He shivered, looking from Lang, his titular leader, to Crawford, the only one who seemed calm enough to deal with anything. He was a follower, reliable but unimaginative. "What purpose?" Zeke brought us the news while we were on picket duty this morning. He came running up to the gate, limping a little the way all brickmakers do, and shouting, "Did you hear? Did you hear? The Company's gone! They've struck their tents and left!" He grinned and blitzed me. "Yeah, I guess. Most of the things you read about it are pretty nearly true. Since then, he has earned a reputation as one of SF's most exciting new storytellers through such work as "Retrograde Summer", "The Black Hole Passes," "In the Bowl" (Best from F&SF, 22nd series) and his first novel, Titan. This story was another Nebula award nominee. By this time life was flowing slowly back into his listeners. Although many of them were still too astonished by his proposal to react visibly, heads were nodding, and the murmurs running around the room seemed positive. Barry was obliged to wait out on the sidewalk, which wasn't possible, due to a cold wave that persisted through most of January. He left a message at the Apollo Theater, where the pageant was held, giving three different times he would be waiting for her at Intensity Five. She never showed. By mid-February, he'd begun to be alarmed. Early one morning, defying the weather, he posted himself outside her building and waited (five miserable hours) till she appeared. She was profusely apologetic, explained that she did have his sticker, there was no problem, he shouldn't worry, but she had an appointment she had to get to, his fact she was already late, and so if he'd come back tonight, or better yet (since she had to see somebody after the pageant and didn't know when she'd be home) at this time tomorrow? Thoughtfully, she introduced him to the doorman so he wouldn't have to wait out in the cold. eyes head-on. Their expression seemed oddly out of character with the monologue she'd just delivered. "That, I'm sure, was just coincidence," said Michelle. "After all, we're speaking of only two cases, and neither of the individuals in question was particularly bright. Bright people wouldn't be so quixotic, would they?" She underlined her question with a Mona Lisa smile, and Barry, for all his indignation and outrage, couldn't keep from smiling back. Anyone who could drop a word like "quixotic" into the normal flow of conversation and make it seem so natural couldn't be all wrong.
