Many readers are, in fact, unacquainted with the general canon of English literature or the standards of criticism outside our own small field. Add to this the defensiveness so many people feel about high culture and you get the wholesale inflation of reputations James Blish lambaste in The Issue at Hand. Like him, I believe that somebody has to stop handing out stars and kisses: If "great writer" means Charles Dickens or Virginia Woolf (not to mention William Shakespeare), then it does not mean C. S. Lewis or J. R. R. Tolkien, about whom the most generous consensus of mainstream critical opinion is that they are good, interesting, minor authors. "I don't want to go off into a lot of personal anecdotes and reminiscences. That kind of thing is customary on an occasion such as this, but it would be trivial, and I wouldn't want my last speech as president of NASDO to be marked by trivia. The times do not permit such luxury. Instead, I want to talk about matters that are of global significance and which affect every individual alive on this planet, and indeed the generations yet to be born--assuming there will be future generations." Then he went to pick up his shirt and coat..Ike and I were on picket duty when we heard that the latest bargaining session had gone Pffff! Eli was on too, and a bricklayer named Dan.
