

## THE SACRAMENTS VOL 4 A DOGMATIC TREATISE

was the enemy he wanted!.Sunreturn and the Long Dance, in the speaking and singing of the traditional songs and epics at.acid of the man's jealousy that would not hear them and burned them before they were spoken..some spell of his own art that we did not understand, like the spell snakes know that keeps their.shadowy sunrise land. Far ahead, bright in the first sunlight, he saw the curve of a high green."No," his wife said in her soft, level voice, "we aren't.". "Tell me what you'll be doing-".Licky had told him that it was the fumes of the metal rising from heated ore that sickened and killed the people who worked in the tower. Otter had never entered it nor seen Licky enter it. He had come close enough to know that it was surrounded by prisoning spells that would sting and bewilder and entangle a slave trying to escape. Now he felt those spells like strands of cobweb, ropes of dark mist, giving way to the wizard who had made them..to rejoin the broken halves of the Ring and so remake the Rune of Peace. He and Tenar brought the.Diamond had been given his truename at the springs of the Amia in the hills above Glade. The.She turned away from him and them and went on up the hill in the gathering darkness. As she went farther from them they saw her then, all of them, the great gold-mailed flanks, the spiked, coiling tail, the talons, and the breath that was bright fire. On the crest of the Knoll she paused a while, her long head turning to look slowly round the Isle of Roke, gazing longest at the Grove, only a blur of darkness in darkness now. Then with a rattle like the shaking of sheets of brass the wide, vaned wings opened and the dragon sprang up into the air, circled Roke Knoll once, and flew..it included practices otherwise called "high arts," such as healing, chanting, changing, etc..himself. It did not fit him. Nothing about him fit together, made a whole. Yet she felt no.Otter stood motionless, effaced, as Anieb had stood in the room in the tower..There was an old man by our door."Nothing to do with us, that lot at the old place," Birch said, displeased. The tactful Ivory asked no more. But he wanted to see the girl as beautiful as a flowering tree. He rode past Old Iria regularly. He tried stopping in the village at the foot of the hill to ask questions, but there was nowhere to stop and nobody would answer questions. A wall-eyed witch took one look at him and scuttled into her hut. If he went up to the house he would have to face the pack of hellhounds and probably a drunk old man. But it was worth the chance, he thought; he was bored out of his wits with the dull life at Westpool, and was never slow to take a risk. He rode up the hill till the dogs were yelling around him in a frenzy, snapping at the mare's legs. She plunged and lashed out her hooves at them, and he kept her from bolting only by a staying-spell and all the strength in his arms. The dogs were leaping and snapping at his own legs now, and he was about to let the mare have her head when somebody came among the dogs shouting curses and beating them back with a strap. When he got the lathered, gasping mare to stand still, he saw the girl as beautiful as a flowering tree. She was very tall, very sweaty, with big hands and feet and mouth and nose and eyes, and a head of wild dusty hair. She was yelling, "Down! Back to the house, you carrion, you vile sons of bitches!" to the whining, cowering dogs..Making. "Come along, then, Ulla," he said, and the heifer came a step or two towards him, towards.Diamond. It tickled him a little, though, to see his boy teaching tricks to the witch-child..acts. Only in the syntax of the Old Speech, however, and only as spoken or written by a wizard,."I was just talking, just to talk, it had no. . .".equal, one greater. There was birth. When the Lord of the Western Land came to his domain near.Then he was back in himself, with the fierce hurt in his arm and hip and head, sick and dizzy in.South of Andanden lies a land where the ashes fell a hundred feet deep when last the volcano spoke. Rivers and streams cut their way seaward through that high plain, winding and pooling, spreading and wandering, making a marsh of it, a big, desolate, waterland with a far horizon, few trees, not many people. The ashy soil grows a rich, bright grass, and the people there keep cattle, fattening beef for the populous southern coast, letting the animals stray for miles across the plain, the rivers serving as fences..little way, a few strides. She turned and looked back down at him. "What keeps you from the hill?". "He drinks because he drinks," she said. "With some, that's all it is. I'll be in the dairy, now..Night had come. Gift's lamp had flickered out. Only the red glow of the fire shone on Hawk's face..that supposed to mean something?.jolt, no warning, no whistle. Nothing. A distant voice resounded like the horn of a postilion, four.went to the door to see what she loved best to see, the sky before sunrise. Looking down from it.destroying sweetness, sinking into an annihilating embrace, dreams in which she was something.Diamond met his gaze for a moment, looked down, and said nothing..foolishness thoroughly..She was wise, and kind. Why had he lived so long among those who were not kind?.The existence of magic as a recognized, effective power wielded by certain individuals, but not by all, shapes and influences all the institutions of the Hardic peoples, so that, much as ordinary life in the Archipelago seems to resemble that of nonindustrial peoples elsewhere, there are almost immeasurable differences. One of these differences may be, or may be indicated by, the lack of any kind of institutionalised religion. Superstition is as common as it is anywhere, but there are no gods, no cults, no formal worship of any kind. Ritual occurs only in traditional offerings at the sites of the Old Powers, in the great, universally celebrated annual festivals such as Sunreturn and the Long Dance, in the speaking and singing of the traditional songs and epics at these festivals, and, perhaps, in the performance of spells of magic..Her breath stuck in her throat. She gasped a little for air. When she recovered herself she saw.began to eat..gossip..And the boy must have a staff. Why had Nemmerle let him leave Roke without one, empty-handed as a prentice or a witch? Power like that shouldn't go wandering about unchannelled and unsignalled..sped on. I discovered a remarkable thing: there was no sensation of braking or acceleration, as if."Back that way," said the taverner..The ship's weatherworker came aboard just before they sailed, no Roke wizard but a weatherbeaten.She stopped and stared at him..But seeing no slope or stair downward as he came to the lip of the broken roof of the cavern, he.among the leaves..On the island of Ark, and in Orrimy on Hosk, and down among the Ninety Isles, there are tales about a man who came seeking for a land where people remembered the justice of the kings and the honor of

wizards, and he called that land Morred's Isle. There's no knowing if these stories are about Medra, since he went under many names, seldom if ever calling himself Otter any more. Gelluk's fall had not brought Losen down. The pirate king had other wizards in his pay, among them a man called Early, who would have liked to find the young upstart who defeated his master Gelluk. And Early had a good chance of tracing him. Losen's power stretched all across Havnor and the north of the Inmost Sea, growing with the years; and the Hound's nose was as keen as ever. The curer said nothing to the cowboy but went straight to the mule, or hinny, rather, being out of. "I heard -" she said, and could not say what she had heard. Maharion and Erreth-Akbe became "hearts brothers." They spent ten years together fighting the Kargs, whose occasional forays from the East had in recent times become a slave-taking, colonising invasion. Venway, Torheven and the Torikles, Spevy, Perregal, and parts of Gont were under Kargish dominion for a generation or longer. At Shelieth on Way, Erreth-Akbe worked a great magic against the Kargish forces, who had landed in "a thousand ships" on Waymarsh and were swarming across the mainland. Using an invocation of the Old Powers called the Waterlore (perhaps the same that Elfarran had used on Solea against the Enemy), he turned the waters of the Fountains of Shelieth-sacred springs and pools in the gardens of the Lords of Way-into a flood that swept the invaders back to the seacoast, where Maharion's army awaited them. No ship of the fleet returned to Karego-At. Gift hurried to the village. She went straight up to the doorstep, bent over the heap, and laid poor and powerless might learn what power is..powerless. The Four Lands were governed from Awabath. The high priests of the Twin Gods became. Gelluk had made him foreman over the miners, Licky said, but he did no work in the mine; the the Archipelago-perhaps to avenge the Firelord. These fiery flights caused great terror, and. "This way, this way," Gelluk murmured. "No harm will come to you." They came to the doorway of the roaster tower, a narrow passage in the three-foot-thick walls. He took Otter's arm, for the young man hesitated..grazing on Iria Hill, the bronze crowns of the oaks. "He's very careful how he talks about the.encompassed me in an invisible arch. For the first time I felt alone, but not as in a crowd, for the.Iria regularly. He tried stopping in the village at the foot of the hill to ask questions, but.appear as formidable but feeling beings, whose anger at the invading human fleet is justified by."Gully," he named himself after a pause, and she thought it was a name he had made up to call himself. It did not fit him. Nothing about him fit together, made a whole. Yet she felt no distrust of him. She was easy with him. He meant no harm to her. She thought there was kindness in him, the way he spoke of the animals. He would have a way with them, she thought. He was like an animal himself, a silent, damaged creature that needed protection but couldn't ask for it..elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over."She's Irian of Westpool's mare. You're the wizard, then?".who read the books. All times are changing times, but ours is one of massive, rapid moral and.When you construct or reconstruct a world that never existed, a wholly fictional history, the."I don't know," Dragonfly said. "To hear about the Great House is wonderful, but I thought the people there would be - I don't know. Of course they're mostly just boys when they go there. But I thought they'd be..." She gazed off at the sheep on the hill, her face troubled. "Some of them are really bad and stupid," she said in a low voice. "They get into the School because they're rich. And they study there just to get richer. Or to get power.".offered them at fair prices, mostly in barter, since there was little money among the islanders..thinking that his daughters were of noble blood..also long for the unalterable..When he was on Orrimy, Medra had learned to read the common writing of the Archipelago. Later,.brutal not cruel. He demanded obedience, but nothing else. Otter had seen slaves and their masters."I'll take those names from you, Irioth, but not your own.".when he was seven or eight he had lost the hang of it and never could do it again.."Diamond." He trilled and caroled about the house; he knew any tune as soon as he heard it, and.The spasm passed; Heleth answered, "Inside it. There at Yaved." He pointed to the knotted hills.had equipped him with every kind of magic that could be needed in Iria of Westpool on Way. To.only imagination can restore the least glimmer of it. If we lie about the past, forcing it to tell.Where he went then, the songs don't tell. They say only that he wandered, "he wandered long from.When the city was in order again, and the ships had all come back, and the walls were being rebuilt, Ogion escaped from praise and went up into the hills above Gont Port. He found the queer little valley called Trimmer's Dell, the true name of which in the language of the Making was Yaved, as Ogion's true name was Aihal. He walked about there all one day, as if seeking something. In the evening he lay down on the ground and talked to it. "You should have told me, I could have said goodbye," he said. He wept once, and his tears fell on the dry dirt among the grass-stems and made little spots of mud, little sticky spots..straightening up and looking about vaguely as if for an answer, or a ewe, or a towel. "You have to.and cast no shadow, she knew it.."You'll come to the sea, going south, they say," said Ayo..walked through the night. He was very lame, and could not always keep up the werelight. When it.Bitterly he recognized that he was always believing his own lies, caught in nets he had.Havnor, from the upland farms of Onn and the woodlands of Faliern. A story may be pieced together.anything to do with what I do, what my mother does. Well, I don't want anything to do with what.In about 650, the sisters Elehal and Yahan of Roke, Medra the Finder, and other people of the Hand.Hardic. Kargish has diverged most widely in vocabulary and syntax from the Old Speech. Most of its.up on deck. She was afraid of the water, she had told him. She could not swim; she said, "Drowning.but there was more of obedience in it. Dogs were hierarchs, dividing the world into lords and.now to the other half, it seemed, but there was still plenty of flirting going on, and several.Once, when they had gone a long way and the trees, dark evergreens she did not know, stood very.city, in these latter days, men and women of the islands speak with dragons, in sign of change..generally come to distrust the ancient practices and made no appeal to the "Powers of the Mother.". "Why do you play deaf?" I asked, and suddenly, from the spot where I stood -- as if from.She considered herself, sitting in the deep silence of the Grove. No bird sang; the breeze was down; the leaves hung still. Am I ensorcelled? Am I a sterile thing, not whole, not a woman? she asked herself, looking at her strong bare arms, the slight, soft swell of her breasts in the shadow under

the throat of her shirt..highly comical way; this melee of forms, although devoid of faces, heads, arms, legs, was very.him that Otter's sister hurried in to tell him, "Hound's won a battle or a fortune! He's riding.as if expecting to find stilts that would account for my height. He did not say a word.."You don't look like a man," he said. Her face fell. "Not to me. You'll never look like a man to me. But don't worry. You will to them.".His head hurt again, and he whimpered and shivered, trying to draw himself together for warmth. There was no warmth and no light..one, until that night..city man and a saltwater man, he knew little of farms and their animals, but he thought the donkey.only by wizards trained in their use; but a good many of them, such as the symbol written on the.small, bulging bottle. She poured me a drink. It had alcohol in it -- not much -- but there was."Now you," Diamond said to Rose, and she started to do what he had done, but the rock only.Great House, I feel that nothing can be done but what has been done. That nothing will change..Veil, with her gentle voice and smile, was implacable. She told Medra that though she had.the straw musty. Ivory felt no lust at all, though Dragonfly lay not three feet from him. She had.That would be unwise," he said, with a good imitation of the Master Changer's terse solemnity. "If need be, I'll do it, of course. But you'll find wizards very sparing of the great spells. For good reason.".woods, walking a bit stiffly and scratching his head as he went, as people do when half awake..ground glimmered faintly before their feet..by Stanislaw Lem.That was a leap in the darkness. Which of them had said it?.When he saw it, faint and green above the misty sea, he cried out-the men in the ships heard the dragon scream-and flew on faster, leaving them to follow him to the conquest.."Third time's the charm.".scholar by the age of twelve. About that time the midwife who had helped his mother at his birth.youngest of them tortured, and then burned them where Losen could sit at his window and watch. The.occasionally the blur of a face shone, once I even brushed by someone. The crowns of the trees.She followed the Doorkeeper down a stone passageway. Only at the end of it did she think to turn.He was still shaken, appalled, by the ease with which Gelluk had forced him to say his name, which.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (63 of 111) [2/5/2004 12:33:31 AM]."Well, and afterward?".and she put her hand on his forehead. He opened his eyes, looking straight into hers without.The history of the Four Lands is mostly legendary, concerning local struggles and accommodations.bigger than you were," she said. "Can you still make a light, Di? I want to see you.".directions; then suddenly I collided with someone. I did not lose my balance, I merely stood.paying copper where he thought he might have to pay ivory." "Are the cattle he touched keeping.bracelets and bangles that flashed and crashed when she flicked out an impatient spell. At times.listening in silence..Sometimes he smiled at her ignorance, but he never sneered at it or reproved it. Like the witch, "When the balance is wrong, holding still is not good. It must get more wrong," said the.him; he had the lead. But Early could follow the lead, and if his own powers were not enough he."Aha. It's nothing," I repeated. I couldn't sit any longer. I got up. I nearly leapt, forgetting.He saw her smile, but she was also hesitant, and after a while she said, "Well, you're welcome.,A wonder she was, and Dory bade fair to follow her.".household, told the Master that it was time his daughter had her naming day. They asked should.my honor and thanks to you. May your heart and hearth know peace," and he made a gesture that left.talk of how to destroy one another?".there in his small, brave, brief humanity, his mortality, defenseless. She drew a long, long.She had no wish to explore for herself. The peacefulness of the place called for stillness,.up. He looked at Otter, who was not much to look at. "Rest easy," he said, and went off..He drank a mug of beer down in one draft, and the girls with him watched the muscles in his strong throat as he swallowed, and they laughed and chattered, and he shivered all over like a cart horse stung by flies. He said, "Oh! I can't --!" He bolted off into the dusk beyond the lanterns hanging around the brewer's booth. "Where's he going?" said one, and another, "He'll be back," and they laughed and chattered..In silence Dulse sought his name, and saw two things: a fir-cone, and the rune of the Closed.holiest place was a cavern and standing stones in the desert of Atuan, called the Tombs. It was a."Conscience caught him," said the Namer. "Conscience told him he alone could set things right. To do it, he denied his death. So he denies life.".woman, I did not immediately grasp, for it reached me when my back was turned, as I was
