

NEW DOMINION MONTHLY NOVEMBER 1874

with a row of high pointed windows. A group of men stood there, and every one of them turned to."Go to Roke," the wizard said. The boy wore shoes and a good leather vest. He could afford or earn.He walked down the straggling street of Purewells to Sans house, which was about midway, opposite the tavern. San, a hardbitten man in his thirties, was talking to a man on his doorstep, a stranger. When they saw Irioth they looked uneasy. San went into his house and the stranger followed..So Diamond, instead of learning spells and illusions and transformations and all such gaudy tricks, as Hemlock called them, sat in a narrow room at the back of the wizard's narrow house on a narrow back street of the old city, memorizing long, long lists of words, words of power in the Language of the Making. Plants and parts of plants and animals and parts of animals and islands and parts of islands, parts of ships, parts of the human body. The words never made sense, never made sentences, only lists. Long, long lists..lenses?) -- suddenly disappeared; his seat expanded at the sides, which rose and joined to form a."You're welcome," she said, and hoisted whatever it was into a massive pottery bowl, and wiped her."Something toxic, you understand. Strong. Alcohol. . . or don't they drink it any more?".exploitation. The land outlasts the empires. The conquerors may leave desert where there was."Irian, here's what you must do to enter the Great House..."or shore a timber. "Suits me," Licky said..In Veil's words he saw, all at once, the other side of Ember's impatience, her fierceness, her silences..changing," he mumbled at last.."No, thank you.."black shining hair. When she stared at him in sudden incomprehensible challenge he had thought her.went off into the darkness with a numb face, like a child who has been shown the falseness of a.cause sores on my body; no, for I don't fear him, but invite him, and so he enters into my veins.was becoming a good craftsman, even his father would admit that..length of his hand, and as it leapt it cried out in a small, clear voice, in that same language..There were no wizards serving Losen now except Early and a couple of humble sorcerers. Early had.continue to exist in both forms. The many written copies of the ancient texts serve to keep them.They are five against us," said the Herbal..driven off or killed, one after another, his rivals for Losen's favor, and had enjoyed sole rule.And, just as in the now of the so-called real world, I didn't know what would happen next. I could.Gelluk's white face had gone whiter; his jaw trembled a little. He stood up, suddenly, as he.Go tell the village sorcerer to earn his keep!" And when the youngest daughter came down with a."And the wizard in South Port didn't teach you how to make it work?".when she came out of the shelter of the woods and saw the open sky..Songs and stories indicate that dragons existed before any other living creature. The Old Hardic."As... as a bird, a tern. Is this Roke Island?". "Well, he can't lift the murrain all at once. But seems like he can cure a beast if he gets to it before the staggers begin. And those not struck yet, he says he can keep it off em. So the master's sending him all about the range to do what can be done. It's too late for many.."right away.."say; and if they are lying, does that not prove that what they say is true?". "He doesn't mind," Dragonfly reassured her. "Only he hardly ever really answers..".So well in hand did Early have Losen's men that within two days the great fleet set forth from Havnor, gathering its tributaries on the way. Eighty ships sailed past Ark and Ilien on a true and steady magewind that bore them straight for Roke. Sometimes Early in his white silk robe, holding a tall white staff, the horn of a sea beast from the farthest North, stood in the decked prow of the lead galley, whose hundred oars flashed beating like the wings of a gull. Sometimes he was himself the gull, or an eagle, or a dragon, who flew above and before the fleet, and when the men saw him flying thus they shouted, "The dragonlord! the dragonlord!"..goats..". "Medra," she said. Her sore mouth could not speak clearly. He knelt down and took her hands..There was a pause. He forgot that he had to answer in words. "I'd stay if I might," he said. "I'd."Yes," said the Patterner. "What goes too long unchanged destroys itself. The forest is for ever because it dies and dies and so lives. I will not let this dead hand touch me. Or touch the king who brought us hope. A promise was made, made through me, I spoke it - "A woman on Gont" -I will not see that word forgotten..".dominion for a generation or longer. At Shelieth on Way, Erreth-Akbe worked a great magic against.Licky had told him that it was the fumes of the metal rising from heated ore that sickened and killed the people who worked in the tower. Otter had never entered it nor seen Licky enter it. He had come close enough to know that it was surrounded by prisoning spells that would sting and bewilder and entangle a slave trying to escape. Now he felt those spells like strands of cobweb, ropes of dark mist, giving way to the wizard who had made them..they have to be, dealing with such powers and evils as they do. But he is a true man, and kind..". "We could find no trace of him. No doubt he changed himself to a bird or a fish when he left Roke, until he came to some other island. And a wizard can hide himself from all finding spells. We sent out inquiries, in the ways we have of doing so, but nothing and nobody replied. So we set off looking for him, the Summoner to the eastern isles and I to the west. For when I thought about this man, I had begun to see in my mind's eye a great mountain, a broken cone, with a long, green land beneath it reaching to the south. I remembered my geography lessons when I was a boy at Roke, and the lay of the land on Semel, and the mountain whose name is Andanden. So I came to the High Marsh. I think I came the right way..".Irian drew a deep breath and looked at him eye to eye as they sat there. ""Only in dark the.(used to protect from fire, wind, and madness), Sifl ("speed well"), Simn ("work well") are used.domestic and community worship of the Old Powers, the chthonic or gaeon forces manifest as spirits.up. Unthinking, Ogion held out his hand to help him..file:///D:/Documents%20and%20Settings/harry/D...20%20LeGuin%20-%20Tales%20From%20Earthsea.txt (2 of 111) [2/5/2004 12:33:30 AM].was weakened then..".of the crafty men. Women sat together by the fire in the lonely farmhouses; people gathered round.it too. What you are to do I don't know, nor do you. That's to find. But there's no such power as.and soul: the fire, a greater fire than that, the flight, the flight burning -.would not allow a thing he never changed his mind, priding himself on his intransigence, since.He wanted to hurt her, to shock her out of her

terrible, ignorant kindness, but what he said when he finally spoke was, "I only wanted to make love to you," weeds under the window, he said, "That's velvet. Somebody from Havnor planted it here. Didn't know edge of the woods with Veil. "I thought mages kept themselves apart," he said at last. "High-drake. They walked without light except for the faint werelight Gelluk sent before them. They went. Gelluk was sure that without him Losen's rubbishy kingdom would soon collapse and some enemy mage. alliteration, stylised phrasing, and structuring by repetition are the principal poetic devices. Just as before, Crow was sitting on the coping, bored and restless. ship in port, and none has come into Thwil Bay since the one that brought you, lady, and sailed. The hierarchic and centralising tendency of this religion lent support at first to the ambition of. "Well, this boy did learn at last to tame his anger and control his power. And a very great power it was. Whatever art he studied came easy to him, too easy, so that he despised illusion, and weatherworking, and even healing, because they held no fear, no challenge to him. He saw no virtue in himself for his mastery of them. So, after the Archmage Nemmerle had given him his name, the boy set his will on the great and dangerous art of summoning. And he studied with the Master of that art for a long time. The four Kargad islands are mostly arid in climate but fertile when watered and cultivated. The Kargs have maintained a society that appears to be little influenced, except negatively, by their far more numerous neighbors to the south and west. "I'll stay here if I may," he said in that princely way, with his teeth chattering, holding on to. gave me a dirty look, but said nothing; he turned and marched off, fingering something on his. long, and on his breast lay the rune-ring broken. "Once in his lifetime, if he's lucky, a wizard finds somebody he can talk to." Nemmerle had said that to Dulse a night or two before he left Roke, a year or two before Nemmerle was chosen Archmage. He had been the Master Patterner and the kindest of all Dulse's teachers at the School. "I think, if you stayed, Heleth, we could talk." employed any kind of symbolic writing, and that sparingly. Bureaucrats and tradesmen of the Empire. The deeds and lays that tell of raids by dragons and counterforays by wizards portray the dragons. The witch shook her iron-grey head once. "I can't tell you." Her 'can't' did not mean 'won't'. her smoky orange eyes. "I don't know what came over me the other day. I was angry. But not at you. That is not what the otter was thinking as it swam fast down the Yennava. It was not thinking anything much but speed and direction and the sweet taste of river water and the sweet power of swimming. But something like that is what Medra had been thinking as he sat at the table in his grandmother's house in End-lane, talking with his mother and sister, just before the door was flung open and the terrible shining figure stood there. This is only a seeming of me, a presentment, a sending," the old man said to her. "I don't live. dead. And in that vision, Anieb had walked on this side of it, not on the side that went down into. The Doorkeeper looked at her for what seemed a long time. Then it is your name," he said. "But maybe not all your name. I think you have another." It was far more convenient to him that Losen should be king than that he himself should rule Havnor openly. Men of arms didn't trust men of craft and didn't like to serve them. No matter what a mage's powers, unless he was as mighty as the Enemy of Morred, he couldn't hold armies and fleets together if the soldiers and sailors chose not to obey. People were in the habit of fearing and obeying Losen, an old habit now, and well learned. They credited him with the powers he had had of bold strategy, firm leadership, and utter cruelty; and they credited him with powers he had never had, such as mastery over the wizards who served him. horses, inhabited only by nesting swallows that swooped about over the roofs calling their quick. The mage said, "Majesty, as you know, my poor skill has not availed, but I have sent for the." "I'll ask them their name," Medra said. He smiled. "If they'll tell me, they can come in. And when. A pause. "This," Diamond said. His voice was level. He looked neither at his father nor his mother. elsewhere than Roke-notably on Paln-but the Masters of Roke came to regard with suspicion a. "The girl flew away, lord," the man said unwillingly. icy north and there sucked their blood. In villages on Way and Feikway they still tell children. knowledge. I think I've come to the place I sought, but I don't know. I think you may be the. walked for hours in silence. In the summer midday the woods were silent. No bird sang. The leaves. "Forgive me for talking about you before your face, young woman," he said, "but I must. Master. you." And when he had drunk his soup, and she was settled with her mending, he told it. the world, there are still women of the Hand. That net hasn't broken after so many years. How was. them, but the door's so strong that if the Doorkeeper shuts it no spell could ever open it. And. from such scraps and fragments, and though it will be an airy quilt, half made of hearsay and half. Otter, sitting by the fire shelling walnuts, held still. Mead thanked the messenger and brought him in for a cup of water and a handful of shelled nuts. She and Ayo chatted with him about his wife. When he had gone she turned to Otter. dragons will threaten the Inmost Sea. There will be order, safety, and peace." House, but inside the wood it was all shadows. Medra bowed his head, standing there. "Anieb," he said, "can you come back this far? I don't know the way." He waited a while. He saw darkness, heard silence. Slow and halting, he entered the passage. The witch shook her iron-grey head once. "I can't tell you." Her 'can't' did not mean 'won't'. Dragonfly waited. "It's the power, like I said. It comes just so." Rose stopped her spinning and looked up with one eye at a cloud in the west; the other looked a little northward of the sky. "You're there in the water, together, you and the child. You take away the child-name. People may go on using that name for a use-name, but it's not her name, nor ever was. So now she's not a child, and she has no name. So then you wait. You open your mind up, like. Like opening the doors of a house to the wind. So it comes. Your tongue speaks it, the name. Your breath makes it. You give it to that child, the breath, the name. You can't think of it. You let it come to you. It must come through you to her it belongs to. That's the power, the way it works. It's all like that. It's not a thing you do. You have to know how to let it do. That's all the mastery." provided new clothes if Rose had asked for them, but she never did. Rose had looked after herself. the room; her lips moved, she was speaking, and gems as big as shields covered her ears, glittered. He treasured her rustic sayings of that kind. Sometimes she frightened him, and he resented it. His dreams of her were never of her yielding to him, but of himself yielding to a fierce, destroying sweetness, sinking into an annihilating embrace, dreams in which she was something

beyond comprehension and he was nothing at all. He woke from those dreams shaken and shamed. In daylight, when he saw her big, dirty hands, when she talked like a yokel, a simpleton, he regained his superiority. He only wished there were someone to repeat her sayings to, one of his old friends in the Great Port who would find them amusing. "I have the cheese money," he repeated to himself, riding back to Westpool, and laughed. "I do indeed," he said aloud. The black mare nicked her ear..but, hanging in the air, it turned to the music. I walked among the tables. The soft plastic.man covered away, shrinking down, shriveling, crying out in a thin, high wail. It is wrong, wrong,.behind a city horse, in a city cart, like a prince!".carpenters, a ditchdigger, a tinsmith's prentice, a couple of little boys. Humiliated and enraged,.wizard, who had taken special responsibility for his training. It was usually the Archmage who.A globe of misty, greenish fire drifted swiftly down the corridor at eye level, apparently.after all, her fault..Often. Seeing only boys and men, day after day, in the Great House and all the precincts of the.shook. It got dark for a fraction of a second, something beneath us gave a deep sigh, like a metal.high about them, she heard a call - a horn blowing, a cry? - remote, on the very edge of hearing.. "Why would you come to the Marsh?" she asked. She had a right to ask, having taken him in, yet she.The wind rattled the dry leaves on the scrub-oak bushes. The sun was behind the hill, and clouds.air like a knife, and Ayeth fell backward against a chair, staring..white border. I wanted to locate the source of this peculiar force, but suddenly, as if I were.compelled by him, but she was with me, and she was free. And so together we could turn his power.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (14 of 111) [2/5/2004 12:33:30 AM].expression. For a moment I contemplated my own face -- what was this, three-dimensional.my friends," he said, "what now?".she could not take in the names of the masteries, except that the Master Herbal was the one she.its use increasingly controlled by moral and political purpose. Wizards trained at the school went."She spoke with the other breath," Azver said.. "Not for the same reasons as you," she said, "but I still want to. And we came all this way. And you know my name.".The next thing she thought was a beggar, a lost man, in dirty clothes, hugging himself with.She looked up at him, her sharp, strong face softened by the shadowy lantern-light. "If it was."What's Alder paying you for all this?" she demanded while the water was heating. She was still indignant, speaking more bluntly even than usual..Old Powers, either. Nothing of that sort. Nothing sticky.".the stable boy back into his own shape, they tied up the child again, and gagged his mouth, and.blue that clung to her like a liquid congealed; her arms and breasts were hidden in a navy-blue.pit us one against the other, for their gain not ours. We sell em our power. Why do we? If we went.had not come from Roke to trudge about on foot in the mud and dust of country byways..Otter's will. Nor did Otter himself. He was too used to obeying others to see that in fact he had.centre of the world. And the leaves of the tree are carved so thin that the light shines through."Moo," said his guide, softly, and he saw the dim, small square of yellow light just a little to his left..sending, and knew that it was a true spell. She had sent him her touch, her voice saying his name.. "Sitting with old Ferny. She died this afternoon, Mother will be there all night. But how did you.capital of the Kargad Empire and treated with King Thoreg as its ruler..He slept till late in the morning and woke as if from illness, weak and placid. She was unable to.over all Havnor now for years..The dark-eyed mage bowed his head at that, and said, "Very well," evidently with relief at accepting their judgment over his own. "Thorion has been much with the other Masters, and with the young men. Secret meetings, inner circles. Rumors, whispers. The younger students are frightened, and several have asked me or the Doorkeeper if they may go. And we'd let them go. But there's no ship in port, and none has come into Thwil Bay since the one that brought you, lady, and sailed again next day for Wathort. The Windkey keeps the Roke-wind against all. If the king himself should come, he could not land on Roke,"
