at the sight of all this ruination. They had expected to find the car jammed into the wall of the house, never this far inside. The speed required to penetrate this distance into the structure beggared Paul's skills of calculation and made him wonder if even recklessness and alcohol were sufficient to produce, such a catastrophe..Unable to run, he raised his arms defensively, crossing them in front of his face, though the impact of the coins wasn't painful. Volleys flicked off his fingers, palms, and wrists..In the distance, the clang of a trolley-car bell. Hard and clear in spite of the muffling fog..This declaration was received seriously by Edom and Jacob, as if the devil often strolled the streets of Bright Beach and from time had been known to snatch little babies from their mothers' and eat them with mustard..Junior gave the Raisinets to him, and Google left the theater with his candy and his cash..Needlepoint, meditation, and even sex had not recently provided him with significant relief of tension. The paintings of Sklent and the works of Zedd were packed in the van, where he couldn't at the moment take solace from them..The singular beauty of San Francisco and the exquisite patina of its colorful history spoke to her heart and kindled in her such an unreasonable passion that she sometimes wondered, at least half seriously, if she had spent other lives here. Often, streets were wondrously familiar to her the first time that she set foot on them. Certain great houses, dating from the late 1800s and early 1900s, inspired her to imagine elegant parties thrown..Agnes winced. Already, another contraction. Mild but so soon after the last. She clasped her hands around her immense belly and took slow, deep breaths until the pain passed..As the unwanted change pinged against the concrete at his feet, Junior-snap, snap-saw the source of the next two rounds. They spat out of the vertical pay slot on a newspaper-vending machine; one hit his nose, and the other rang off his teeth..Prudence required that they strategize as though Enoch Cain were Satan himself, as though every fly and beetle and rat provided eyes and ears for the killer, as though ordinary precautions could never foil him.."WOULD YOU LIKE TO BE MY BOYFRIEND?" asked Miss Velveeta, who had thus far shown no romantic inclinations..Action. just concentrate on action and ignore the disgusting aftermath. Remember the runaway train and the bus full of nuns stuck on the tracks. Stay with the train, don't go back to look at the smashed nuns, just keep moving forward, and everything will be all right..This was a test of Junior's gullibility, and he would not give Vanadium the satisfaction of searching his robe for the coin..The revolving beacons dwindled, casting off blue-and-red pulses of light that shimmered-swooped through the diffusing fog, as if they were disembodied spirits seeking someone to possess..Stepping forward lightly, lightly, as he swung the candlestick, Junior saw the dinner guest stiffen, perhaps sensing danger or at least movement, but it was too late. The guy didn't even have time to turn his head or duck..of drool. Her eyes rolled, wild with fear, and seemed

not to be focused on anything. Junior glimpsed Vanadium first in profile-and then, as the cop rode down and away, only the back of his head. He hadn't seen this man in almost three years, yet he was instantly certain that this was no coincidental look-alike. Here went the filthy-scabby-monkey spirit itself..So. Two monks they were: one in the service of everlasting light, the other in the service of eternal darkness..The window didn't face the street. It overlooked a five-foot-wide passageway between this house and the next. The police might not spot him leaving..She could have gone at him with the chair once more, but it was falling apart. Instead, she abandoned furniture for the promise of a firearm, dropped to her knees, and snatched the discarded pistol magazine off the floor..All right, yes, it had tiny hands and tiny feet, rather than hooked talons and cloven..you greater strength and determination than any other motive. But you should know this much.... You need to keep her safe for another reason. She's special. I don't want to explain why she's special or how I know that she is, because this isn't the time or place, not with your dad's death and Wally in the hospital and you still shaky from the attack..When she tried to say bow, the how of speech eluded her, and she sat as mute as if no words had ever passed her lips before..Licky took him down into the mines to show him the gangues, the kinds of earth the ore was likely to occur in. A few miners were working at the end of a long level..ANGEL WAS DRESSED in as much red as the devil himself: bright red shoes, red socks, red leggings, red skirt, red sweater, and a knee length red coat with a red hood..Although the Rolex was expensive, Junior cared nothing about the monetary loss. He could afford to buy an armful of Rolexes, and wear them from wrist to shoulder.. "Why do you think he's spending his money for all this tricky stuff?" Kathleen wondered, not for the first time.. "Because He didn't want you to be a dog." She finished tying a bow in the drawstrings. "There. You look just like an M&M." He knew that he needed to get a grip on himself. But he could not keep his breathing slow and deep, couldn't remember any of Zedd's other foolproof methods of self-control, couldn't recall a single useful meditative technique..Fortunately, he'd kept neither cash nor his checkbook in the suitcase. With Zedd intact, his losses were tolerable..Many police agencies required an officer to carry a firearm even when off duty. If the Oregon State Police had no such rule, Vanadium most likely carried one anyway, because in his crazy-as-a-snake mind.. "You didn't at all," Dr. Salk assured him. "I need to talk to you. If you would give me a little of your time..." Junior glanced over his shoulder even as Celestina turned and fled. He caught only a glimpse of her disappearing into the inner hallway.. "A ship without an anchor can never be at rest," he answered. "It's at the mercy of the sea." He tugged on a pair of thin latex surgical gloves. Flexed his hands. All right.. "You'll do better away from the ships, all the fighting and raiding. The King's working the old mines at Samory, round the mountain. There you'd be out of his way. Work for him you must, if you want to stay alive. I'll see that you're sent there. If you'll go." This was the same woman who had been stripping the second bed when Celestina arrived earlier. Now she was here to remake the first..The city was less than seven miles on a side, only forty-six square miles, but Junior was nevertheless faced with a daunting task. Hundreds of thousands of people resided within the city limits..Although the piano was at some distance and the restaurant was a little noisy, Kathleen recognized the tune at once. She looked up from her veal, her eyes full of merriment..almost recoiled in disgust. She held the newborn so that its mother could look into..The hospital was drowned in the bottomless silence that fills places of human habitation only in the few hours before dawn, when the needs and hungers' and fears of one day are forgotten and those of the next are..Barty never cried. In the hospital neonatal unit, he'd been a marvel to the nurses, because when the other newborns were squalling in chorus, Barty had been unfailingly serene..From the plush pillowy shadows of the bed, Barty said, "Oh, look. Christmas lights." Junior shuddered. Vanadium hadn't invented the name. It had genuine if inexplicable resonance with Junior that had nothing to do with the detective..Chicane wasn't alone. Sparky Vox, the building superintendent, approached behind him and hovered. Seventy-two yet as spry as a monkey, Sparky didn't walk so much as scamper like a capuchin..They were in the eastern hills, a mile from Jolene and Bill Klefton's place, where ten days ago, Edom had delivered blueberry pie along with the grisly details of the Tokyo-Yokohama quake of 1923..obsessed with humanity's sorry penchant for destroying itself either by intention or ineptitude--491 suffocated and burned alive on an evening meant for champagne and revelry.. "Really, Angel," Barty said with genuine concern, "it might be scary. I got another one we could listen to, if you want." Agnes drew him into her arms and lifted him off the desk and embraced him tightly, with his head on her shoulder and his face nestled against her neck, as she'd held him when he was a baby..yunh," so she nodded as vigorously as she was able to do, and tightened her grip on Celestina's hand..If this insurance payoff was not mere coincidence, if it was the wealth that had been foretold, then how far behind the fortune did the knave travel? Years? Months? Days?.The sole male guest in whom he took an interest-a big interest was Sklent, the one-name painter whose three canvases were the only art on the walls of Junior's apartment..evening. She brought her daughters, seven-year-old Bonita and six year-old Francesca, who came with their newest Barbie dolls-Color Magic Barbie, the Barbie Beautiful Blues Gift Set, Barbie's friends..By the time he put his suitcase and three boxes of books--the collected works of Zedd and selections from the Book-of-the-Month Club-in the Suburban, Junior had rushed twice more to the bathroom. His legs were shaky, and he felt hollow, frail, as if he'd lost more than was apparent, as if the essential substance of himself was gone..Junior must have shouted shut up more than he realized, because the neighbors began to pound on the wall to silence him..EARTHSEA..In southern California, Agnes Lampion dreams of her newborn son. In Oregon, Junior Cain fearfully speaks a name in his sleep, and Detective Vanadium, waiting to tell the suspect about his dead wife's diary, leans forward in his chair to listen, while ceaselessly-turning a quarter across the thick knuckles of his right hand..Having used his body as a clapper in the bell of the Dumpster, Junior had struck a loud reverberant note that tolled like a poorly cast cathedral bell, echoing solemnly off the walls of the flanking buildings, back and forth through the fogbound night..Junior realized that killing Renee this very night would be an unthinkable waste. Instead, he could marry her first, enjoy her for a

while, and eventually arrange an accident or suicide that left him with all-or at least a significant portion of her assets..To her mother, Celestina said, "What did you mean when you said you'd heard all about Barty here?".a deeply troubled John Wayne while the delightful David Niven floated along overhead in a basket suspended from a huge, colorful hot-air balloon..More likely than not, he would cross Bartholomew's path when he least expected, not as a consequence of his searching, but in the normal course of a lay. If that happened, he must be prepared to eliminate the threat immediately, by any means available to him..Since he knew where Celestina would be on January 12, there was no point in taking risks to find her sooner. He had plenty of time to prepare for their encounter, time to savor the sweet anticipation..Using the straight edge of a ruler to guide his eye down each column, Junior searched for Bartholomew, ignoring surnames. He had already checked to see if anyone in the county had Bartholomew for a last name; no one in this directory did..Besides, being a future-focused guy who believed that the past was a burden best shed, he never made an effort to nurture memories. Sentimental wallowing in nostalgia had none of the appeal for him that it had for most people..Junior was free of superstition. He believed in neither gods nor demons, nor in anything between..For a while, Junior profited enormously from Tammy's investment advice, and the sex was great. As a thank-you for the hefty trading commissions she earned-and not incidentally for all the orgasms-Tammy gave him a Rolex. He didn't mind her four cats, didn't even care when the four grew to six, then to eight..Focus. Get Ichabod all the way inside. Act now, think later. No, no, proper focus requires an understanding of the need to ize: scrutinize, analyze, and prioritize. Get the bitch, get the bitch! Slow deep breaths. Channel the beautiful rage. A fully evolved man is self-controlled and calm. Move, move, move!.Because they were smaller than men and could move more easily in narrow places, or because they were at home with the earth, or most likely because it was the custom, women had always worked the mines of Earthsea. These miners were free women, not slaves like the workers in the roaster tower. Gelluk had made him foreman over the miners, Licky said, but he did no work in the mine; the miners forbade it, earnestly believing it was the worst of bad luck for a man to pick up a shovel or shore a timber. "Suits me," Licky said..Jacob's mentor had been a man named Obadiah Sepharad. They had met when Jacob was eighteen, during a period when he'd been committed to a psychiatric ward for a short time, his eccentricity having been briefly mistaken for something worse..Summary: Explores further the magical world of Earthsea through five tales of events which occur before or after the time of the original novels, as well as an essay on the people, languages, history and magic of the place..He got in the Suburban, pulled the door shut, but didn't at once start the engine.. "Not that trains are any better. Look at the Bakersfield crash back in '60. Santa Fe Chief, out of San Francisco, smashed into an oil-tank truck. Seventeen people crushed, burned in a river of fire."..So smoothly did the waiter move, that three martinis on a corklined mahogany tray seemed to float across the room in front of him and then hover beside their table while he served the cocktails to the lady first, the guest second, and the host third..She found the switch and clicked off the lamp again. "Good-night, young prince.".. "Well, Uncle Jacob doesn't understand kids. Anyway, this is pretty good stuff."..On this occasion, however, he couldn't have focused on a book even if he'd had the strength to hold it. The fierce paroxysms that clenched his guts also destroyed his ability to concentrate..Teasing out the card, EDOM saw that it was an ace of diamonds-remarkable in light of Maria Gonzalezs fortune'-telling session last Friday evening. He was more astonished, however, by the name printed in black ink diagonally across the face of the card: BARTHOLOMEW..Not that he failed to perform well. As always, he was a bull, a stallion, an insatiable satyr. None of his lovers complained; none had the energy for complaint when he'd finished with them..The moment that the roof of the car vanished beneath the water, Junior hurried away, retracing on foot the route he had driven. He didn't have to go all the way back to Vanadium's place, only to the dark house where he'd left Victoria Bressler. He had a date with a dead woman..Although not quite as young as Bavol Poriferan, this artist was equally adored by critics and widely regarded as a genius. He went by a single and mysterious name, Sklent, and in the publicity photo of him that was posted in the gallery, he looked dangerous..The 9-mm pistol rested in the complementary shoulder holster, under Junior's leather coat. But the sound-suppressor hadn't been attached; it was in one of his coat pockets. The extended barrel, too long to lay comfortably against his left side, would most likely have hung up on the holster when drawn..Junior hoped that he hadn't been betrayed by eyeshine in the fraction of a second before he closed his eyes to slits..When she looked up from Barty, she saw the attorney with his hands full of documents. "Surprise? I know what's in Joey's will.".. "Nevertheless, even if Muffin assaulted you, she's otherwise such a sweet little thing. What would Maria think of you if you told her you'd smashed poor Muffin with a shovel?"..In the kitchen were a radio, a toaster, a coffeepot, two place settings of cheap flatware, a small mismatched collection of thrift-shop plates and bowls and mugs, and a freezer full of TV dinners and English muffins.. "Maybe he's a character I saw in a movie or read in a novel. I'm a member of the Book-of-the-Month Club. I'm always reading one thing or another. I don't remember a character named B-Bartholomew, but maybe I read the book years ago."..Thanks to his intelligence and his personality, Barty's presence was so great for his age that Agnes tended to think of him as being physically larger and stronger than he actually was. As the scent of grass grew more complex and even more appealing, she saw her son more clearly than she'd seen him in a while: quite small, fatherless yet brave, burdened with a gift that was a blessing but that also made a normal boyhood impossible, forced to grow up at a up faster pace than any child should be required to endure. Barty was achingly delicate, so vulnerable that when Agnes looked at him, she felt a little of the awful sense of helplessness that burdened EDOM and Jacob..Paul watched as Barty hopped down from his chair and crossed the busy kitchen in a straight line to the wall phone, without one hesitant move..As if vengeful spirits weren't trouble enough, he had for three years been struggling unwittingly against the terrible power of the minister's curse, black Baptist voodoo that made his life miserable. He knew now why he had been plagued by violent nervous emesis, by epic diarrhea, by hideously disfiguring hives. The failure to find a heart mate, the humiliation with

Renee Vivi, the two nasty cases of gonorrhoea, the disastrous meditative catatonia, the inability to learn French and German, his loneliness, his emptiness, his thwarted attempts to find and kill the bastard boy born of Phimie's womb: All these things and more, much more, were the hateful consequences of the vicious, vindictive voodoo of that hypocritical Christian. As a highly self-improved, fully evolved, committed man who was comfortable with his raw instincts, Junior should be sailing through life on calm seas, under perpetually sunny skies, with his sails always full of wind, but instead he was constantly cruelly battered and storm-tossed through an unrelenting night, not because of any shortcomings of mind or heart, or character, but because of black magic.
