So he turned Morred's people against him. Crying out that their king had betrayed them, the villagers of Enlad destroyed their own cities and fields; sailors sank their ships; and his soldiers, obeying the Enemy's spells, fought one another in bloody and ruinous battles..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (83 of 111) [2/5/2004 12:33:31 AM].Irioth came up onto the doorstep. He had always loved her, but had not understood that he loved her beyond anyone and anything. When he was with her, even when he was down on the docks thinking of her, he was alive. He never felt entirely alive in Master Hemlock's house and presence. He felt a little dead. Not dead, but a little dead..understand the Glosses of Danemer, and keep his mouth closed..When the city was in order again, and the ships had all come back, and the walls were being rebuilt, Ogion escaped from praise and went up into the hills above Gont Port. He found the queer little valley called Trimmer's Dell, the true name of which in the language of the Making was Yaved, as Ogion's true name was Aihal. He walked about there all one day, as if seeking something. In the evening he lay down on the ground and talked to it. "You should have told me, I could have said goodbye," he said. He wept once, and his tears fell on the dry dirt among the grass-stems and made little spots of mud, little sticky spots..The boy was barely seventeen, and he himself just forty-five. In his prime. He had been feeling."And you didn't. . .". "When he gets himself a girl," Golden said, in answer to whatever it was she had been saying, "he'll be all squared away. Living with the wizards, you know, the way they are, it set him back a bit. Don't worry about Diamond. "Captain," he said, "I'm sorry, I must wait to spell your sails. An earthquake is near. I must warn the city. Do you tell them down there, every ship that can sail make for the open sea. Doors opened in all."There was no place for him among the Masters, since a new Master Summoner had been chosen, a.the moment I stood before them and was opening my mouth to speak, I saw that she was eating."There," Anieb said. She pointed at the mountain and smiled. She looked at her companion, then slowly down at the ground. She sank down kneeling. He knelt with her, tried to support her, but she slid down in his arms. He tried to keep her head at least from the mud of the track. Her limbs and face twitched, her teeth chattered. He held her close against him, trying to warm her..The Deed of Enlad, a good deal of which appears to be purely mythical, concerns the kings before Morred, and Morred's first year on the throne. The capital city of these rulers was Berila, on the island of Enlad.."I doubt it," Diamond said.."What's more wrong than to summon oneself back from death?" said the Namer..He was still shaken, appalled, by the ease with which Gelluk had forced him to say his name, which gave the wizard immediate and ultimate power over him. Now he had no hope of resisting Gelluk in any way. That night he had been in utter despair. But then Anieb had come into his mind: come of her own will, by her own means. He could not summon her, could not even think of her, and would not have dared to do so, since Gelluk knew his name. But she came, even when he was with the wizard, not in apparition but as a presence in his mind..eyes catching and holding hers. "But there. In the wood. Under the trees. There is the old wisdom..from pain. It was all part of the great principle, perfectly clear once seen. The wizard stood still in the doorway of his house, between the dark room and..wary of them, but he had never known one with skill and power equal to his own.."But we met, we sat, and we could not choose. We said this and said that, but no name was spoken..in Gont Port, and Dulse had sent Silence down instead, and there he had stayed..coming home. Hmn, hmn," he went, pleased with his joke. "Late coming home," he repeated, and got..Otter's humble teachers had taught him pride. They had trained into him a deep contempt for..TARRY'S MALICE had left his nerves raw, and the thought of the party weighed on him till he lost his appetite. He thought hopefully for a while that he was sick and could miss the party. But the day came, and he was there. Not so evidently, so eminently, so flamboyantly there as his father, but present, smiling, dancing. All his childhood friends were there too, half of them married by now to the other half, it seemed, but there was still plenty of flirting going on, and several pretty girls were always near him. He drank a good deal of Gadge Brewer's excellent beer, and found he could endure the music if he was dancing to it and talking and laughing while he danced. So he danced with all the pretty girls in turn, and then again with whichever one turned up again, which all of them did..formed the mouth of the cave, no bigger than a man or a badger needed to crawl through. He crawled..the mice and wood rats from her small store of food, a shelter of branches, and a cook fire near a."I don't know, my dear. I do want you to be safe. I do love to see your father happy and proud of you. But I can't bear to see you unhappy, without pride! I don't know. Maybe you're right. Maybe for a man it's only one thing ever. But I miss hearing you sing.."What's that all about?" Golden said to his wife, a rhetorical question. She looked at him and..Diamond. It tickled him a little, though, to see his boy teaching tricks to the witch-child..Losen shouted, beating his paralyzed legs with his weak hands..a mage's powers, unless he was as mighty as the Enemy of Morred, he couldn't hold armies and..out, past the Armed Cliffs! Good luck to you." And he turned and ran back up the street, a tall..mouth, and stood waiting to die. She had looked at him..In the young dowsler he recognized a power, untaught and inept, which he could use. He needed much more quicksilver than he had, therefore he needed a finder. Finding was a base skill. Gelluk had never practiced it, but he could see that the young fellow had the gift. He would do well to learn the boy's true name so that he could be sure of controlling him. He sighed at the thought of the time he must waste teaching the boy what he was good for. And after that the ore must still be dug out of the earth and the metal refined. As always, Gelluk's mind leapt across obstacles and delays to the wonderful mysteries at the end of them..Doorkeeper..friend the wise woman up to hex 'em away. Or aren't you friends anymore?..bodily strength came back soon, for he was young, but his mind was slow to find itself. He had..weatherworking, and even healing, because they held no fear, no challenge to him. He saw no virtue..If he lives I will live..Dulse had sent students on to the School, three or four of them, nice lads with a gift for this or that; but the one Nemmerle waited for had come and gone of his own will, and what they had thought of him on Roke Dulse did not know. Silence did not say. He had learned

there in two or three years what some boys learned in six or seven and many never learned at all, but to him it had been mere groundwork..control a storm, as a ship's weatherworker must do. But he thought he'd rather drown in a gale."I don't live in this House. In any house," the Patterner said. "I live there. The Grove - ah," he said, turning suddenly. The big, white-haired man, Kurremkarmerruk the Namer, was standing just down the path. He had not been standing there until the other mage said 'Ah." Irian stared from one to the other in blank bewilderment..For Golden looked on the Art Magic with genuine humility as something quite beyond him -- not a."I think they fear them too," said Veil.. "I'm going back to where I am," Kurremkarmerruk said abruptly. "I don't like leaving myself about.The desire for power feeds off itself, growing as it devours. Early suffered from hunger. He starved. There was little satisfaction in ruling Havnor, a land of beggars and poor farmers. What was the good of possessing the Throne of Maharion if nobody sat in it but a drunken cripple? What glory was there in the palaces of the city when nobody lived in them but crawling slaves? He could have any woman he wanted, but women would drain his power, suck away his strength. He wanted no woman near him. He craved an enemy: an opponent worth destroying..The man named Ged went to him and took his hands, which were half stretched out, pleading..Crow ranted, but at the mere thought that the Book of Names might still exist he was ready to set off for the Ninety Isles as soon as Tern liked..hers and smiled at him, a smile so tender and radiant that he said spontaneously, "And may what.said. "It's at daybreak a name should be given. And then there ought to be music and feasting and.had slept there had slept peacefully. As for decrepit walls, mice, cobwebs, and scant furniture,
