One other pair is in the congressional funding stage. Winey talked to Earth and thinks there'll be a speedup in the preliminary paperwork and the thing'll start building in a year. The launch was scheduled for five years from now, but it might get as much as a year boost. It's a rescue mission now, easier to sell. But the design will need modification, if only to include five more seats to bring us all back. You can bet on there being more modifications when we send in our report on the blowout. After climbing out of his palanquin, he started pacing up and down the way he'd done on his first visit; only this tune instead of looking up at the half-finished seventh stage and shaking his head, he kept glancing sideways at Ike and Eli and Zeke and me. Finally he singled me out and came over to where I was standing, ^shooting the breeze with Ike. So he stood and smoothed down the skins of his coat. "I will go. But I will return."..The sailor fingered his key awhile, then said, "That is kind of you, I suppose."..Reluctantly at first, then with the glad, uncloseted feeling of shaking himself loose over a dance floor, Barry told Cinderella of his ups and downs during the past six months..148.J.L. was down this morning bitching about your performance. Tharsis Base sat on a wide ledge about halfway up from the uneven bottom of the Tharsis arm of the Great Rift Valley. The site had been chosen because it was a smooth area, allowing easy access up a gentle slope to the flat plains of the Tharsis Plateau, while at the same time only a kilometer from the valley floor. No one could agree which area was most worthy of study: plains or canyon. So this site had been chosen as a compromise. What it meant was that the exploring parties had to either climb up or go down, because there wasn't a damn thing worth seeing near the camp. Even the exposed layering and its areological records could not be seen without a half-kilometer crawler ride up to the point where Crawford had climbed to watch the sunrise.. ABOUT TWO HUNDRED feet below the ridgeline, the Third Platoon of D Company had set up its Tactical Battle Station in a depression surrounded by interconnecting patches of sagebrush and scrub.
