Here and there in the audience, faces turned to glance curiously at one another. Clearly, this was not to be just another retirement speech. Congreve went on. "We have already come once to the brink of a third world war and hung precariously over the edge. Today, in 2015, twenty-three years have passed since U.S. and Soviet forces clashed in Baluchistan with tactical nuclear weapons, and although the rapid spread of a fusion based economy at last promises to solve the energy problems that brought about that confrontation, the jealousies, mistrusts, and suspicions which brought us to the point of War then and which have persistently plagued our race throughout its history are as much in evidence as ever. Unfortunately the polys were not always fun. The terrestrial and extraterrestrial psychosensitive materials that were supposed to enable the poly furnishings to match their owner's personality and moods became so neurotic when exposed to a large number of users or households where emotion ran hot that they developed shapes and colors whose effect on humans ranged from mildly annoying to violently nauseating. Polys were appropriate for Amanda, though. They could suit both her and her alter ego and eliminate any conflict over taste hi furniture. Saturday, the 23rd, I had three. If the first trip had been an ordeal, this one was an agony: a frantic thrust through the sultry night on the steaming river, Moises sweating over the throttle as Nolan held Darlene's shuddering shoulders against the straw mattress in the stern of the vibrating launch. They made Manaos by dawn and roused Dr. Robales from slumber at his house near the plaza. "We'll never catch her then!" Nolan gripped Moises* shoulder. "Don't you understand? She's taken Robbiel". Sure enough they found themselves on the edge of a round, silvery pool. Across from them, large frogs croaked at them, and one or two bubbles broke the surface. Together Amos and Jack looked into the water. Crawford waited until she had run through a long list of reasons why they were doomed. Most of. Orghmftbfe. "Well," said Jack, "after I could not find my way home, I decided I should try and find the pieces. So I began to search. The first person I met was the thin grey man, and with him was his large black trunk in which, he said, was his nearest and dearest friend. He said if I would work for him and carry his trunk, he would pay me a great deal of money with which I could buy a ship and continue my search. He told me that he himself would very much like to see a woman worthy of a prince. 'Especially,' he said, 'such a colorful prince as you.' I carried his trunk for many months, and at last he paid me a great deal of money with which I bought a ship. But then the skinny grey man stole my map, stole my ship, and put me here in the brig. I couldn't find a morning paper at that hour closer than Western and Wilshire. The story was on page. after the initial tragedy. He and his ship were here now only to explore. "I said back off! Now your enchantment is at an end." Let me give you a quick rundown of this exciting interactive game. It is the year 2783. Man has reached out to settle thousands of planets scattered across the galaxy. Then, suddenly, the galaxy is invaded by a horde of alien beings, the Zorphs. They enslave all planets in their path. Those that resist are destroyed without mercy. You, as Captain of the Avenger, the great Terran warship, will range interstellar space, seeking out and destroying the forces of Zorph. They named their colony New Amsterdam, because of the windmills. The name of whirligig was the lost, doomed look. "Well, we can't live forever, can we? Are you ready to go?" Multiples. "Marvelous," Singh said, truly impressed. He had seen the tiny whirlibirds weaving the suits, and he joined them as they lay her on the bunk. STURGEON'S Well Sturgeon Is Alive and beyond. Amanda was still very quiet when I took the lease in to her. I offered her myself and my runabout to move her luggage from the cabletrain station. She accepted, and while we collected the luggage, including a huge trunk that almost filled the car, I did my best to be kind and amusing. Finally, she started glowing again. I left her with the key, my telephone number, and a warning that, since the cabins on either side of her for some distance were empty, she should keep her doors locked. The captain's voice is going up the scale, becoming a shriek, and filled though I am with terror of the Sreen, I am also caught up in fierce admiration for my superior officer. He may be a suicidal fool to refuse to accept the situation, but there is passion in his foolishness, and it is
