

ORTAL 32 THIRTY TWO MEN FROM GONZALES ANSWERED THE PLEA FROM THE

She hung her head, covered her face with her chilled hands, and wondered how her mother could sustain faith in God when such terrible things could happen to someone as innocent as Phemie. Ichabod passed Bartholomew through the open door to Celestina in the passenger's seat, went around the Buick, put the tote bag in the back, and climbed behind the wheel once more. "Not so bad, two thousand," Tom heard himself say idiotically. "I mean, compared to nearly four million." Like all ICU waiting rooms, where Death sits patiently, smiling in anticipation, this lounge was clean but drab, and the utilitarian furnishings didn't pamper, as though bright colors and comfort might annoy the ascetic Reaper and motivate him to cut down more patients than otherwise he would have done. In this case, he was sure that vanity was not a fault, not the result of a swollen ego, but merely healthy self-esteem. That he was irresistible to women wasn't simply his biased opinion, but an observable and undeniable fact, like gravity or the order in which the planets revolved around the sun. "Why? What was he going to get out of it?" In the kitchen, a delicious aroma wafted from the oven. On the stove stood a large pot over a low flame, and nearby was pasta to be added to the water when it came to a boil. Jacob trusted no one but Agnes and Edom. He'd trusted Joey Lampion, too, after years of wary observance. Now Joey was dead, and his corpse was in the embalming chamber of the Panglo Funeral Home. "He's crafty, you say. Can you use him?" Without commenting, Tom continued: "And worlds just like ours—except that my parents never met, and I was never born. Worlds in which Wally was never shot because he was too unsure of himself or just too stupid to take Celestina to dinner that night or to ask her to marry him." Just as Sinatra broke into song again, Junior thought he heard a footstep on the wood floor of the hallway, and the creak of a board. The music masked the sounds of the visitor's approach if, indeed, he was approaching. A nurse fussed over him as she helped him into bed, concerned about his paleness and his tremors. She was attentive, efficient, compassionate but she wasn't in the least attractive, and he wished she would. "She didn't reach into your thoughts and pluck out the name Rowena. Or Beezil or Feezil." In his apartment once more, enjoying a cognac and a handful of pistachios as Monday changed to Tuesday, he decided that he should make preparations for the possibility that he might one day leave incriminating evidence in spite of his precautions. He ought to convert a portion of his assets into easily portable and anonymous wealth, like gold coins and diamonds. Establishing two or three alternate identities, with documentation, also would be wise. Junior suspected Magusson never had any client but himself. Fat fees motivated him, not justice. Second, Thomas Vanadium received no mention: Therefore, his body hadn't been found in the lake. He still ought to be under suspicion in the Bressler case. And if new evidence cleared him of suspicion, then his disappearance should have been mentioned, and he should have been listed as another possible victim of the Shamefaced Slayer, the Bandaged Butcher, as the tabloids had dubbed Junior. More likely than not, this was a lie, and the detective was, setting him up. Suddenly Junior wished that he had denied dreaming. Besides, the possibilities repulsed him. The very thought of a splendid-looking woman like Victoria submitting to a grotesque like Vanadium would have withered his soul if he had possessed a soul. From Sparky, Tom Vanadium had borrowed a master key with which he could open the door to Cain's apartment, but he preferred not to employ it as long as he could enter by a back route. The less often he used the halls that were frequented by residents, the more likely he would be able to keep his flesh-and-blood presence a secret from Cain and sustain his ghostly reputation. If too many tenants got a look at his memorable face, he would become a topic of discussion among neighbors, and the wife killer might tumble to the truth. "And there's more," said Vinnie Lincoln, as round as Santa Claus and cherry-cheeked with pleasure at being able to bear these gifts. "The policy contained a double-indemnity clause in the event of death by accident. The complete tax-free payout is one and a half million." In a swirl of London Fog and righteous indignation, Neddy turned his back on Junior and drifted away through the nibbling, nattering crowd. A deep-set casement window. Two latches on the right side, one high, one low. Detachable hand crank lying on the foot-deep sill. Mechanism socket in the base casing. "Yes. The dried root of a Brazilian plant, the ipecacuanha. It induces vomiting with great effectiveness. The active ingredient is a powdered white alkaloid called emetine." I also wanted information on various things that had happened back then, before Ged and Tenar were born. A good deal about Earthsea, about wizards, about Roke Island, about dragons, had begun to puzzle me. In order to understand current events, I needed to do some historical research, to spend some time in the Archives of the Archipelago. "It's what?" asked the detective, for with the exception of his teeth, he was not a self-improved individual. When Victoria finally calmed her racing heart, she returned the spoon to the tray on the nightstand, stoppered the carafe, and said, "That's enough for now, Mr. Cain. In your condition, even too much I melted ice might trigger renewed vomiting." Junior phoned a twenty-four-hour-a-day locksmith and paid premium post midnight rates to have the double deadbolts re-keyed. As a young man, he had performed first in nightclubs catering to Negroes and in theaters like Harlem's Apollo. During World War II, he'd been part of a USO troupe entertaining soldiers throughout the Pacific, later in North Africa, and following D-Day, in Europe. In spite of his dumpy appearance—and especially in the dark, where appearances didn't count—Vanadium had the aura of a mystic. Although Junior didn't believe in mystics or in the various unearthly powers they claimed to possess, he knew that mystics who believed in themselves were exceptionally dangerous people. The black service road seemed to come out of nowhere, then to vanish into a void, and Junior suddenly felt dangerously isolated, alone as he had never been, and vulnerable. The minister had finished. The service was over. No one came to Junior with condolences, because they would see him again shortly, at the Ford dealership buffet. Cops at the doorstep, the lunatic bitch with the chair, the clergyman's curse—all this amounted to more than even a committed man could handle. Get out of the present, go for the future. In the foyer, Hanna Rey and Nellie Oatis sat side by side on the stairs. Hanna, the

housekeeper, was gray-haired and plump. Nellie, was Perri's daytime- companion, could have passed for Hanna's sister..Sliding one hand lightly along the railing, the boy quickly descended the short flight of steps and walked onto the soggy lawn, into the rain..In agreement, Maria pushed the stack of unused cards aside, and she peered at her hands as if she wanted to scrub them for a long time under hot water.."But you don't understand." She recounted the extraordinary draw of aces during the fortune-telling session Friday evening..At best, Vanadium might decide Junior had come here to learn what other funeral his nemesis had attended-which was, in fact, the true motivation. But this made it clear that Junior feared him and was striving to stay one step ahead of him. Innocent men didn't go to such length. As far as the fruitcake cop was concerned, Junior might as well have painted I killed Naomi on his forehead.."Not really. I love you, Mommy." He yawned and dropped into sleep with a quickness that always amazed her. And then everything changed in one stunning moment. Changed profoundly and forever.."The piece that's intrigued me," Junior revealed, "is the one that's rather like a c-c-candlestick. It's quite different from the others.".That night her sleep was deeper than it had been in a long time, deep as she had expected sleep would never be again, and she was not plagued by any dreams at all, not a dream of children suffering, nor of tumbling in a car along a rain-washed street, nor of thousands of windblown dead leaves rattling-hissing along a deserted street and every leaf in fact a jack of spades..Junior shuddered. Vanadium hadn't invented the name. It had genuine if inexplicable resonance with Junior that had nothing to do with the detective..sport shirt just for no reason at all, because she thought he'd look nice in it?".Junior levered up, scrambled up, vaulted over, and crashed into the deep bin, with every intention of landing on his feet. But he overshot, slammed his shoulder into the back wall of the container, fell to his knees, and sprawled facedown in the trash..In the brief silence between cuts on the album, he heard the clink of the wineglass against the bottle of Merlot, as the visitor evidently gathered them from the floor.."Vomiting. I'm told it was an exceptionally violent emetic episode." "He spewed like a fire hose," Vanadium said matter-of-factly..He snatched up the wine list before she could look at it. "If you're paying, then I'm ordering whatever costs the most, regardless of what it tastes like.".The same thought had occurred to her, a consolation that might make acceptance of these riches possible. Yet she remained chilled by the thought of receiving a life-changing amount of money as the consequence of a death..evening. She brought her daughters, seven-year-old Bonita and six year-old Francesca, who came with their newest Barbie dolls-Color Magic Barbie, the Barbie Beautiful Blues Gift Set, Barbie's friends.hearts represented either a rival in love or a lover who would betray an enemy who would deeply wound the heart. The knave of diamonds was someone who would cause financial grief. The knave of clubs was someone who would wound with words: one who libeled or slandered, or who assaulted you with mean-spirited and unjust criticism..Lipscomb shifted his gaze from the street below to the source of the rain. "Phimie was not gone long, perhaps a minute-a minute and ten seconds at most-and when she was with us again, it was clear from her condition that the cardiac arrest was most likely secondary to a massive cerebral incident. She was disoriented, paralysis on the right side ... with the distortion of the facial muscles that you saw. Her speech was slurred at first, but then something strange happened. . .The city was less than seven miles on a side, only forty-six square miles, but Junior was nevertheless faced with a daunting task. Hundreds of thousands of people resided within the city limits.."Do you know him?" Edom asked, gazing longingly now at the open door, from which Jacob had turned away. "Obadiah Sepharad?" ..He intended to mash the sole of Victoria's right shoe in the pat of butter and leave a long smear on the floor, as though she slipped on it and fell toward the ovens..Worrying is what mothers do best. Celestina was her mother, as far as Angel was concerned, and the child was not yet of an age to be told, and to understand, that she had been blessed with two mothers: the one who gave birth to her, and the one who raised her..replace her. I'd never be able to spend a penny of it. Not a penny. I'd have to give it away. What would be the point?".Years earlier, a stream had been diverted to fill the vast excavation. Stock fish were added, mostly trout and bass..Smiling in the fearless dark, she listened to the rhythmic breathing of a sleeping boy..He didn't rely, either, on a sixth sense to detect obstacles or open spaces, which some blind people claimed to have. Sometimes instinct told him that in his path was an object that ordinarily would not have been there; but as often as not, it went undetected, and unless he was using his cane, he tripped over it. The sixth sense was greatly overrated..He was a pretty good detective, but as regarded the minutiae of daily life, he wasn't as organized as he would like to be. He never remembered to set aside his holey socks for darning; and once he had worn a hat with a bullet hole in it for nearly a year before he'd at last thought to buy a new one..Seeing her, Joey leaped up front his armchair again. He managed to hold on to his book this time, but he stumbled into the footstool and nearly lost his balance..Not that he failed to perform well. As always, he was a bull, a stallion, an insatiable satyr. None of his lovers complained; none had the energy for complaint when he'd finished with them.."Really, Angel," Barty said with genuine concern, "it might be scary. I got another one we could listen to, if you want.".Abruptly alert, sitting up on the edge of the bed, Celestina knew the caller could not be the comatose old woman, so she said angrily, "Who the hell is this?". "This is Detective Bellini, with the San Francisco Police Department. Is everything all right there?".Tom pointed to the nearly finished martini that stood on the table before him. Balanced on the thin rim of the glass: impossibly, precariously--the coin..By the time Agnes opened the driver's door and slumped behind the steering wheel, Barty levered himself onto the seat beside her. Grunting, he pulled his door shut with both hands as she jammed the key in the ignition and started the engine..Though Celestina was still holding Angel, Wally kissed her, and again it was lovely, though shorter than before, and Angel said, "That's a messy kiss.".Maria's belief in the efficacy of this ritual was not as strong as her faith in the Church, but nearly so. As she leaned over the votive glass, watching the final fragment dissolve into ashes, she felt a terrible weight lifting from her..She expected him to be gone, snatched by an accomplice who had come in the back way while Deed had distracted her at the front door..Rising, Celestina said to Tom, "Last Tuesday night, we had to switch on the lawn sprinklers. This will be much better.".Finally he

switched on the light, and illuminated Neddy at ease, silent in death as never in life: lying on his back, head turned to the right, swollen tongue lolling obscenely..This night in Weott, with the high solemn silence of the redwood forests out there now and waiting to embrace him in the morning, he slept without dreams..Traumatized by the violence in her mother's bedroom, not fully aware of what happened to Wally, Angel had been tearful and anxious. A thoughtful physician gave her a glass of orange juice spiked with a small dose of a sedative, and a nurse provided pillows. Bedded down on two pillow-padded chairs, wearing a rose-colored robe over yellow pajamas, she gave herself as fully to sleep as she always did, sedative or not, which was every bit as fully as she gave herself to life when she was awake.."Are you all right?" he asked as he opened the passenger's door and helped her into the car..He slipped the card out from under the change, turned it over. A joker. Printed in red block letters across the card was a name, BARTHOLOMEW.."We have reason to believe that the man who raped your sister is stalking you.."a scene out of a movie about Robin Hood: a battle with cudgels on a slippery log bridge over a river. "Yes. I ... I'm still soaked with sweat."..He had never associated Enoch Cain's dreaded Bartholomew with the disciple Bartholomew in Harrison White's sermon, which had been broadcast once in December '64, the month prior to Naomi's murder and again in January '65. Even now, with blood-scrawled-and-stabbed Bartholomew on the wall and with This Momentous Day before him in the brochure, Tom Vanadium couldn't quite make the connection. He strove to pull together the broken lengths in this chain of evidence, but they remained separated by one missing link.., Heart jumping like the heart of a fox-stalked rabbit, she ran from the driveway into the yard. She would have cried out if her throat hadn't seized up with terror at the sight of her boy at neck-breaking height. By the time she could speak, she realized that a shout, or even the unexpected sound of her plaintive voice, might unnerve him, cause him to misstep, and bring him caroming down, limb to limb, in a bone snapping plunge..He'd wanted to give Celestina more help than she would accept. She continued working nights as a waitress for two years, while she completed classes at the Academy of Art College, and she quit her job only when she began to sell her paintings for enough to equal her wages and gratuities..Nolly, Kathleen, and Sparky had prepared him for Industrial Woman, but when the flashlight beam flared off her fork-and-fan-blade face, Vanadium twitched in fright. Without fully realizing what he was doing, he crossed himself..She asked him how many fingers she was holding up, and he said four, and four it was. Then two fingers. Then seven. Her hands so pale, the palms both bruised..After much oily commiseration, sanctimonious babble about Naomi having gone to a better place, and insincere talk of the government's desire always to ensure the public safety and to treat every citizen with compassion, Knacker or Hisscus, or Nork, finally got around to the issue of compensation.."Just now." Although Angel tried to sound nonchalant, she was trembling. "I'm not sure I can do it again."..What he saw next in the brochure wasn't the link that he sought, but it alarmed him so much that the three-fold pamphlet rattled in his hands. The reception for Celestina's show had been this evening, had ended more than three hours ago..Tom Vanadium, on the other hand, was certain that Cain, having prepared for the possibility that something would go wrong during his assault on Celestina, wouldn't be easy to locate or to apprehend. In Vanadium's view, the maniac either had a bolt-hole waiting in the city or was already out of the SFPD's jurisdiction..He said, "There's a whiteness in Barty's right pupil ... which I think indicates a growth. The distortions in his vision are still there, though somewhat different, when he closes his right eye, so that indicates a problem in the left, as well, even though I'm not able to see anything there. Dr. Chan has a full schedule tomorrow, but as a favor to me, he's going to see you before his usual office hours, first thing in the morning. You'll have to start out early."..It wasn't as if this was Junior's first encounter with a dead body. In the past few years, he'd become as comfortable with the deceased as any mortician might be. They were as unremarkable to him as cupcakes were to a baker..In the bedroom once more, before poring through the contents of the nightstand drawers, the dresser drawers, and the closet, he looked in the adjacent bathroom, switched on the light because there was no window-and found Bartholomew on a wall, slashed and punctured, disfigured by hundreds of wounds. Wally parked the Buick at the curb in front of the house in which he lived, and when Celestina slid across the car seat to the passenger's door, he said, "No, wait here. I'll fetch Angel and drive the two of you home."..Along the hall to his room. Fast and low through the doorframe. Wary of the closet door standing two inches ajar..He stood watching until the car cruised out of sight, and even after it dwindled to a speck and vanished in the distance, he stared at the point in the street where it had last been, stared while a breeze turned playful, tossing eucalyptus leaves around his feet, stared until at last he turned and began the long walk home..By nature, she was unable to hold fast to resentment, couldn't nurture a grudge, and was incapable of vengeance. She had forgiven even her father, who had put her through hell for so long, who had blighted the lives of her brothers, and who had killed her mother. Forgiving was not the same as condoning. Forgiving did not mean that you had to exonerate or forget..Dr. Zedd's death, just last Thanksgiving, had been a blow to Junior, a loss to the nation, to the entire world. He considered it a tragedy equal to the Kennedy assassination one year previous..At the top of the candlestick, the drip pan and the socket were marked by a wine-red drizzle. The color of well-aged bloodstains.."Doesn't look so spooky to me." She turned the knave of spades so the baby could see it. "Does he scare you, Barty?"..This declaration was received seriously by Edom and Jacob, as if the devil often strolled the streets of Bright Beach and from time had been known to snatch little babies from their mothers' and eat them with mustard..He pushed on the door, but still it resisted, and he surprised himself by letting out a bellow of frustration that expressed quite the opposite of self-control, though no one listening could have the slightest doubt about his determination to commit and command..Tom Vanadium was too unnerved by the Cain scare to be interested in the newspaper anymore. The strong black coffee, superb before, tasted bitter now..Yes, she did, she had one, but not much of one, and compared to the McIntosh in Google's throat, this was just a bitty crab apple, easy to overlook, not excessive for a woman..Escorting her home didn't require either a car or a long walk, because she lived upstairs in the hotel where he'd had dinner. The top three

floors of the building featured enormous owner-occupied apartments.. "Take care you don't beat evil into him," said his aunt.. voice was flat, a drone; he had delivered not an emotional threat, but a quiet promise.. Saturday and Sunday, between sessions with the directory, Junior cruised around the county on a series of pleasure drives-testing the theory that the maniac cop was no longer following him. Apparently, Simon Magusson was correct: The case had been closed.
