"You felt nothing?".. cool, as if a mountain stream ran through them.. A millennium and a half ago or more, the runes of Hardic were developed so as to permit narrative writing. From that time on, The Creation of Ea, The Winter Carol, the Deeds, the Lays, and the Songs, all of which began as sung or spoken texts, were written down and preserved as texts. They continue to exist in both forms. The many written copies of the ancient texts serve to keep them from varying widely or from being lost altogether; but the songs and histories that are part of every child's education are taught and learned aloud, passed on down the years from living voice to living voice.. driven off or killed, one after another, his rivals for Losen's favor, and had enjoyed sole rule. She lay awake in the little house, feeling the air stifling and the ceiling pressing down on her, then slept suddenly and deeply. She woke as suddenly when the east was just getting light. She went to the door to see what she loved best to see, the sky before sunrise. Looking down from it she saw Azver the Patterner rolled up in his grey cloak, sound asleep on the ground before her doorstep. She withdrew noiselessly into the house. In a little while she saw him going back to his woods, walking a bit stiffly and scratching his head as he went, as people do when half awake.. "You have-" he said-"you have to go. Back." As he said "Back," his left hand struck down on the air like a knife, and Ayeth fell backward against a chair, staring.. far end of the old workings. There he nodded downward and stamped his foot.. The very walls, there... But if you go home, you must be willing to protect yourself. It's a difficult thing for a young man, very difficult -- a test of a will that has not yet been steeled, a mind that has not yet seen its true goal. I very strongly advise that you not take that risk. Write your parents, and go to the Great Port, or to Roke. Half your year's fee, which I'll return to you, will see to your first expenses." He brought her into his mind and saw her as he had seen her, there, in that room, and called out to her; and she came.. "But," said Dragonfly and stopped, caught by the argument. Ogion, obedient, bringing himself back to himself in the stuffy, tapestried room in Gont Port, did not understand the old man's joke until he turned to the window and saw the Armed Cliffs down at the end of the long bay, the jaws ready to snap shut. As he came down the last slope of the mountain, he had seen houses here and there out in the marshlands, a village not far away. He had thought he was on the way to the village, but had taken a wrong turning somewhere. Tall reeds rose up close beside the paths, so that if a light shone anywhere he could not see it. Water chuckled softly somewhere near his feet. He had used up his shoes walking round Andanden on the cruel roads of black lava. The soles were worn right through, and his feet ached with the icy damp of the marsh paths.. wrong more often than right, with the wizards warring, using poisons and curses recklessly to gain. When it came to teaching what he knew, he was tireless, generous, and exacting. For the first time, Medra was given a vision of magic not as a set of strange gifts and reasonless acts, but as an art and a craft, which could be known truly with long study and used rightly after long practice, though even then it would never lose its strangeness. Highdrake's mastery of spells and sorcery was not much greater than his pupil's, but he had clear in his mind the idea of something very much greater, the wholeness of knowledge. And that made him a

Before the king was to be crowned, they went to Gont and sought our lord, to find what that meant, "a woman on Gont". Eh? But they did not see him, only my countrywoman Tenar of the Ring. She said she was not the woman they sought. And they found no one, nothing. So Lebannen judged it to be a prophecy yet to be fulfilled. And in Havnor he set his crown on his own head.. Gelluk caught his breath. Presently he said, very softly, "Can you read the runes?". Now Medra felt that he had been asked the question on which the rest of his life hung, for good or evil. Again he stood silent a while. He started to speak, and didn't speak, and finally spoke. "I could not save one, not one, not the one who saved me," he said. "Nothing I know could have set her free. I know nothing. If you know how to be free, I beg you, teach me!". "I don't see why," she said. "My mother can cure a fever and ease a childbirth and find a lost ring, maybe that's nothing compared to what the wizards and the dragonlords can do, but it's not nothing, all the same. And she didn't give up anything for it. Having me didn't stop her. She had me so that she could learn how to do it!
