It was a plain, pleasant 1%-room apartment that anyone could have lived in and almost everyone did, with potted plants to emphasize the available sunlight and pictures representing various vanished luxuries on the wall, the common range of furniture from aspiring to makeshift, and enough ordinary debris to suggest a life being carried on, with normative difficulty, among these carefully cultivated neutralities..to bed. But you may, by now, be asking yourself, "What's a clone?" It's been in the news a great deal lately, but recognizing a word and knowing what it represents can be two different things. So let's go into the matter-The word "clone" is Greek, exactly as it stands, provided you spell it in Greek letters, and it means
