"Written on?" said Crow, who had been sitting on the well coping, bored. "Marks on it?" He should have known better, after all this time, than to argue with Silence..It was the best he could do in protest against the misuse of good work and a good ship. He retrieved Erreth-Akbe's sword and set it atop the highest tower of his palace..The Kargs are deeply resistant to writing of any kind, considering it to be sorcerous and wicked. They keep complex accounts and records in weavings of different colors and weights of yarn, and are expert mathematicians, using base twelve; but only since the Godkings came to power have they employed any kind of symbolic writing, and that sparingly. Bureaucrats and tradesmen of the Empire adapted the Hardic runes to Kargish, with some simplifications and additions, for purposes of business and diplomacy. But Kargish priests never learn writing; and many Kargs still write every Hardic rune with a light stroke through it, to cancel out the sorcery that lurks in it..fell, because his left hip gave way with a pain that made him cry out aloud. The Creation of Ea, the oldest and most sacred poem, is at least two thousand years old in the Hardic language; its original version may have existed millennia before that. Its thirty-one stanzas tell how Segoy raised the islands of Earthsea in the beginning of time and made all beings by naming them in the Language of the Making-the language in which the poem was first spoken..Island was, they told him, the heart of Earthsea. The ground shivered a little and opened..right? They sent you here as a dowser. If you're a good dowser you'll feed well and sleep easy..Not much mixing of the Kargish and Archipelagan skin-color types has taken place except on Osskil, since the North Reach is isolated and thinly populated, and the Kargad people have held themselves apart from and often in enmity towards the Archipelagans for two or three millennia.."What's changed?".Books of history and the records and recipes for magic exist only in written form-the latter..He was shaking his head all through her speech. "No, no, no, no. Hopeless. Useless. Fatal!".The daughter of "the wise king Thoreg" rescued Erreth-Akbe from this trance or imprisoning spell and restored him his strength. He gave her the half of the Ring of Peace that remained to him. (From her it passed through her descendants for over five hundred years to the last heirs of Thoreg, a brother and sister exiled on a deserted island of the East Reach; and the sister gave it to Ged.) Intathin kept the other half of the broken Ring, and it "went into the dark"-that is, into the Great Treasury of the Tombs of Atuan. Or aren't you friends anymore?".Religion was a unifying element even among the most warlike tribes. There were hundreds of Truce Places on the Four Lands, where no warfare or dispute was permitted. Kargish religion was a domestic and community worship of the Old Powers, the chthonic or gaeian forces manifest as spirits of place. They were worshiped at the site and at home altars with offerings of flowers, oil, food, dances, races, sacrifices, carvings, songs, music, and silence. Worship was both casual and ritual, private and communal. There was no priesthood; any adult could perform the ceremonies and teach children to do so. And he stalked off towards the Overfell, angry with the boy for coming and with himself for giving in; but it was not anger that made his heart pound. Striding along-he could stride, then-with the seawind pushing at him always from the left and the early sunlight on the sea out past the vast shadow of the mountain, he thought of the Mages of Roke, the masters of the art magic, the professors of mystery and power. "He was too much for 'em, was he? And he'll be too much for me," he thought, and smiled. He was a peaceful man, but he did not mind a bit of danger.
