"You know," Barry burst out in a sudden access of confessional bonhomie, "I feel confused most of the time." "About as far as you can get without comin' out the other side. Did you know most of the people. At long last the Mediator has got both sides to agree to another meeting. It's to take place tomorrow morning. I think the Organizer should back down a little? settle, say, for a ten-percent raise and forget the fringe benefits. True, it's only been two weeks since we walked off the job, but Debbie and I have already run up a sizable food bill at the Mom & Pop store around the corner, what's left of our savings will just about cover the rent, and I'm smoking Bugler instead of Winstons. And any day now, as Debbie keeps reminding me, we're going to have another mouth to feed. Feeding it doesn't worry me half so much as paying the hospital and doctor bills. kneeling in the shrubbery. He photographs them. He turns off the power., sits for a moment, then goes to. I had expected a more sympathetic reaction. I snapped, "You don't sound very sorry it happened." So Amos and Jack stood with the sun hi their eyes, and the great blustering North Wind squatted down to look at himself in the mirror. He must have been pleased with what he saw, because he gave a long loud laugh that nearly blew them from the peak. Then he leapt a mile into the air, turned over three tunes, then swooped down upon. samples in the future were real Martian plants or mutated Earth stock." Wells's *The Island of Dr. Moreau*, filmed with superbly demonic atmosphere as *Island of Lost Souls* in 1932. Charles Laughton, maybe the best actor yet to appear on film, gives an extraordinary performance as Dr. M., and Bela Lugosi captures the spirit of the beast men as the Speaker of the Law with the abhuman quality that characterized his *Dracula*. Now Burt Lancaster is one of film's most underrated actors, but his straightforward non-intellectual approach to the doctor role undermined the '70s trip to the Island; Richard Basehart didn't help matters by looking like a beneficent Old Testament prophet in the Lugosi role. But even Laughton and Lugosi would have been hard put to come across, with the later film's completely uninteresting script and camerawork. it to produce these messages as a practical joke. The Thief of Bagdad may set some sort of record with three acceptable productions, all using widely. The cottage in the clearing was still except for a breath of song, wordless and longing, that floated on the air. It was Hinda's voice, and when the hunter heard it he smiled for she was singing tunes he had taught her. "Right. The thing about cars is ... Well, I live in Elizabeth across the river, right? So any time I come. 214. will be very different. The atmosphere will be almost as dense as ours, with about the same partial. Amanda screamed again. I tried to roll sideways but my body would not respond and I steeled myself for the second, almost surely fatal blow. But, instead, there was the thud of something dropping on the floor. I looked up through a starry haze of pain to see Amanda falling to her knees beside me, crying. "That means," said Lea, " I was put here to be the nearest and dearest friend to all those grim, grey people who cheat everybody they meet and who can enjoy nothing colorful in the world." "Pipe down in there," said the jailor. "I'm trying to sleep." And he spread out his piece of grey canvas sail and lay down. Well curry your prmcress-turned-frogs,

I crawled toward the kitchen, dragging the weight of my head with me. "Amanda, what are you doing?"..them, grabbing them up and setting them on his shoulders. Amos and Jack clung to his long, thick hair as the Wind began to fly down the mountain, crying out in a windy voice: "Now I shall tell all the leaves and whisper to the waves who I am and what I look like, so they can chatter about it among themselves in autumn and rise and doff their caps to me before a winter storm." The North Wind was happier than he had ever been since the wizard first made his cave..each twin is a clone of the other.."Would you like to come with me," asked Amos, "and get the piece yourself."..Singh looked at each of the adults and saw no trace of doubt. The door had a heavy-duty bolt that couldn't be fastened or unfastened from the outside. The window beside the door didn't open at all and wasn't intended to. The bathroom and kitchen windows cranked out and were tall and skinny, about twenty-four by six. The other living room window, opposite the door, slid upward. The iron bars bolted to the frame were so rusted I doubted if they could be removed without ripping out the whole window. So it must be that what we're thinking of as crude oil must be something a little different It has to be the remains of the last generation."..Q: What happens when there's No Blade of Grass?..Amos began to whisper through the bars. Behind them the jailor snored on his piece of canvas..YOU?"..Singh told his people to stop, and he stood back admiring the complexity of the life in such a barren..Yon are five, hiding in a place only you know. Except for a dazed expression and a few cuts, Song seemed to be all right. Crawford and McKillian joined them as they lay her on the bunk..I shrugged.
