Once instead of smiling and agreeing, she said, "It's lovely to have him back, but" and Golden danced on the stops, and the fife played a short jig. It hit several false notes and squealed on. He found a carter who would carry them down to Endlane, Otter's mother and sister were living with cousins while they rebuilt their burned house as best they could. They welcomed him with disbelieving joy. Not knowing Hound's connection with the warlord and his wizard, they treated him as one of themselves, the good man who had found poor Otter half dead in the forest and brought him home. A wise man, said Otter's mother Rose, surely a wise man. Nothing was too good for such a man. elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over. "There," Anieb said. She pointed at the mountain and smiled. She looked at her companion, then. Anieb's mother nodded. "She'll hear it." She was looking down at her hands, clasped now on her knees. In the faint reddish glow of the cabin lantern her lashes cast very delicate, long shadows on her cheeks. She looked up, straight at him. "My name is Irian," she said. In silence Dulse sought his name, and saw two things: a fir-cone, and the rune of the Closed Mouth. Then seeking further he heard in his mind a name spoken; but he did not speak it. Weary, evil dreams of suffocation came to him, but took no hold on him. He breathed deep. He slept at last. He dreamed of long mountainsides veiled by rain, and the light shining through the rain. He dreamed of clouds passing over the shores of islands, and a high, round, green hill that stood in mist and sunlight at the end of the sea. the island, a sea no boat could venture out in. people, and put a stop to this rubbishy talk, if she could. "Irian, here's what you must do to enter the Great House..." "Do you know his name?" "Irian," he said, and now her name came easily, sweet and cool as spring water in his dry mouth. All this went rushing through his mind like a flood breaking through a dam, while he stood at the edge of the woods with Veil. "I thought mages kept themselves apart," he said at last. There was a very long pause. understand a thing. Not a thing. It was they who had changed. Queen Heru, called the Eagle, inherited the throne from her father, Denggemal of the House of Ilien. Her consort Aiman was of the House of Morred. When she had ruled thirty years she gave the crown to their son Maharion. A reddish seam remained, a scar through the dirt and gravel and uprooted grass. He never swore-men of power do not swear, it is not safe-but he cleared his throat with a coughing. Ivory's spell of semblance dropped away like a cobweb. She was and looked herself. He could speak his language only with her. And he had lost her, let her go. The double heart has no true speech. From now on he could talk only the language of duty: the getting and the spending, the outlay and the income, the profit and the loss. He saw her smile, but she was also hesitant, and after a while she said, "Well, you're welcome." He smiled. Gift had never seen him smile. Since the coronation of King Lebannen and the restoration of the High

Courts and Councils in Havnor Great Port, Roke has remained without an archmage. It appears that this office, not originally part of the governance of the school or of the Archipelago, is no longer useful or appropriate, and that Ged, whom many call the greatest of the arch-mages, may have been the last. bubbles, the blue set to work, angelic, modest, collected, but somehow sanctimonious, as if. "Tinaral," said Tern. "I knew him." "That's a formality. We senior sorcerers may carry a staff when we're on Roke's business. Which I am." He knew he was no match for Early. To stop that first binding spell he had used all the strength. "Get the sail down," Medra said, peremptory. The master yawned and cursed and began to shout commands. The crewmen got up slowly and slowly began to rake the awkward sail in, and the oarmaster, after asking several questions of the master and Medra, began to roar at the slaves and stride among them rousing them right and left with his knotted rope. The sail was half down, the sweeps half manned, Medra's staying spell half spoken, when the witchwind struck..quick and fierce. "We are to meet to uphold the Rule of Roke. And so to choose an Archmage." had gone out and the narrow streets had sent the marauders astray. Most of the islanders who looked him up and down and said, "One man works weather on this ship. Hearing of this, Orm's dragon anger woke again, and he "leapt for Havnor like an arrow of fire." (Dragons are generally referred to both in Hardic and Kargish as male, though in fact the gender of all dragons is a matter of conjecture, and in the case of the oldest and greatest ones, a mystery.). "Irian of Way, my lords," said the Doorkeeper. They were all silent. He motioned her to come farther into the room. "The Master Changer you have met," he said. He named all the others, but she could not take in the names of the masteries, except that the Master Herbal was the one she had taken to be a gardener, and the youngest-looking of them, a tall man with a stern, beautiful face that seemed carved out of dark stone, was the Master Summoner. Women ran out of it screaming. They had been hiding no doubt in the back room; he paid them no attention. "Hound," he thought. He spoke the summoning, using Hound's true name, and the old man came to him as he was bound to do. He was sullen, though, and said, "I was in the tavern, down the way there, you could have said my use-name and I'd have come."..This is only a seeming of me, a presentment, a sending," the old man said to her.
