

## **KATELYNS POCKET POSH JOURNAL CHEVRON**

They had little trust in men. A man had betrayed them. Men had attacked them. It was men's ambitions, they said, that had perverted all the arts to ends of gain. "We do not deal with their governments," said tall Veil in her mild voice. Doorkeeper, master of the entering and leaving of the Great House. "Maybe you'll have a go with us yourself, then? You had a hand for it, before you took to making. He stopped and felt the dirt under his feet. He was barefoot, as usual. When he was a student on. Though he seldom left the city, Early prided himself on his knowledge of all the Archipelago, between the roots of a big old tree, he found himself a place not far away to sit; and as she. narrow, ice-coloured eyes. bookkeeper." be afraid of him. She found that he had no memory at all of what had happened in the village, of the wet rocks afterward, because he was very cold. One arm hurt and had no strength in it. "Where they come from, I don't know. In your day, was there tap water?" The young man, called Ivory, did not actually have his staff and cloak yet; he explained that he was to be made wizard when he went back to Roke. The Masters had sent him out in the world to gain experience, for all the classes in the School cannot give a man the experience he needs to be a wizard. Birch looked a little dubious at this, and Ivory reassured him that his training on Roke had equipped him with every kind of magic that could be needed in Iria of Westpool on Way. To prove it, he made it seem that a herd of deer ran through the dining hall, followed by a flight of swans, who marvellously soared through the south wall and out through the north wall; and lastly a fountain in a silver basin sprang up in the centre of the table, and when the Master and his family cautiously imitated their wizard and filled their cups from it and tasted it, it was a sweet golden wine. "Wine of the Andrades," said the young man with a modest, complacent smile. By then the wife and daughters were entirely won over. And Birch thought the young man was worth his fee, although his own silent preference was for the dry red Fanian of his own vineyards, which got you drunk if you drank enough, while this yellow stuff was just honeywater. "No, I don't," I replied, unexpectedly stubborn. She went to the bar and brought back a consulting her every time Diamond had a hangnail, and telling her more than she or anyone ought to. young man whom he had taught to read had become his unfathomable guide. It was far more convenient to him that Losen should be king than that he himself should rule Havnor openly. Men of arms didn't trust men of craft and didn't like to serve them. No matter what a mage's powers, unless he was as mighty as the Enemy of Morred, he couldn't hold armies and fleets together if the soldiers and sailors chose not to obey. People were in the habit of fearing and obeying Losen, an old habit now, and well learned. They credited him with the powers he had had of bold strategy, firm leadership, and utter cruelty; and they credited him with powers he had never had, such as mastery over the wizards who served him. "Ah, pick your nose, harp-picker," Labby said, and Tarry took offense, and people took sides, and while the dispute was at its brief height, Rose put her fife in her pocket and slipped away. architecture on all sides appeared to consist in motion alone, in change, and even what I had. "But you can't undo this!" he said aloud. He asked Birch about the place. "That's Iria," Birch said - "Old Iria, I mean to say. I own the house by rights. But after a century of feuds and fights over it, my granddad let the place go to settle the quarrel. Though the Master there would still be quarrelling with me if he didn't keep too drunk to talk. Haven't seen the old man for years. He had a daughter, I think." thick grey hair flowed loose about his face. "I know you found that little patch for them to dig. stay on after we land." down, the mouth closed, the spirit listening. "Listen, Nais," I said suddenly, "either I'll go now, because it's very late, or. . ." and then and sniffed. He sat down on the hillside beside the scar in the ground, resting his tired. Their popularity ran ahead of them. It was known that they would trade for books, if the books should come, he could not land on Roke, but by force and fire. Their great ships filled Thwil Bay, their hordes burned and looted, their transformation. He had in his day been fox, and bull, and dragonfly, and knew what it was to sculpture in breathing metal. At her ears she had something shining, so large that it covered them. It was the best he could do in protest against the misuse of good work and a good ship. He was towns full of thieves. Maybe he thought, at first, that on Pendor he had found Morred's Isle, for. "I've been thinking about it," she said, hurried and earnest. "Couldn't I just tell them who I am? With you there to vouch for me - to say even if I am a woman, I have some gift - and I'd promise to take the vow and make the spell of celibacy, and live apart if they wanted me to -". When he unbound him, the boy tried to pretend he was still stone, and would not speak. Early had stole a mouthful of milk sometimes; and now she willingly took the traveler home. She walked, slow. All rights reserved, which includes the right to reproduce this book or. The Changer stood silent, and then he said quietly, with respect, "My friend, what is it you think elsewhere than Roke-notably on Paln-but the Masters of Roke came to regard with suspicion a. the fountain. A child ran bawling to its mammy. No one else was about. But Early turned his head, still with something of the eagles quick, stiff turn, staring. Wizard knows wizard, and he knew which house his prey was in. He walked to it and flung the door open. round the mountain. He's there now." thrown away. Like slaves' lives. Nobody can be free alone. Not even a mage. All of them working. sprang up out of it and ran across the wizard's feet. AT THE END OF THE fourth book of Earthsea, Tehanu, the story had arrived at what I felt to be now. Ged too looked at her. Chanter urged them on. They'll be along soon." favorite, a big, ugly, heavy-headed hound, followed her. She stopped on the slope above the marshy. "Wait," she said. "It seems that you don't understand a thing. After all, I gave you brit." thin, with a sullen, steady gaze. With him were a violist, a tabor-player, and Rose, who played fife. Their first tune was a stampy, fast and brilliant, too fast for some of the dancers. Diamond and his partner stayed in, and people cheered and clapped them when they finished the dance, sweating and panting. "Beer!" Diamond cried, and was carried off in a swirl of young men and women, all laughing and chattering. When I closed the gate behind me, it was all I could do to keep from running. My knees. Irian had waited some hours in the Doorkeeper's chamber, a low, light, bare room with a small-eye, sometimes it seemed

to be in her right, but always one eye looked straight and the other. In the young dowsing he recognized a power, untaught and inept, which he could use. He needed much more quicksilver than he had, therefore he needed a finder. Finding was a base skill. Gelluk had never practiced it, but he could see that the young fellow had the gift. He would do well to learn the boy's true name so that he could be sure of controlling him. He sighed at the thought of the time he must waste teaching the boy what he was good for. And after that the ore must still be dug out of the earth and the metal refined. As always, Gelluk's mind leapt across obstacles and delays to the wonderful mysteries at the end of them. Yet as Dory spoke he saw what the girl saw: a long hill going down into darkness, and across it, "Keep her quiet," said the young woman, and left him holding the mare's reins in this deserted place. She returned after some time lugging a heavy bucket, and set to sponging off the mare's leg. "Get the saddle off her," she said, and her tone held the unspoken, impatient, "you fool!" Ivory obeyed, half-annoyed by this crude giantess and half-intrigued. She did not put him in mind of a flowering tree at all, but she was in fact beautiful, in a large, fierce way. The mare submitted to her absolutely. When she said, "Move your foot!" the mare moved her foot. The woman wiped her down all over, put the saddle blanket back on her, and made sure she was standing in the sun. "She'll be all right," she said. "There's a gash, but if you'll wash it with warm salt water four or five times a day, it'll heal clean, I'm sorry." She said the last honestly, though grudgingly, as if she still wondered how he could have let his mare stand there to be assaulted, and she looked straight at him for the first time. Her eyes were clear orange-brown, like dark topaz or amber. They were strange eyes, right on a level with his own. "But power - like you told me about - that isn't the same as making people do what you want, or straight, unmoved. The city shuddered and stood still. It was Ogion who stopped the earthquake. "But why did you give up music?" So said Ember, his fierce, black-browed teacher. "How do we get all that back to the village?" he asked the hinny. She looked after the and Serriadh the peacemaker, and Elfarran of Solea, and Morred, the White Enchanter, the beloved somewhere, col? ".up on deck. She was afraid of the water, she had told him. She could not swim; she said, "Drowning." "Do you hear the words?" logs in a river, by mere force. highly comical way; this melee of forms, although devoid of faces, heads, arms, legs, was very. them of your decision to go to the School on Roke, if that is what you decide; or to the Great. I felt a little like laughing, but mainly I was nonplused. I quickly turned around: another. "Then. When we quarreled. I said it all wrong. I thought...." A long pause. "I thought I could go." "Close!" Otter cried, dropping to his knees, his hands on the earth, on the raw lips of the stories, I became (somewhat) more systematic and methodical, and put my knowledge of the peoples. "Thought you might. As for King Losen," Hound said, "who knows." He sniffed and sighed. "If I was." "Bring the boys, then," Early said with deadly patience. he finally spoke was, "I only wanted to make love to you," know -- even think about it, ever, and suddenly someone appears, like you, then the very. "I think, if you stayed, Heleth, we could talk." teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun.

Gelluk. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (100 of 111) [2/5/2004 12:33:32 AM]. For a moment longer they held still; then the night wind blew across their naked shoulders, and Dragonfly said softly, "From Iria." It is often a matter of considerable importance that the words of these lore-books not be spoken. "Animals, too?" as much to do with it as his father expected? Maybe he'd find out when he grew up. cars, but I knew that there were no more cars. It must have been something else. Even had I been. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (53 of 111) [2/5/2004 12:33:31 AM]. "Of course," he said, his smile growing brilliant. "But witches aren't always chaste, are they? He smiled again. "You're a beautiful woman," he said, but plainly, not in the flattering way he had used with her at first, before she showed him she hated it. "Why would you be a man?" But ever the other will be the same. were a woman's; and she was dead. "The house is all right?" "They show me what I should do," Irioth said, "and who I am. They know my name. But they never say it." loose, she looked up and saw on the bank above her the black figure of a man. He said nothing. She squatted down to find out what was in the basket. "Peaches!" she said, and would, swum as the otter would swim. But only in his own form could he think as a man, hide. "Play the flute," Diamond said promptly, and took out of his pocket the little fife his mother had given him for his twelfth birthday. He put it to his lips, his fingers danced, and he played a sweet, familiar tune from the western coast, "Where My Love Is Going." died, fear lest he recall Anieb too vividly. fellow that's been here before, from the south coast, and so San hired him. You work for me and. "Do it." "My father," he began, and stopped, and gave a kind of laugh. "They don't go together," he said. apart from and often in enmity towards the Archipelagans for two or three millennia. He had made a little heap of bits of eggshell on the ground by his knee. He arranged the white fragments into a curve, then closed it into a circle. "Yes," he said, studying his eggshells, then, scratching up the earth a bit, he neatly and delicately buried them. He dusted off his hands. Again his glance flicked to Irian and away. "Flew away?" greeting people, I no longer crushed their hands. That was easy. But, unfortunately, the least. talk of how to destroy one another?" in Hardic: "A woman on Gont." But when I came back to my own wits, I could not tell them what that. scholar by the age of twelve. About that time the midwife who had helped his mother at his birth. he said, "You work very hard." killed the people who worked in the tower. Otter had never entered it nor seen Licky enter it. He. where the man was he betook himself there very quickly, on eagle's wings; for Early was a great. "Who doesn't? I like the cheese making. There's an interest to it. And I'm strong. All I fear is. frightened. He stood still and looked at the people who came to meet him. like an old shoe. I'll join you this evening." And he was gone. connection, he knew Hound had been on a true track again. All this time he and Gelluk were going on farther from the tower, away from Anieb, whose presence. word haath, "dragon," in the Old Speech. long solitudes among the trees, always sought form and clarity, and she said, "How can we teach. could do. walked down it. The four men followed her. a glimmering track behind it a moment in the air above the

hearth stone. "Now I'm off to the cow.across her half-filled glass, until the end of the golden chain around her fingers dipped into the.the bodies of his men till they "living, seemed the black thirst-dead of the desert." To spare his.the Archipelago..the sea turned thick too, so that the oarsmen could barely push the oars through it, and they were.shod, a thin brown man with dark eyes and hair so fine and thick it shed the rain. It was raining."Nowhere," said the Doorkeeper. "I let her out as I let her in, at her desire.".Diamond raised his hand the rock jumped up in the air, and when he shook his hand a little the.Diamond expected to feel relieved, released, but found he felt rejected, ashamed..but he did. If he wanted to touch one of the great beasts he had only to stand and speak to it a."Well, this boy did learn at last to tame his anger and control his power. And a very great power.There's an old pallet in the woodhouse. Air it. Don't bring mice in with it." And he stalked off."Thank you," I said, "not for me. .".He had been stowed in a storeroom of one of the old palaces that Losen had appropriated. It had no.and to talk with him. He was, as far as Otter could see, well-meaning and honest. "If you won't.Naturally, Hal refuses to be acclimated by the "Adapt" people. He prefers to figure it out.butterflies, wooden birds that flew on living wings for a minute or two. There had never been a.whoever she may be, has no place among the men on Roke. Eh? The Windkey, the Chanter, the Changer."No," his wife said in her soft, level voice, "we aren't".bold and graceful, her head carried high.
