He said her name. She gave him sleep..pure stand like the Big Grove, the heart of his chestnut kingdom. In time, of course. Oak and."What do you think?".Tern left late that year on his journey. He had with him a boy of fifteen, Mote, a promising.His dreams of her were never of her yielding to him, but of himself yielding to a fierce,.He had turned up on Dulse's doorstep a few years ago. Well, no, twenty years ago it must be, or twenty-five. A while ago now. He had been truly a boy then, long-legged, rough-haired, soft-faced, with a set mouth and clear eyes. "What do you want?" the wizard had asked, knowing what he wanted, what they all wanted, and keeping his eyes from those clear eyes. He was a good teacher, the best on Gont, he knew that. But he was tired of teaching, and didn't want another prentice underfoot, and sensed danger..she could not take in the names of the masteries, except that the Master Herbal was the one she.life. "You're tough," he said. "Here, wake up. Come on. Otter, wake up.".He helped her stand. He made no spell to protect or hide them. His strength had been used up. And.the sunshine of morning with his arms in the air..But as he went back up the streets of South Port he lost her. He swore to keep her with him, to.of his plans, an extension of himself. "Yes, yes, you will," he said, and smiled again..So they talked, that long winter, and others talked with them. Slowly their talk turned from vision to intention, from longing to planning. Veil was always cautious, warning of dangers. White-haired Dune was so eager that Ember said he wanted to start teaching sorcery to every child in Thwil. Once Ember had come to believe that Roke's freedom lay in offering others freedom, she set her whole mind on how the women of the Hand might grow strong again. But her mind, formed by her long solitudes among the trees, always sought form and clarity, and she said, "How can we teach our art when we don't know what it is?".the darkness remained. Once it lightened a little into a twilight in which he could dimly see. He.Azver nodded, in silence.."Do you know his name?".He had lost something and had to find it. And in our council we set."Why didn't you come to me first?" Dulse had demanded. "And then Roke, to put a polish on it?".their camping place he saw the four stars of the Forge come out above the western hills.."But after the Summoner and I got over the bruises on our souls, as you might say, and the great stupidity of mind that follows such a struggle, we began to think that it wasn't a good thing to have a man of very great power, a mage, wandering about Earthsea not in his right mind, and maybe full of shame and rage and vengefulness..He did as he often did, made a little design out of whatever lay to hand: on the bit of sand on the riverbank in front of him he set a leaf-stem, a grassblade, and several pebbles. He studied them and rearranged them. "Now I must speak of harm," he said..She turned away from him and them and went on up the hill in the gathering darkness. As she went farther from them they saw her then, all of them, the great gold-mailed flanks, the spiked, coiling tail, the talons, and the breath that was bright fire. On the crest of the Knoll she paused a while, her long head turning to look slowly round the Isle of Roke, gazing longest at the Grove, only a blur of darkness in darkness now. Then with a rattle like the shaking of sheets of brass the wide, vaned wings opened and the dragon sprang up into the air, circled Roke Knoll once, and flew.."Is it a long way from where you live, sir?" she asked.."Women can live chaste as well as men can," Dragonfly said bluntly. Perceiving the Hand as a threat to their hegemony, the mage-warlords of Wathort raided Roke, and killed almost all the grown men of the island. But the Hand had already stretched out to other islands all around the Inmost Sea. As the Women of the Hand, the community survived for centuries, maintaining a tenuous but vigorous network of information, communication, protection, and teaching..teachers. "It'll stop by midday," the wizard told the chickens. He fed them and squelched back to the house with three warm eggs. When he was a child he had liked to walk in mud. He remembered enjoying the cool of it rising between his toes. He still like to go barefoot, but no longer enjoyed mud; it was sticky stuff, and he disliked stooping to clean his feet before going into the house. When he'd had a dirt floor it hadn't mattered, but now he had a wooden floor, like a lord or a merchant or an archmage. To keep the cold and damp out of his bones. Not his own notion. Silence had come up from Gont Port, last spring, to lay a floor in the old house. They had had one of their arguments about it. He should have known better, after all this time, than to argue with Silence..the Archipelago-perhaps to avenge the Firelord. These fiery flights caused great terror, and."Nais. How old are you?" He knew that, knew it absolutely, though still he tried to say spells, and raised his arms in the incantation, and beat the air in fury. Then he looked eastward, straining his eyes for the flashing beat of the galley oars, for the sails of his ships coming to punish these people and save him..He glanced at her. "He was only a child, and the wizards of that household can't have been wise men, for they used little wisdom or gentleness with him. Maybe they were afraid of him. They bound his hands and gagged his mouth to keep him from making spells. They locked him in a cellar room, a room of stone, until they thought him tamed. Then they sent him away to live at the stables of the great farm, for he had a hand with animals, and was quieter when he was with the horses. But he quarreled with a stable boy, and turned the poor lad into a lump of dung. When the wizards had got the stable boy back into his own shape, they tied up the child again, and gagged his mouth, and put him on a ship for Roke. They thought maybe the Masters there could tame him."..That truly floored her. For the first time she looked at me as if I were a creature from.Since the coronation of King Lebannen and the restoration of the High Courts and Councils in Havnor Great Port, Roke has remained without an archmage. It appears that this office, not originally part of the governance of the school or of the Archipelago, is no longer useful or appropriate, and that Ged, whom many call the greatest of the arch-mages, may have been the last..he flinched away from the thought of asking her, asking a witch's opinion on anything, least of.not natural. With short, unsteady steps she ran to the water; when her body was reflected in it, she.length of his hand, and as it leapt it cried out in a small, clear voice, in that same language,,him. "If you have some interest in this woman, Doorkeeper, it should be pursued outside these walls - outside the door you vowed to keep. She has no place here nor ever will. She can bring only confusion, dissension, and further weakness among us. I will speak no longer and say nothing else in her presence. The only answer to conscious error is silence."..next morning Golden told his son again that he must think about being a man..Roke Knoll off to the right. "Honestly, I feel like hiding underground. I always thought Father was going to make me learn all his kind of stuff, after I got my name. But all this year he's kept sort of holding off. I guess he had this in mind all along. But what if I go down there and I'm not any better at being a wizard than I am at bookkeeping? Why can't I do what I know I can do?"..incalculable. A few human beings with a powerful gift of magic, or through the ancient kinship of humans and dragons, know some words of the Old Speech innately. But the

very great majority of people must learn the Old Speech. Hardic practitioners of the art magic learn it from their teachers. Sorcerers and witches learn a few words of it; wizards learn many, and some come to speak it almost as fluently as the dragons do..Young King or The Deed of Morred..apart. The patrol caught them only because it had a weatherworker of its own aboard, who raised a wave to swamp the stolen boat. Taken back to Omer, one of the boys broke down and blubbered about joining the Hand. Hearing that word, the men told them they would be tortured and burned, at which the boy cried that if they spared him he would tell them all about the Hand, and Roke, and the great mages of Roke.
