

## PIVOT POINT

the sentences. The substance of what she said and the tone in which she said it were so perfect that it almost seemed as though an angel had relieved her of this burden by possessing her long enough to help her son understand what must happen and why. They could not have been more solemn or more respectful if Naomi's corpse--stitched back together, pumped full of embalming fluid, painted with pancake makeup, dressed in white, with her cold hands clasping a Bible to her breast--had been reposing in a casket in this very room, surrounded by flowers and awaiting the arrival of mourners. They were all polite, soft-spoken, sad-eyed, oozing unctuous concern--and so full of feverish calculation that Junior wouldn't have been surprised if they had set off the ceiling-mounted fire sprinklers. With the infant in her arms, the heavyset nurse pressed in beside Celestina, who. Knickknacks and mementos were not to be found anywhere in the house. And until now Junior had seen nothing hanging on the barren walls except a calendar in the kitchen. That night, in Barty's room, after Agnes had listened to his prayers and then had tucked him in for the night, she sat on the edge of his bed. "Honey, I was wondering.... Now that you've had more time to think, could you explain to me what happened?". Of course, he also might have shot off his own thumbs as double insurance against being drafted and sent to Vietnam. Choking fumes, blinding soot. A licking heat told him that slithering fire had followed the smoke up the stairs and now coiled perilously close in the murk..dropping on the conversation between Dr. Parkhurst and Vanadium, and later failing and respond to Vanadium's pointed accusations, his deception would inevitably be read as an admission of guilt in the murder. In the crisis, the rack holding her oxygen bottle had been rolled to the bed. The breathing mask lay on the pillow beside her. "Why are you here?" "Where else I should be and for why? I watch you over." As the tears cleared from Agnes's eyes, she saw that Maria was sewing. A shopping bag stood to one side of the chair, and to the other side, open on the floor, a case contained spools of thread, needles, a pincushion, a pair of scissors, and other supplies of a seamstress's trade. ONWARD THROUGH THIS Monday, January 17, this momentous day, when the ending of one thing is the beginning of another. She shook her head. "No way back." She pointed to the sketch pad on the floor. "I pushed him there." Blind he remained until an afternoon in May 1993, when at last the miracle occurred, and the meaning that Tom Vanadium had foreseen so long ago began to manifest. She removed a temporary cap from the second bicuspid on the lower left side and replaced it with the porcelain cap that had been delivered by the lab that morning. "Maybe because we didn't want to be called witches," said Obadiah with a smile, "and give folks one more reason to hang us." thickened with the odors of antiseptics and blood, until breathing required an effort. The narrow brick-paved serviceway lay five feet below. The maniac had knocked over trash cans while making his escape, but he wasn't tumbled among the rest of the garbage. "The quarter in the sandwich," Nolly said, because that was the first stunt that Simon Magusson had paid him to perform. The modulated electronic brrrrr was similar to the sound of the telephone in Vanadium's cramped study, on Sunday night. Junior was transported back to that place, that moment in time. The driver shook his head. "I knew everything anyone would need to know about you when I heard you ask your kid what would happen if the stupid boogeyman showed up in her dream." She was four years older than Phimie. They hadn't i;mn a great deal of each other during the past three years, since Celestina had come to San Francisco. Although distance and time, the press of her studies, and the busyness of daily life had not made her forget that she loved Phimie, she had forgotten the purity and the power of love. Rediscovering it now, she was shaken so badly that she had to pull a chair to the side of the bed and sit down. He felt remarkably well when he arrived home: calm, proud of his quick thinking and stalwart action, pleasantly tired. He hadn't chosen to kill again; this obligation had been thrust on him by fate. Yet he had proven that the boldness he'd shown on the fire tower, rather than being a transient strength, was a deeply rooted quality. The pewter bludgeon slammed into the back of his skull with a hard pack. The scalp tore, blood sprang forth, and the man fell as hard as Victoria had fallen under the influence of a good Merlot, although he went facedown, not faceup as she had done. Neddy talked when Celestina paused for breath, talked over her when she didn't pause, heard only his own mellifluous voice and was pleased to conduct both sides of the conversation, wearing her down as surely as though far more rapidly than the sand-filled winds of Egypt diminished the pharaohs' pyramids. He talked through the first polite "Excuse me" of the tall man who stepped into the open doorway behind him, through the second and third, and then with an abruptness that was as miraculous as any cure at the shrine of Lourdes, he fell silent when the visitor put a hand on his shoulder, eased him gently aside, and entered the apartment. Junior poured half the vodka over the corpse, splashed some around other parts of the kitchen, and spilled the last on the cook top, where it trickled toward the active burner. This was not an ideal accelerant, not as effective as gasoline, but by the time he threw the bottle aside, the spirits found the flame. His thought had been that Reverend White might find in Agnes, Bright Beach's beloved Pie Lady, a subject who would inspire a sequel to the sermon that had so deeply affected Paul--who was neither a Baptist nor a regular churchgoer--when he had heard it on the radio more than three years ago. "Why do they let a man like that keep his badge?" Junior asked. "He's outrageous, wholly unprofessional." All windows opening onto the fire escape featured a laminated sandwich of glass and steel-wire mesh to prevent easy access by burglars. Tom Vanadium knew all the tricks of the best B-and-E artists, but he didn't need to break in order to enter here. The doors slid open, and they rolled Barty corridor to corridor, past the scrub sinks, to a waiting surgical nurse in green cap, mask, and gown. She alone effected his transfer into the positive pressure of the surgery. Through her efforts, the Bright Beach Public Library sponsored an ambitious oral-history project financed by two private foundations and by an annual strawberry festival. Local retirees were enlisted to record the stories of their lives, so that their experiences, insights, and knowledge wouldn't be lost to generations yet unborn. Repressing a smirk, feigning a

respectful solemnity, he dared to glance at Vanadium, but the detective stared into Naomi's grave as though he hadn't heard the mockery-or, having heard it, didn't recognize it for what it was..Maybe the bright side was that the musician hadn't either wet his pants or taken a dump while in his death throes. Sometimes, during a comparatively slow death like strangulation, the victim lost control of all bodily functions. He'd read it in a novel, something from the Book-of-the-Month Club and therefore both life-enriching and reliable. Probably not Eudora Welty. Maybe Norman Mailer. Anyway, the men's room didn't smell as fresh as a flower shop, but it didn't reek, either..The Worry Bear carries worries in his pockets. Under his Panama hat and in two gold lockets. Carries worries on his back and under his arms. Nevertheless, dear old Worry Bear has his charms..He warily surveyed those around him as he walked, and looked over his shoulder from time to time. On one of these backward glances, he was unnerved but not surprised to see Vanadium's specter..Airborne, Phimie complained of ringing in her ears, which might have been related to the flight. She also suffered an episode of double vision and, in the airport after landing, a nosebleed, which appeared to be related to her previous symptoms..She told them of Phimie's request that the baby be named Angel. "At the time, I assumed she wasn't able to think clearly because of the stroke..Perhaps, reluctant to admit to herself that she had yearned for him to do everything that he'd done, she had slowly been inflamed by guilt, until she convinced herself that she had, indeed, been raped. Psychotic little bitch..At first, he couldn't gather the nerve to return to the kitchen. He was crazily certain that in his absence, the dead detective would have risen and would be waiting for him..Although he related well to the theme of moral relativism and personal autonomy in a value-neutral world, Junior grew apprehensive about each impending scene of violence, and closed his eyes against the prospect of blood. He resented having to endure ninety minutes of the film before Google finally settled into the seat beside him..Evidently, last evening, prior to keeping a dinner date with Victoria, when the taunting detective had illegally entered Junior's house and placed another quarter on the nightstand, he had seen the directory open on the kitchen table. Deducing the meaning of the red check marks, he inserted this card and closed the book: another small assault in the psychological warfare that he'd been waging.."WOULD YOU LIKE TO BE MY BOYFRIEND?" asked Miss Velveeta, who had thus far shown no romantic inclinations..On the other hand, killing a stranger like Bartholomew Prosser relieved stress better than sex did. Senseless murder was as relaxing to him as meditation without seed, and probably less dangerous..In her arms she held Bartholomew. The infant was not heavily bundled, for the weather was unseasonably mild..Perhaps Dr. Parkhurst, too, was disturbed by this fascistic and fanatical spew sampling, because he became brusque. "I have a few appointments to keep. By the time I make evening rounds, I expect Mr. Cain to. Walking away, he was aware of the many faces at the windows, all as stupid as the faces of cud-chewing cows. He had given them something to talk about when they returned from lunch to their shops and offices. He'd reduced himself to an object of amusement for strangers, had briefly become one of the city's army of eccentrics..At the grave, they arrived with red and white roses. Agnes carried the red, and Barty brought the white.."There is no king in Earthsea," the young man said, stern and righteous, "In my master's service, then," Hound amended, patient..By Sunday evening, a combination of factors-deep commitment to the philosophy of Zedd, explosive testosterone levels, boredom, self-pity, and a desire to be a risk-taking man of action once more-motivated Junior to splash a little Hai Karate behind each ear and go courting. Shortly after sunset, with a single red rose and a bottle of Merlot, he set off for Victoria Bressler's place..She only half understood their frantic conversation, partly because the ability to concentrate was draining from her along with her lifeblood, but also because she was distracted by Joey. He was no longer in the wreck, but standing at the open rear door of the ambulance..On this morning in March, minutes after the pie caravan had departed, Edom got his Ford Country Squire out of the garage and drove to the nursery, which opened early. Spring was drawing near, and much work needed to be done to make the most of the rosarium that Joey Lampion had encouraged him to restore. He happily contemplated hours of browsing through plant stock, tools, and gardening supplies..At sunset, the boy stood in the backyard, gazing up through the branches of the giant oak as an orange sky darkened to coral, to red, to purple, to indigo..Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor.."Shape-taking?". A table candle glowed in an amber glass. To Nolly, in this glimmering light, Kathleen's face was more radiant than the flame..A few attractive women were here alone, proof that social mores had changed dramatically in three years. Junior was aware of their hot gazes, their need, and he knew that he could have any of them..Maybe he went a little crazy then. He wouldn't deny a brief, transient madness..Although Paul had seen Tom Vanadium's clever coin trick, he didn't understand the rest of their conversation, and he assumed that for everyone else-except Angel's mother-it was equally impenetrable. But taking their clue from the risen Celestina, all those present had fallen silent.."Better hold on tight to her," Wally warned Celestina, braking to a halt at the intersection. "She'll float up and away, then we'll have to call the fire department to get her down." "Tame him or bury him," said Losen, and turned to more important matters..Angel liked to perch sideways with a drawing tablet in the window seat in Barty's room, look out at the oak tree from the upper floor, and draw pictures inspired by things she heard in whatever book he was currently listening to. Everyone said she was a pretty good artist for a three-year-old, and Barty wished he could see how good she was. He wished he could see Angel, too, just once..Furrowing her brow and narrowing her eyes as though prepared to scold him, she slowly lowered her face to his, until their noses were touching, and she whispered, "Because it's more fun if it's secret."..The port-wine birthmark appeared to be darker than before and differently mottled than he remembered it..The boy's difference was defined as much by what he didn't do as by what he did. For one thing, he didn't observe the Terrible Twos, the period of toddler rebellion that usually frayed the nerves of the most patient parents. No tantrums for the Pie Lady's son, no bossiness, no crankiness..He was, in fact, a first-rate

driver, with an impeccable record at the age of thirty: no traffic citations, no accidents..In spite of the gloom, the boy's miraculous accomplishment was evident: his clothes and hair were dry as though he'd worn a coat and hood..ANGEL WAS DRESSED in as much red as the devil himself: bright red shoes, red socks, red leggings, red skirt, red sweater, and a knee length red coat with a red hood.. "Where's your mother this morning?" he asked, for he'd expected to have to shoot his way through a lot more than one adult to reach both children. The Lipscomb house had proved empty, however, and fortune had given him the boy and girl together, with one guardian..With a cry of alarm, he bolted to the bathroom and made it with not a second to spare. He seemed to be on the throne long enough to have witnessed the rise and fall of an empire..Harmonizing with Diana Ross, Mary Wilson, and Florence Ballard, he drove to the granite quarry three miles beyond the town limits..Suddenly and seriously creeped out, Junior wanted to get away from this nut case. Yet he was frozen by morbid fascination..force open Edom's mouth. "Eat your sin, boy, eat your sin!" Edom resists eating his sin, but he's afraid for his eyes..The girl smiled, as stunningly beautiful as he remembered her, but she was no longer fifteen, as she had been when last he'd seen her. Since her death in childbirth nearly three years ago, she'd matured and grown lovelier than ever..She had put aside a half-finished pencil portrait of Phimie to develop several of Nella Lombardi..room, heavier and colder than the ice bags that were draped across Junior's midsection..Tom Vanadium checked the small wastebasket next to the sink and discovered a wad of bloody Kleenex. The crumpled wrappers from two Band-Aids..trees also revealed Barty, and no radiance from another world shone spectrally through him, as it had shone through Joey-dead-and-risen..She walked the corridor until she came to a room with empty beds. Without turning on the lights, she entered, put down the suitcase, and sat in a chair by the window..Magusson was a small man behind a huge desk. His head appeared too large for his body, but his ears seemed no bigger than a pair of silver dollars. Large protuberant eyes, bulging with shrewdness and feverish with ambition, marked him as one who'd be hungry a minute after standing up from a daylong feast. A button nose too severely turned up at the tip, an upper lip long enough to rival that of an orangutan, and a mean slash of a mouth completed a portrait sure to repel any woman with eyesight; but if you wanted an attorney who was angry at the world for having been cursed with ugliness and who could convert that anger into the energy and ruthlessness of a pit bull in the courtroom, even while using his unfortunate looks to gain the jurors' sympathy, then Simon Magusson was the counselor for you..Fourth and last, he was surprised that Kickmule was a legitimate surname. This information wasn't of immediate importance to him, but if ever his Gammoner and Pinchbeck identities were compromised and he required false ID in a new name, he would call himself Eric Kickmule. Or possibly Wolfgang Kickmule. That sounded really tough. No one would mess with a man named Kickmule..Quick introductions were made in the process of moving from the porch to the foyer, and Agnes said, "Come on back to the kitchen, I'm baking pies."..At a gun shop, Junior purchased two hundred rounds of ammunition. Later, that many cartridges seemed excessive to him. Later still, he purchased another two hundred..Otter said nothing.. "You know," Tom said when the second round of drinks arrived, "hard as it is to believe, some places never heard of martinis."..He needed to keep moving, conduct the search, find the watch, and get the hell out of here, but he couldn't stop staring at the musician. Something about the cadaver made him nervous-aside from the fact that it was dead and disgusting and, if he was caught with it, a one-way ticket to the gas chamber.. "Getting her into her shoes and coat sooner than Monday required a bribe," Wally said..To his surprise, when Naomi expressed an interest in romance, Junior was a bull again. He would have thought he had left his best stuff at Reverend Harrison White's parsonage..Everyone agreed, and the order was placed when their waiter brought appetizers: crab cakes for Nolly, scampi for Kathleen, and calamari for Tom..In spite of major earthquakes pending, explosions of dynamite hauling trucks on the highway, tornadoes somewhere churning, the grim likelihood of a great dam bursting along the route, freak ice storms stored up in the unpredictable heavens, crashing planes and runaway trains converging on the coastal highway, and the possibility of a sudden violent shift in the earth's axis that would wipe out human civilization, they risked crossing the boundaries of Bright Beach and traveled north into the great unknown of territories strange and perilous..Like the chicken egg. As weary as she was, Agnes could not at once puzzle out the meaning of those four words. Then: "Oh. He's in an incubator."..A great boom. Concussion rocked the floor and shuddered the walls and made the roof timbers squeal as though unsuspected colonies of bats had taken flight by the thousands all in the same instant..In the kitchen again, Junior spread the blanket on the floor, to one side of the blood. He rolled Vanadium onto the blanket, and drew the ends of it together, fashioning a sled with which to drag the detective out of the house..Uncommonly healthy, he didn't suffer croup, flu, sinusitis, or most of the ailments to which other children were vulnerable..He still had work to do here. Properly disposing of Thomas Vanadium, however, was the most urgent piece of business..Wally's own house was in the same neighborhood, a block and a half away, a three-story Victorian gem that he entirely occupied.. "He's not a real contemporary person, not anyone Cain needs to fear. So how did he develop this obsession with finding someone named Bartholomew?" He met Celestina's eyes, as if she might have answers for him. "Is there a real Bartholomew? And how does this tie in with his assault on you? Or is there any tie-in at all?"..Paul in the guest room again. Sweeping a bedside lamp to the floor, lifting the nightstand..She shivered, and Edom, thinking that she had caught a chill ripped off his suit jacket and draped it over her shoulders..Tears burst from Junior, stinging torrents, a salt sea of grief that blurred his vision and bathed his face in brine. "Get out of here, you disgusting, sick son of a bitch," he demanded, his voice simultaneously shaking with sorrow and twisted by righteous anger. "Get out of here now, get out!"..The social worker's office once more. Rain tapping lightly at the window where Dr. Lipscomb had stared intently into the fog as he tried to avoid confronting the life-changing revelation that Phimie, speaking with the special knowledge of the once-dead, had shown him..She knew that the front door was locked, too, because Wally had waited to hear the deadbolts clack shut. Nevertheless, she stepped into the hall, where the light wasn't on, walked quickly past Angel's

bedroom, came to the entrance to the lamplit living room-and saw a man backing through the open front door, dragging something, dragging a dark and large and heavy rumpled something, dragging a. The following day, Wednesday, December 27, his mother drove him to the library, where he checked out two Heinlein titles recommended by the librarian: Red Planet and The Rolling Stones. Judging by his excitement, on the way home in the car, his response to previous mystery-novel series had been a pleasant courtship, whereas this was desperate, undying love. The musician's behavior required explanation. After wending through the crowd, Junior located the man in front of a painting so egregiously beautiful that any connoisseur of real art could hardly resist the urge to slash the canvas to ribbons. The girl was creepy, no doubt about it, and Junior felt now precisely as he had felt on the night of Celestina's exhibition at the Greenbaum Gallery, when he had come out of the alleyway after disposing of Neddy Gnathic in the Dumpster and had checked his watch only to discover his bare wrist. He was missing something here, too, but it wasn't merely a Rolex, wasn't a thing at all, but an insight, a profound truth. "Sit down, sit down," Agnes urged. "I can offer coffee now and pie in a little bit." "What's below us?" Hound pointed to the floor, paved with rough slate flags. Letting go of Maria, lowering her hand to her heart, Agnes said, "I want to see him." After making the sign of the cross, Maria said, "They must to have kept him in the eggubator until he is not dangerous. When the nurse comes, I will make her to tell me when the baby is to be safe. But I can't be leave you. I watch. I watch over." the grass, silent because he is barely conscious, too badly beaten to protest or to plead for mercy, but also. Surprising himself more than anyone, Edom also presented his collection to the university. Out with tornadoes, hurricanes, tidal waves, earthquakes, and volcanoes; bring in the roses. He lightly renovated his small apartment, painted it in brighter colors, and throughout the autumn, he stocked his bookshelves with volumes on horticulture, excitedly planning a substantial expansion of the rosarium come spring. "Fear?" Kathleen asked, more interested in Vanadium's words than in his prestidigitation. "You said you're offering fear to Cain ... as if that was something he would want." Those who had just met her and those who were overly charmed by eccentricity called her Seraphim, her name complete. Her teachers, neighbors, and casual acquaintances called her Sera. Those who knew her best and loved her the most deeply--like her sister, Celestina called her Phimie. Just as Celestina snapped shut the latches on the suitcase and turned to the door, a nurse's aide entered, pushing a cart loaded with towels and bed linens.
