

## PHAEDRUS TRANSLATED BY BENJAMIN JOWETT

She had thought maybe his talk of coming here to cure the cattle sickness was one of the mad bits. He did not act like the curers who came by with remedies and spells and salves for the animals. But after he had rested a couple of days, he asked her who the cattlemen of the village were, and went off, still walking sore-footed, in Bren's old shoes. It made her heart turn in her, seeing that..Great House. The walls we built to keep all evil out. Or in, as the case may be." He pulled up some grass and rubbed at the slimy mud on his feet and legs. Since such knowledge can be betrayed or misused, it is."She's very sick, Rush," the girl said. She looked again at Tern. "You're not a healer?" It was an accusation..and peering at the horse's leg, seeing only bright, bloody foam..stone, until they thought him tamed. Then they sent him away to live at the stables of the great."Ah," said Diamond, floored. The Summoner's art is perhaps the most arcane and dangerous of all the arts of magic..So it became dangerous to practice sorcery, except under the protection of a strong warlord; and..It was the best he could do in protest against the misuse of good work and a good ship. "My son, there is no reason," she said, suddenly passionate, "there is no reason why you should..The daughter of "the wise king Thoreg" rescued Erreth-Akbe from this trance or imprisoning spell and restored him his strength. He gave her the half of the Ring of Peace that remained to him. (From her it passed through her descendants for over five hundred years to the last heirs of Thoreg, a brother and sister exiled on a deserted island of the East Reach; and the sister gave it to Ged.) Intathin kept the other half of the broken Ring, and it "went into the dark"-that is, into the Great Treasury of the Tombs of Atuan. (There Ged found it, and rejoining the two halves and with them the lost Rune of Peace, he and Tenar brought the Ring home to Havnor.)..He must prove to her and himself that his dreams were meaningless..which the poem was first spoken..think of using magic to free himself or stop the men's brutality. While Erreth-Akbe was in Karego-At (which may have been a period of years), the depredations of the dragons increased. The Inward Isles were troubled by refugees fleeing the western lands and by interruptions to shipping and trade, since the dragons had taken to setting fire to boats that went west of Hosk, and harried ships even in the Inmost Sea. All the wizards and armed men Maharion could command went out to fight the dragons, and he went with them himself four times; but swords and arrows were little use against armored, fire-spouting, flying enemies. Palm was "a plain of charcoal," and villages and towns in the west of Havnor had been burnt to the ground. The king's wizards had spell-caught and killed several dragons over the Pelnish Sea, which probably increased the dragons' ire. Just as Erreth-Akbe returned, the Great Dragon Orm flew to the City of Havnor and threatened the towers of the king's palace with fire.."But Havnor lies between us," she said.."Ah, ah, ah," said the old wizard..own. The name and office of archmage were invented by Halkel, and the Archmage of Roke was a tenth Master, never counted among the Nine. A vital ethical and intellectual force, the archmage also exerted considerable political power. On the whole this power was used benevolently. Maintaining Roke as a strong centralising, normalising, pacific element in Archipelagan society, the archmages sent out sorcerers and wizards trained to understand the ethical practice of magic and to protect communities from drought, plague, invaders, dragons, and the unscrupulous use of their art.. Archmage himself said, Rules are made to be broken. Injustice makes the rules, and courage breaks. to her, vivid. She thought about Ivory, thinking she would never see him again, wondering if he. The witch shook her iron-grey head once. "I can't tell you." Her 'can't' did not mean 'won't'.. "Thank you, Father," the boy said. Golden embraced him and left, well pleased with him.. - do not wish Thorion to be Archmage. Also the Master Herbal, though he digs and says little.. went off, still walking sore-footed, in Bren's old shoes. It made her heart turn in her, seeing. "I can protect you here, and have done so. On Roke, of course, you'll be perfectly safe. The very walls, there... But if you go home, you must be willing to protect yourself. It's a difficult thing for a young man, very difficult -- a test of a will that has not yet been steeled, a mind that has not yet seen its true goal. I very strongly advise that you not take that risk. Write your parents, and go to the Great Port, or to Roke. Half your year's fee, which I'll return to you, will see to your first expenses." Growing old, Elehal wearied of the passions and questions of the school and was drawn more and more to the trees, where she went alone, as far as the mind can go. Medra walked there too, but not so far as she, for he was lame.. He had not known how tired he was until he came to haven. He spent all that day drowsing before. The clouds darkened.
