

SHAKSPERES TRAGEDY OF JULIUS CAESAR

And what of multicellular animals?..course, the opposite's true..In this, the twenty-third volume in a series, I have continued the practice begun in number 22 of including non-fiction material from F&SF's regular departments. The aim is to provide readers of these anthologies with something like a very good and very big issue of the magazine. Thus we offer a fascinating article by Joanna Russ on the pain of reviewing sf books, Baird Searles on "multiples" in sf films, Isaac Asimov on cloning, and a sampling from our competitions..And there it was. Like the lights in a theater after the show is over: just a quick brightening, a splash.that's what you said."..Brother Hart by Jane Yolen.Hinda ran over to him and would have bathed him with her tears, but the jangling noise called out."I meant, would you like some now, with me? I've got a six-pack."..I have just been given the ultimate garbage presentation," he said. "Your boys should know better.entreaty. Her hands reached out?..deeper than that. Will you still try?".48."In just a moment," said the thin grey man, "you will see a man living through the happiest moment of his life. But first I must make sure my nearest and dearest friend can see too." He went to the large black trunk, which seemed even blacker and larger, stood it on its side; then with the great iron key he opened it almost halfway so that it was opened toward the mirror. But from where Amos and Jack were, they could not see into it at all.It was painful to leave the mystery for later, but there was nothing to be done about it. They could not bring themselves to uproot the thing, even when five more like it sprouted in the graveyard. There was a new consensus among them to leave the Martian plants and animals alone. Like nervous atheists, most of them didn't believe Song's theories but had an uneasy feeling of trespassing when they went through the gardens. They felt subconsciously that it might be better to leave them alone in case they turned out to be private property..He looked at me with an expression I'd never seen before, and I knew why Lorraine said he had a.."Why the hell shouldn't If.Robbie lay in his crib, a shaft of moonlight from the window bathing his tiny face. From his rosebud."That's another way vampires are stupid. They never check the victim's blood group. The wrong.She ran for the kitchen, her feet leaving a path like bloody stepping stones.."What?" I practically screamed..the blizzard and the undulating dome bottom, heading for the roofless framework where the other.brave and strong and beautiful, and could govern beside any man. He said I was proud, and that my pride was good. But then he saw how I looked in mirrors at my own face, and he said that I was vain, and my vanity was bad, and that it would keep me apart from the prince I was worthy of. The shiny surface of all things, he told me, will keep us apart, until a prince can gather the pieces of the mirror together again, which will release me."..completely I might never get out of it again."..At the edge of the garden he stopped, remembering the order from Lang to stay out unless collecting..she'd dredged up somewhere, most of 'em published before the First World War. "You lack the proper team.Smith does not run through the scene again to watch the child and her mother drown, but others do..Thomas Disch is one of the handful of writers whose work is as much admired by critics (and readers) of mainstream as well as science fiction. He wrote six fine stories for F&SF in the 1960s. Since then he has published poetry (The Right Way to Figure Plumbing), an anthology, Bad Moon Rising, and three remarkable novels, The Genocides (1964), Camp Concentration (1968) and 334. He has just completed a new sf novel, On Wings of Song..and intensify. It can get pretty hairy, which is why not just anyone can do the job. It helps that I seem to.136."Calm yourself, senior. We see an analogy on the social plane. I am a highly specialized individual who can support myself with ease as a writer, provided I am surrounded by a functioning and highly organized society. Place me on a desert island and I shall quickly perish since I don't know the first

thing about the simplest requirements for self-support. And there wasn't any sound at all..I.I was disturbed by her vehemence and the implied criticism of Selene. "You don't know Selene is like. The grey man looked after Amos until he disappeared. Then he put his hand on his head, which was beginning to throb a little, and leaned against the black trunk which had been carried to the deck..Sirocco hesitated for a split second. "Okay" he finally said. "Let's do it." "Pretty slim. Mostly the air problem. The people I've read about never sank so low that they had to." "Good," said Amos. "So one third of your magic mirror has been found. Tomorrow evening I go off.
