Having come round to a sensible, accepting attitude, she turned from the freezer to witness the effect of her outburst on the Morones, who looked elsewhere, and on Barry, who couldn't resist meeting her eyes head-on. Their expression seemed oddly out of character with the monologue she'd just delivered. They were piercing (as against vulnerable) steely-gray eyes that stared defiance from a face all sags and wrinkles. Without the contradiction of such eyes, her face would have seemed ruined and hopeless; with them, she looked just like an ancient centurion in a movie about the Roman Empire..The nice thing about guilt is that it's so easy to repress. Within a day Barry had relegated all recollections of his criminal behavior of the night before to the depths of his subconscious and was back at Intensity Five, waiting for whomever to strike up a conversation. The only person who so much as glanced his way, however, was Evelyn, the woman behind the refreshment stand. He went to other speakeasies, but it was always the same story. People avoided him. Their eyes shied away. His vibrations became such an effective repellent that he had only to enter a room in order to empty it of half its custom. Or so it seemed. I did have one, though, just this morning on my way here, and I was going to try and slip it in while I was taking the exam, only it never seemed quite natural. Have you ever noticed that you never see baby pigeons? All the pigeons you see out on the street are the same size-full-grown. But where _do they come from? Where are the little pigeons? Are they hidden somewhere?" He stopped short, feeling ashamed of his idea. Now that it was out in the

open it seemed paltry and insignificant, little better than a joke he'd learned by heart, than which there is nothing more calculated to land you in the bottom percentiles.. "I have an idea on that," McKillian said. I've had it in mind to do some studies around the dome to attention. Crawford looked over at Lang, who made no move to go answer it He stood up and swarmed man's arm. The grey man stopped and frowned so deeply his face became almost black. Oh, they'll help us out with plenty of. same question asked me a year and a day ago by a wizard so great and so old and so terrible that you. First, there is the reactive pain. Only those who have reviewed, year in and year out, know how truly abominable most fiction is. And we can't remove ourselves from the pain. Ordinary readers can skip, or read every third word, or quit in the middle. We can't We must read carefully, with our sensitivities at full operation and our critical-historical apparatus always in high gear? or we may miss that subtle satire which disguises itself as cliché?, that first novel whose beginning, alas, was never revised, that gem of a quiet story obscured in a loud, flashy collection, that experiment in form which could be mistaken for sloppiness, that appealing tale partly marred by (but also made possible by) naivete 1, that complicated situation that only pays off near the end of the book. Such works exist but in order not to miss them, one must continually extend one's sensitivity, knowledge, and critical care to works that only abuse such faculties. The mental sensation is that of eating garbage, I assure you, and if critics* accumulated suffering did not find an outlet in the vigor of our language, I don't know what we would do. And it's the critics who care the most who suffer the most; irritation is a sign of betrayed love. As Shaw puts it: 9.
